

RAISED MONEY ON BOGUS BILL; NOW ARRESTED

Cecil Irwin Charged with De-frauding Toronto Trust and Guarantee Co. Out of Almost \$5,000.

Toronto, Nov. 9.—When Cecil Irwin was placed under arrest in the offices of the Trust and Guarantee Company Saturday afternoon, what is believed to be one of the cleverest swindles which has ever been perpetrated in Toronto was brought to light. By the work of Irwin, the Trust and Guarantee Company, within the last few weeks has lost nearly \$5,000. Recently Irwin's money died and left him a small legacy which he quickly spent. Shortly after her death he started a small business in the Dineen building selling stationery supplies to downtown offices. It is alleged that recently he drew up a bogus will in which he and his father were named as executors. Under the terms of this will he was a beneficiary to the extent of \$15,000 in the shape of real estate throughout the city. Irwin then drew up an affidavit, it is claimed, by which his father withdrew his powers as executor, leaving Irwin with the power to administer the estate.

With these documents he went to the Trust Company and explained to them that owing to the fact that he was not conversant with business methods he would like them to handle the estate for him. After viewing the documents that Irwin presented to them they accepted the administration of the estate. Shortly after they had done so Irwin asked if he could obtain \$3,000 as he was badly in need of funds. The trust company acceded to his request. A few days afterwards he again asked for money, obtaining \$525. When this had been spent he returned to the office of the company and the documents that Irwin presented to them they accepted the administration of the estate. Shortly after they had done so Irwin asked if he could obtain \$1,000. Irwin's requests for money had been too frequent, and the company became suspicious. They had been told that he was asked for Irwin's arrest. He was released on bail of \$5,000, furnished by his father. It is said he admitted to the police when placed under arrest that both will and affidavit had been forged.

PRESENTATION TO A POPULAR ACTOR

Opera House Stage Staff Present Pipe to Frank H. Fey, of Thompson-Woods Stock Co.

There was a pleasing function on stage of the Opera House on Saturday evening after the curtain dropped on the last act of "Forty-five Minutes from Broadway." Frank H. Fey, who has been stage director of the Thompson-Woods Stock Company during their five weeks stay here and who, also, is an old St. John favorite, having visited this city for several seasons with the Kirk Brown Company, presented the centre of the stage and all the limelight.

Mr. Fey is severing his connection with the company to join a larger attraction in Boston, and on Saturday night the Opera House stage staff took official cognizance of the fact by making him the recipient of a handsome and valuable pipe. Arthur McCluskey made the presentation in the presence of the entire company and staff. Mr. Fey replied briefly, expressing his pleasure at the treatment he had always received from the stage staff of the Opera House, and assuring them that wherever his profession should take him he would always harbor a very warm feeling for St. John. Three cheers and a tiger and the telling of the guest of the occasion just what sort of a white man he was, brought the little event to a close.

Mr. Fey has many friends in St. John who are not of "the profession." He is one of the most popular actors coming to the city and will take away with him the best wishes of all for a successful career in his new position.

JEWELER UNDER ARREST FOR SMUGGLING DEAL

Cleveland, Ohio, Nov. 8.—David Ferte, a jeweler, was arrested here this afternoon on a charge of smuggling watches and jewelry into Cleveland from Canada. The arrest was made by Captain Washer, of the United States Secret Service. It is charged that Ferte belonged to an organization which in the last year has illicitly brought \$50,000 worth of jewelry into this country. Federal officers arrested his brother-in-law, William Levy, on a similar charge two weeks ago. Ferte's bond was fixed at \$5,000.

SEARCHING FOR MISSING SHIP

Steamer Louisburg Sent Out With Instructions to Find S. S. Bridgeport—Believe, She is Broken Down.

Sydney, N. S., Nov. 9.—No word of the missing steamer Bridgeport was forthcoming up to the time of going to press this morning. The Post learned on Saturday night that the steamer Louisburg had that day been sent out specially for the purpose of making a thorough search for the collier.

The weather during the past week has been reported as being foggy out at sea and it is quite possible that the steamers which have been on the look-out while making their regular passage would miss the Bridgeport if she had drifted out of the usual courses.

The Louisburg has instructions to make a perfect search in all possible areas to which the steamer could be thought to have been carried by wind or tide.

It is earnestly hoped that this latest endeavor will meet with the success in its quest that is now so anxiously yearned for.

Quebec, Nov. 9.—Up to midnight nothing has been received here regarding the missing steamer Bridgeport. Roucou Langlais sent a telegram to the Marine Department at Ottawa, requesting that a steamer be sent to the north side of the Island of Anticosti to search for the missing vessel. Today, Mr. Beland, agent of the department here, received orders from Ottawa to send a message to the C. G. S. Montcalm, which is now at Cape Rosier, to leave at once to search for the Bridgeport.

Montreal, Nov. 9.—News of the missing Dominion Coal Hiner Bridgeport, though anxiously awaited throughout the week-end, was still not forthcoming up to a late hour tonight, and even the most optimistic are beginning to fear that her fate will be reported by some steamer passing wreckage bearing her name.

Nine days have passed since the Bridgeport sailed from Sydney. She should have been sighted thirty hours later from Fame Point, and was due to arrive at Montreal last Tuesday. It is now quite evident that the collier never entered the River St. Lawrence, after sailing from Sydney. Until Saturday morning it was hoped that a two-masted steamer, inward-bound, reported from Cape Rosier might be the Bridgeport, but this hope was dispelled when the signal-service identified that steamer as the Kamouraska.

The officers and crew of the Bridgeport numbered, as far as known, 42. The officers were, for the most part, Norwegians, and the crew, Chinese. She was commanded by Captain Olson, formerly in command of the Wacoan.

POPE'S GARDENER AN ATTEMPTED SUICIDE

Rome, Nov. 8.—The Pope was greatly distressed today when he was informed that the aged gardener at the Vatican, Antolini, had attempted to commit suicide. Antolini threw himself from a wall thirty feet high. He was taken to a hospital in a deplorable condition. It was learned that the man was in financial difficulties, as his wages as gardener were small.

NEWFOUNDLAND ELECTIONS.

St. John's, Nfld., Nov. 8.—With only one election district reported, the "conservative" or "People's party" government, under the premiership of Sir Edward Morris, has obtained 21 of the 36 seats in the Colonial House of Assembly and 14 have been won by the supporters of Sir Edward Bond, opposition leader and former premier. Returns from the Fortune Bay district, received today, show that Mr. Emerson, a Morrisite, has been elected by a majority of 135.

COMPANIES ANALGAMATE

St. Croix Soap Co. and a Big Toronto Concern Join to Assist the Business — A New Process.

Special to The Standard.

St. Stephen, N. B., Nov. 9.—An important transaction affecting one of the local enterprises has been announced during the week. About a year ago the St. Croix Soap Mfg. Co. amalgamated with the Taylor Soap Industry of Toronto, and the whole became known as "Canadian Soaps Limited." For several years the cost of many of the raw materials used in the manufacture of soaps has been steadily advancing so that at the present time they are costing 100 per cent. more than they did five years ago. The difficulty was not local but was experienced by the soap makers all over the world and a remedy was urgently sought.

The English soap makers were the first to find the remedy, which consists of a process by which cheaper raw materials are made available for the manufacture of soap. The process was, of course, promptly patented and became the property of a concern known as "The Associated Enterprises of Canada." The patented process that they controlled gave them a commanding advantage in the soap business and when "Canadian Soaps Ltd." offered a chance to get in with them, the opportunity was accepted, and in this way the local factory becomes associated with the big soap manufacturing concern of England. The St. Croix soap plant will be run just as it has been and J. Edwin Gannon, its enterprising proprietor, remains president of Canadian Soaps Ltd., and it is just possible that the change may mean an enlargement of the local plant in the course of a year or so.

DUKE KAHANAMOKU OF HAWAII

Advices from Honolulu leave no doubt that Duke Kahanamoku, the fastest swimming sprinter in the world, has made up his mind to give up his amateur standing and put his wonderful speed on the market. Tempting offers have been made to him by Australian promoters who want him to turn professional and tour their country, meeting all comers, and the dusky paddler has signified his willingness to sign a contract.

GENERAL FELIX DIAZ IS RELEASED ON BAIL.

Havana, Nov. 8.—General Felix Diaz was liberated today on \$500 bail and proceeded to his hotel. He will later be tried on a charge of shooting Federico Guerrero on Thursday night in an altercation between Diaz and his friends and a party of Mexicans. Cecilio Ocon, one of the Diaz party, is held charged with concealing the revolver alleged to have been used by Diaz. Luis Malda has been released.

HAD ROUGH PASSAGE

Boston, Nov. 8.—Showing the effects of continuous bad weather, the steamer Michigan arrived from Liverpool, four days behind her scheduled time. On October 31 she lost most of her portable deck fittings, some of her lifeboats were smashed, and the bridge was damaged, when the vessel was swept by a huge wave. The Michigan left Liverpool October 25, and met only forty-eight hours of fair weather on her passage.

GREAT LAKES SLEPT BY A FIERCE GALE

Severe Snow and Wind Storm Causes Vessels to Race for Shelter — Two Are in Trouble.

Detroit, Mich., Nov. 9.—The most severe snow and wind storm of the present season prevailed over this section of the Great Lakes today and shipping of all descriptions was forced to seek shelter at the nearest ports. Ample warning of a stiff gale had been given, however, and tonight the only vessel reported in trouble in this district was the W. G. Pollock of Cleveland. She had been forced on the bank of the St. Clair falls canal. Her condition was not regarded as dangerous, and it was expected that a tug could pull her off as soon as the wind abated. The steamer Mary Elpidio, of the C. W. Elpidio Co., of Chicago, which went ashore yesterday off Bar Point in Lake Erie, has been released and she is now in shelter. The reports last night of an unidentified vessel on the rocks off Point Pelee in Lake Erie were not confirmed today.

The tug sent to her rescue turned back when passing steamers notified them that they saw no vessel in distress in the locality where the accident was said to have happened.

The wind today attained a velocity of 46 miles an hour on shore. It was said that the velocity was greater on Lake Erie and that the blinding snow storm made navigation practically impossible. Weather bureau officials announced tonight there were no indications the gale would subside before tomorrow at the earliest.

All local telegraph wires were affected tonight.

Sault Ste Marie, Mich., Nov. 9.—Lake Superior has been lashed by a fifty mile gale for the past thirty-six hours. Steamers arriving at the Soo today from Lake Superior ports are all heavily coated with ice. The Northern Navigation Company steamer Caronic was sheathed with ice as she steamed into the canal on the Canadian side.

"We never had a let-up from the time we left Duluth," said Captain Storrey, of the Maripa tonight. "The sale blew fifty miles an hour all the way down Superior. The ice gathered fast on our boat. It was necessary at times to thaw it away from the front of our wheelhouse in order to keep the tug from being frozen in. The freezing temperature made it one of the worst trips I have experienced for years."

WELCOME GENERAL BOOTH

Distinguished Gathering Greeted Salvation Army Leader at Winnipeg—Thousands of People attend Theatre.

Winnipeg, Man., Nov. 9.—Winnipeg on behalf of the sister provinces, today turned out en masse to a meeting to welcome General Bramwell Booth, commander-in-chief of the Salvation Army. The General was welcomed, not merely to Winnipeg, but to the Canadian prairie west, officers of the Army being in attendance from all the principal cities in the west. The Walker Theatre, where the gathering took place, was crowded to its limit, and a thousand were unable to gain admission. Tonight at a general meeting, a still greater crowd stormed the doors.

Sir William Whyte presided at the afternoon meeting, a vote of thanks being proposed by Sir Rodmond Robt. and seconded by T. C. Norris, leader of the opposition in the Manitoba legislature. On the stage surrounding the distinguished visitor was probably the most representative assembly of Winnipeg business and professional men the city has ever seen.

A Splendid Opportunity for Investment

THE GULF SHORE SILVER BLACK FOX & FUR CO., LTD.

having applied for incorporation with a capitalization of FORTY FIVE THOUSAND DOLLARS, have in breeding 2 pair genuine silver black, 2 pair silver grey, 2 pair patch crosses, and nine pups.

It is proposed to issue 450 shares at par value (One Hundred Dollars each) and owing to the low cost of capitalization this should prove an attractive investment with good returns.

PROBABLE FINANCIAL RETURNS:

Figuring an average of 2 1-2 to a litter there should be	
5 Silver Black Pups at \$5,000 each	\$25,000
5 Silver Grey Pups at \$2,500 each	12,500
5 Crosses at \$500 each	2,500
	\$40,500

As all expenses for the first year are included with the original cost of the foxes, there is practically no expense to be deducted from the very low average of production, so that the probable returns should be in the vicinity of 100% for the first year.

October auction sales of fox furs (report of C. M. Lampson & Co.'s sale of furs in London.)

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

Made from fruit -- Can't harm tender stomach, liver and bowels.

If your little one's stomach is costed, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little child today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled!

HAD ROUGH VOYAGE

London, Nov. 8.—The C. P. R. liner Montcalm, on its arrival at Liverpool today, reports having encountered very severe weather in mid-Atlantic, as a result of which her deck was broken, and one of her lifeboats lost. In falling the deck came in contact with several boxes of phosphorous tented, and it was by the promptness of the crew, and throwing the burning matter overboard and jettisoning what boxes remained that the ship's cargo was saved. Some of the men sustained slight burns, but the ship herself was most undamaged.

PROVED A GOOD SAILER

The new three masted schooner J. L. Warren, which was launched at Meteghan last summer and to her first cargo (lumber) at Digby, completed her maiden voyage, proving a good sea going craft, a fast sailer. The Warren arrived at Louisburg a few days with hard pin from Florida and after discharging proceeded to St. John's Nfld. to fish for Brazil.

ARRIVED AT QUEBEC.

The C. P. R. steamer Empress of Ireland arrived at Quebec last night at Saturday morning from Liverpool.

FOREIGN STEAMER ARRIVES

Messrs. J. T. Knight & Company, agents for New Zealand and Elgin Dempster South African lines, have been notified of the following signals:

The first trip of the New Zealand Shipping Company's boat, the Jesen from St. John will be made about 15th of December. Regular monthly trips of other steamers will follow. These vessels go to Australian and New Zealand ports.

The first sailing in the Elgin Dempster South African service will be the Kwara, which is expected to leave St. John about December 20th.

WITH BROKEN MAINMAST.

The schooner Eastern Light, of 40 tons, for Grand Manan, in ballast, for Annapolis, put into Digby Friday with a broken mainmast, the mainmast being broken during a squall. The vessel was hauled into the wharf of the Nova Scotia Fish Company, where a spar will be placed in position.

LOADS FOR PORTLAND.

From Digby the Norwegian steamer Thelma goes in ballast to Bridgewater to load pulp for Portland. The Thelma arrived at Digby Friday night, and tied up at the steamboat pier, where

VESSEL PICKED UP

Schr. Henry P. Hickens, which was abandoned in the bay while on a passage from New York to Bangor, was picked up and towed into port. The 500 ton vessel was moved from Union Wharf to Stewart's Wharf, Charlestown, yesterday, where a cargo of 400 tons of coal will be discharged before proceedings are begun against her for salvage. The underwriters' representative agreed to pay the freight to the Metropolitan Steamship Co., and after the vessel is empty he will probably be given authority to make a settlement between the steamship company and the owners of the vessel. The cargo and freight were insured, but there is no insurance on the schooner.
