

WHERE ALLIES' CANNON MAY SOON BRING DEATH AND DESTRUCTION

PANORAMIC VIEW OF CONSTANTINOPLE, THE TURKISH CAPITAL, SHOWING SUBLIME PORTE, ST. SOPHIA MOSQUE AND OTHER POINTS OF INTEREST—NOTE THE SPLENDID HARBOR.

London, Feb. 4.—A terrible bombardment of the forts surrounding the Turkish stronghold of Adrianople was begun last evening by the Bulgarians and the Serbians surrounding the city to the number of over 100,000. Almost at the moment of the conclusion of the armistice, at seven o'clock, siege guns and field guns from various points commanding the forts opened fire, and it is believed that not even

the residential portion of the city was spared. The vigorous attack by the besiegers was made with the hope of bringing about the early fall of the fortress, which the allies consider will mean the end of the war.

THIEVES HAD THEIR HEARING IN POLICE COURT YESTERDAY

Four Prisoners Before Magistrate Charged with Theft—Strong Evidence Against Howard Dort—Stewart Bigamy Case up Again—Disreputable Woman Gets Nine Months.

With the handling of thieves, drinks and disreputable characters, Magistrate Ritchie had a busy session yesterday. Robert Tucker, for keeping a bawdy house on Sheffield street, and four women for being inmates were before the court and all were remanded to jail with the exception of Agnes Cunningham, who requested that she be sent to the Home of the Good Shepherd. Agnes had put in eleven months in the house and had not been out very long when she strayed to Sheffield street, her old haunts, and there she had been drinking liquor heavily. The magistrate granted her request and sentenced her to a term of nine months in the home. She was conveyed there by Policeman Gibbs.

The Bigamy Case. Joseph Stewart, who is charged by Miss Margaret Bridges with bigamy, was brought into court from jail and represented by G. Earle Logan. Edmund S. Ritchie for the prosecution, informed the court that he had endeavored to get the defendant's first wife to give evidence but she was in

reported that the heavy cannonading continued throughout the night, concluded with the prophecy made by the Bulgarian staff that two weeks would suffice for the besiegers to force the Turks to capitulate.

The Bulgarians are said to have no fewer than 550,000 men in the province of Thrace, with 475,000 Serbian soldiers and perhaps a few divisions of Greeks assisting them. The great

hand in his right hand trousers pocket. When they arrived at the station he pulled out the roll of money. Witness took charge of the money and there was in the roll five \$5 bills, three Canadian \$2 bills, and the remainder of the \$54 was in one dollar bills.

Where the Ten Came From. John O'Brien, a prisoner, who was in jail on the charge of being the proprietor of a bawdy house was brought in from jail and gave evidence that he was in jail Saturday morning when the defendant was brought in from court. Seeing him with a roll of money witness asked him if he could change ten dollars. He gave the defendant a ten dollar bill and in return received a five and five ones.

This finished the evidence in this case for the day, and the prisoner was remanded to jail.

Charged With Stealing Watch. Walter Hodd, a young man who is held on suspicion of having stolen a watch from John Raynes, was brought before the court and was represented by E. S. Ritchie. Detective Killen gave evidence that Raynes had complained to the central police station that his watch had been stolen. The detective found the stolen watch in Isaac Williams' second hand store, and a clerk in the store informed him that a young man who gave his name as H. Stevens and his residence as Adelaide street, sold him the watch. The clerk was then taken to the county jail and identified Hodd as the man who sold the watch in the second hand store.

Theft From the C. P. R. Robert Wilson, a longshoreman, who was arrested yesterday by Sergeants Finley and Kilpatrick on the charge of stealing a quantity of silver spoons and a lady's gold stick pin from the C. P. R. at Sand Point, was remanded to jail and his case will be taken up this morning at 10.30 o'clock.

Satchel Snatcher Remanded. Harry McNally, a youth who is charged with having stolen a hand satchel from a woman on the Rockland road, a short time ago was before the court and was further remanded to jail.

IN THE COURTS
Circuit Court.

The case of Oscar D. Hanson vs. Joseph Noel, came up on a certiorari before Mr. Justice McKeown yesterday morning. This was a review from Magistrate Allingham's court in Fairville. He had given judgment for the plaintiff for an installment on a promissory note, and when the matter was reviewed before Judge Forbes, a nonsuit was entered. A writ of certiorari was made returnable yesterday morning.

The affidavit upon which the writ was issued set out that the whole proceedings on review were in the nature of a personal attack on Mr. Hanson and certain alleged comments made by Judge Forbes were also contained in the affidavit.

Dr. W. B. Wallace, K.C., who appeared for Judge Forbes, took objection to the matter being heard, on the ground that the original writ of certiorari had not been served on Judge Forbes. Judge McKeown said that he might enlarge the time that service of the writ might be made, and will be heard on Thursday morning. H. J. Smith appeared for Mr. Hanson, J. A. Barry for Mr. Noel and Dr. Wallace for Judge Forbes.

Review Case. The case of Hanson vs. Burns was taken up yesterday morning on review from Magistrate Allingham's court. A question involving the statute of limitations came up in this hearing. Judgment was reserved. G. Earle Logan appeared for the appellant and H. J. Smith for the respondent.

which would then be able to render some assistance to the allied army before Tchalja, where the Turks are gathered in the defence of Constantinople.

On the other side of the Balkan peninsula, Scutari, where the Montenegrins besieging the fortress have the assistance of Serbian artillery, is said through the correspondent of a Dutch newspaper to have been occupied by

the Montenegrin troops, but there is no confirmation of this report from any other source. Shukri Pasha, the Turkish commander who is defending Adrianople, is one of the most determined officers of the Ottoman army. He has declared that he will not surrender the fortress until the last of his soldiers have been killed, and his record thus far proves him to be a man of his word.

ST. JOHN MEN IN LUMBER LAND SUIT

Alfred L. Sweeney, of Boston, Sues for \$200,000—N. M. Jones and H. W. Schofield Among Defendants.

Boston, Feb. 4.—An injunction was issued by Judge Crosby yesterday in the equity session of the superior court restraining Rene Paine of Brookline and Clarence Hale of Portland, trustees, from conveying a large tract of timber land to Nathaniel M. Jones and Harry W. Schofield, of St. John, N. B., and Edward Partington of Gloucester, Eng., et al, pending the determination of a suit brought against these men by Alfred L. Sweeney for \$200,000 damages for alleged failure of the defendants to carry out a contract to purchase the Alexander Gibson Railway and Manufacturing Company.

Referring to the above the St. John Globe says: "So far as can be learned, the land covered by the injunction is in Maine and has no connection direct with the Gibson interests in this province, although Mr. Sweeney appears to be taking the action because of the failure of some negotiations he had in connection with the Gibson purchase. The story is a long one, going back before the foreclosure and sale of the Gibson property. Mr. Sweeney, it seems, had some negotiations both with the Gibson and Jardine interests, but these never were carried to a completion, and now it appears he is taking this legal action. The St. John interests say they do not fear any proceedings Mr. Sweeney can take."

Recipes for Wrinkles and Bad Complexions (From Art and Nature.) Of all the beauty recipes in my scrap book, here are two that have always given complete satisfaction: Wrinkle Remover—One ounce powdered sassafras, dissolved in 1-2 pint witch hazel. Use as a wash lotion. It brings instantaneous results. Face Peeler—Pure mercurized wax, applied at night like cold cream, only not rubbed in; wash off in the morning. It causes the worn-out scarf to come off in tiny, almost invisible flakes, a little each day, until the fresh young under-skin is wholly in evidence. The beautiful rose-tinted complexion thus obtained is not to be compared with one made over with cosmetics. An ounce of the wax is sufficient. The ingredients named are inexpensive and can be found in any drug store.—Louise LeBlanc.

While there have been some desertions from the ranks of the garrison, these have been chiefly confined to the Christian soldiers serving with the Turkish regiments. Shukri Pasha still has, according to estimates made by competent authorities, some 40,000 men, a number which is considered quite sufficient to man the forts and hold at bay the much greater besieging force.
