the Big Three Mile Race in New York by Refusing to

NEW YORK, March 12.—The Tribune this morning says:—In the annual winter games in Madison Square Garden tonight, the New York Amateur Athletic Club has been dealt a victous blow, as it were, by the Canadian Amateur Athletic Union. This body has notified the Mercury foot club at the eleventh hour that the Indian, Longboat, who has been advertised to run a match race at three miles against Frank Nebrich, the American cross-

league, the past season was the most successful, financially, in the club's history.

The financial statement shows the total revenue to be \$29,122.80 and the surplus 5,644.56. The gate receipts at the Montreal-Shamrock game, played on the latter's ground, amounted to \$3,000. The suggestion was put forward that should the team win the 1907 championship they be given a trip to the Dublin exhibition, playing exhibition games in England and Irelated discharged discharged with that date.

It will be remembered that three years ago Richard Dooley was killed in a cave-in which occurred where a new sewer was being the variety of the employ of the city and was working at the sewer at the time of the accident.

Mr. Dooley's widow, as administrative of her husband's estate, is suing for \$5,000 for the death of her husband, on behalf of herself and her little children.

Detective Agency Receives a Second Letter From Parties Who Kidnapped Young Marvin.

NEW YORK, March 12.—The receipt by a New York detective agency of a second letter purporting to come from the supposed kidnapper of Horace N. Marvin, Jr., the four year old of Kitts Hammock, Del., was announced today by a private detective agency. In this second letter the alleged kidnappers are reported to have declared that unless a ransom was offered they would kill the boy. The first letter was reported to have been received by the agency yesterday and to have been communicated to the Delaware authorities. In it a demand was made that \$1,000 in gold be delivered to the supposed kidnappers somewhere in Canada, and the detectives were instructed to announce their readiness to pay it by the insertion of an advertisement in a New York newspaper.

REDDING, Cal., March 12.—Fifteen men lost their lives in Pitt River yesterday. The men were all Greeks employed in the construction crews of the Sacramento Valley and Eastern railroad. The Greeks started to cross the river in a ferry boat. When the boat had reached the middle of the stream, the Greeks collected at one end of the thirty-four foot boat, which lost its balance, whereupon the Greeks rushed to the other end. One man was washed overboard and the others became panic-stricken. They ran to the side of the boat, some of them jumping on the railing. The

PARIS, March 12.--M. Casimir Perier, ex-president of France, died to-

Casimir Perrier was the son and grandson of statesmen. The father was at one time minister of the interior and his grandfather was leader of the opposition when Louis-Phillipe ascended the throne, and afterwards was

lished libels on the president, and he was sentenced to six months imprisonment. This aroused a storm of popular resentment; serious differences arose between the president and his supporters, and eventually Jan. 15, 1895. Casimir-Perrier resigned, having held the office about six months and a half. During the Zola trial it developed that the real reason for Casimir-Perrier's resignation was the fact that his cabinet concealed material facts of policy from him, so that he nearly got himself into a serious quarrel with Germany owing to his ignorance of the Dreyfus scandal. It was even said that private documents on the Dreyfus affair from the German embassy in Paris to his emperor had been abstracted and photographed while on their way to Berlin, and it was added that in order to disassociate himself, from such a case and to prevent the possibility, Casimir-Perrier retired from the presidency and from political life.

THE STREETS ARE IN

A DISGRACEFUL STATE

The weather prophets say that showers are coming and if they do come the citizens may get ready for a flood. The last few hours has put the sidewalks in an unfit condition for pedestrians. In some places the ice has been cleared from the asphalt, while every few yards there are sections of ice about a foot high, slippery and dangerous, which have recently resulted in broken limbs.

The streets are about a couple of feet deep with ice and few gutters have been dug out to allow the melted snow to find a run to the catch basins. The result is that the principal streets, which include King, Prince William, Charlotte and Union, are disgraceful and the best walking is on the streets, as the sidewalks in places are flood ed.
