

These White Enamel Suites make very dainty sleeping-room outfits, and are not at all expensive. We invite inspection.

A. Ernest Everett
THE HOUSE FURNISHER

PRIVATE LIGHTING SYSTEMS

The first cost is not the only expense to consider when selecting a modern lighting system for any building. Our "Scientific" Acetylene Systems produce the most beautiful of artificial lights, as convenient as electricity—lighting by push button or pull.

We guarantee every machine for Ten Years, replacing free of cost any part that becomes defective in that time. Can you get such guarantee with any other system? A heavy expense worth considering when purchasing.

We have hundreds of Generators in use fifteen years that have not cost the owners one dollar for repairs. Send for circular.

FUNERALS.

The funeral of Miss Fannie Connell took place yesterday morning from St. Peter's church, where high mass of requiem was celebrated by Rev. Fred Coghlan, C. S. R. Interment was made in the new Catholic cemetery.

The funeral of Mrs. Charlotte Williams took place yesterday afternoon from St. John Baptist Mission church, Paradise Row. Services were conducted by Rev. J. V. Young. Interment was made in Cedar Hill.

The funeral of Mrs. Eliza Butt, who died in Duxbury, Mass., took place yesterday afternoon on the arrival of the Boston train. Services were conducted by Rev. G. A. Kuhring. Interment was made in Fernhill.

BLACKBOARD SHOWS SUBSCRIPTIONS FOR NEARLY \$10,000

King's College Advance Movement on the Home Stretch—The Law School Maintains the Lead—Addresses at the Luncheon Yesterday.

With the blackboard showing subscriptions to date to be on the home stretch for \$10,000, the local campaign workers for the King's College advance movement feel confident that with a little more work a really excellent showing can be made for the Loyalist city of St. John in its efforts for that Loyalist-founded institution, King's College. Yesterday's reports showed that the King's College Law School team had more than maintained its lead over its nearest rival, the Trinity church team, that St. Jude's had maintained its excellent showing, that St. Luke's had forged ahead and was well to the fore, and best of all, that not one Anglican church in the city was unrepresented in the list of contributors to the Church of England University of the Maritime Provinces. After lunch the canvassers went to work again with a will, and it is confidently expected that the next few days will see a still further gratifying advance in the subscriptions received. Those who have not yet been privileged to give are asked to hand their subscriptions to one of the workers or to send them to the local treasurer of the fund, J. M. Robinson, Market Square.

Yesterday's results were as follows:

Law School	810
St. Luke's	225
St. Jude's	151
Trinity	100
Fairville	100
St. George's	85
St. James	65
The Mission Church	40
St. Paul's	37
Stone Church	30
St. Mary's	11
Total to date	\$1,944

The totals to date stand as follows:

King's College Law School	\$3,832
Trinity	2,330
St. Jude's	1,234
Stone Church	560
St. Paul's	456
St. George's	451
St. James	190
Mission Church	130
Fairville	100
St. Mary's	11
Total to date	\$9,428

Hon. J. B. M. Baxter, chairman of the local committee presided at yesterday's luncheon and grace was said by that veteran King's man, Rev. W. B. Armstrong.

Before calling upon the capable local secretary, J. Allan LeBlanc, to officiate at the blackboard, Mr. Baxter urged that the remembrance of the campaign should not be allowed to fade away too soon, but that the workers should keep up the habit of separating people from their money in the interest of King's College for some time to come.

Continuing his remarks, Mr. Baxter expressed his pleasure at the way in which the King's College Law School at St. John had felt its sense of duty with King's College, that university spirit that is so valuable a thing, and that in spite of the fact that the Law School was detached by distance from the seat of the university, and that, except at the annual encanenia few of the Law School graduates or students were able to visit the seat of the university, the fact that the Law School did not prevent graduates of King's College Law School from feeling that they had a right to participate in the troubles of the university as well as in its honors. He rejoiced even more that no differences in race or creed had prevented loyal co-operation towards the common good. Such a spirit of universal in that development may be accomplished in the greater world outside by the same sense of real unity in the brotherhood of mankind.

Rev. J. A. Cody, rector of St. James' church, and the well known author, whose books have brought him a more than Dominion-wide fame, and who, doubtless, varied his stimulus to literary effort under the inspiration of Charles G. D. Roberts, the well known Canadian man of letters, at that time Professor of English Literature at King's College, in a clever speech, congratulatory to the Law School and of St. Jude's church. He gave two very effective illustrations. When in the Yukon he had once stood on King Solomon's Dome and the various things he could see the spokes of a wheel. It was believed that the gold in every creek came in times past from the Dome. So there are rich bearing creeks for the university, science, literature, art, engineering, divinity, law. He spoke, then, of the sad spectacle of the Great White Channel, once a river, but now dried up and useless. He urged all loyal King's men and churchmen to take care that their old and honored university was not suffered, from lack of funds, to become like the Great White Channel of the Yukon.

Canon Vernon urged all the workers to keep energetically at it, and contended that canvassers really conferred a privilege, the great Christian privilege of giving, when they pointed out to a reluctant cause. He pointed out that as Canadians we have two great duties to perform today; the first is to aid in winning the war, the second, equally vital, is to so carry on, above all in the development of our colleges and schools, that when the war is won we shall find ourselves fully and adequately equipped to meet the many problems of the reconstruction trend. The maintenance of King's College, especially in view of the record it had established for loyal service to King and Country, at no time more than during the present war, was, he held, a patriotic duty of the highest order.

Reckoning on the results to date

FREDERICK F. AYER, ISAAC STEPHENSON, WEALTHY MEDICINE COMPOUNDER, DEAD

Was Brother of Dr. J. C. Ayer and One of Founders of American Woollen Company of Boston.

Thomasville, Ga., March 14.—Frederick F. Ayer, millionaire medicine manufacturer and financier, of Boston died here late today. He was ninety-six years old.

Mr. Ayer was a son of Dr. J. C. Ayer, founder of the Ayer Company of Lowell. Mr. Ayer was the father-in-law of William M. Wood, president of the American Woollen Co., and with him was the organizer of that corporation which now controls forty plants in New England and New York state. The Ayer mills of Lawrence, Mass., were named in his honor.

WOODSTOCK HAS A LIVE SCHOOL PAPER

Board of Directors Elected For The Justician and Both Sexes Represented.

The Justician, a breezy, newsworthy, entertaining school paper of Woodstock, a publication which finds its way to The Standard office, is not too diminutive to be overlooked by the exchange editor, and is deserving of success. The Justician has recently been supplied with a board of directors who will apparently do some directing instead of endeavoring to solve the intricate Carleton county problem of who didn't put the wood in Woodstock this Arctic winter now happily drawing to a close.

The directors are:—Muriel Merriman, Clarence Hayden, Beatrice Fields, Connelly Smith, Jean Sharp, Mrs. Jones, Alice Jones, Edward Clarke, Dorothy Loane, Harry Duffie, and Paul Bowlin.

The Justician is likewise well supplied with editors and managers. They are: Editor-in-chief, R. K. Jones; Associate editors, Glean Adney and Beale Jones; Business managers, Hildreth Whitehead and Geo. Jones.

More power to the Justician and Young Canada of the thriving town of Woodstock.

MANY THOUSANDS GET WAGE RAISE

Independent Mills in Southern New England Follow Action of American Woollen Co.

Boston, Mar. 15.—Most of the numerous independent woollen manufacturing concerns in the New England states have decided to follow the action of the American Woollen Co., which yesterday announced that wages would be advanced 10 per cent in its forty plants on Monday, March 18. Today many of the mills in Connecticut and other districts in southern New England posted similar notices.

The American Woollen Co. employs about 37,000 operatives and the independent mills of New England about 125,000.

Among the big independent companies which will join in the advance is the Arlington Corporation of Lawrence, Mass., employing 5,000 hands, and manufacturing both worsted and cotton goods. The head of the Arlington Corporation is William Whitman, a native of Nova Scotia.

of the St. John campaign, the subscriptions to the King's College advance movement stand at \$125,000, thus leaving \$72,000 of the \$125,000 needed still to be reached. It is obvious, therefore, that exceedingly generous subscriptions and much devoted work is still necessary to complete the effort. It is the intention of the central committee to hold local campaigns, as far as possible, in every part of the three provinces of New Brunswick, Nova Scotia and Prince Edward Island.

Canon Vernon left this morning for Chatham where he is to preach on Sunday and take part in King's College campaign in that town. He is to be in Chatham for Easter week for the campaign, at Fredericton in April 7th and following days, at Amherst on April 14th and at Moncton on April 21st.

PIMPLES AND RUNNING SORES

Would Hold Head Down Face Was Such a Sight.

Pimples are caused by the blood being out of order. Those festering and running sores appear on the forehead, on the nose, on the chin and other parts of the face, and although they are not a dangerous trouble they are very unsightly to both you and your friends.

There is only one way to get rid of this blemish, and that is by giving the blood a thorough cleansing by the use of Burdock Blood Bitters. This sterling remedy has been on the market for forty years, during which time we have received thousands of testimonials as to its curative powers over all skin diseases.

Mr. Victor G. Fry, North Battleford, Sask., writes: "I used Burdock Blood Bitters when I was about eight years old. I was so bad with pimples and running sores, that when I went down town I would hold my head down. My face was such a sight. I got two bottles, and my face began to clear, so I kept on until I had a beautiful complexion. I have recommended it to everyone who is in a run down condition, as it builds up the blood, and when the blood is A1 the face is clear."

Manufactured only by The T. M. L. Co., Limited, Toronto, Ont.

ISAAC STEPHENSON, FORMER SENATOR, PASSES AWAY

Was Millionaire Banker and Lumberman of Wisconsin Who Began Life as Poor Boy Near Fredericton.

Marquette, Wis., March 15.—Former United States Senator Isaac Stephenson died early today.

Senator Stephenson was born near Fredericton, N. B., on June 18, 1823. He spent his early youth on his father's farm and in working in the lumber woods. He had practically no schooling. At sixteen he left home and went to Milwaukee. He found employment with the Wells Lumber Company, and was associated with Daniel Wells, Jr., for many years.

In 1857 he became an operator of lumber camps in his own interest. Aside from the fact that during his service as United States senator he enjoyed the distinction of being the oldest as well as the wealthiest senator in the upper house of congress, he ranked as one of the greatest producing lumbermen in the nation. The principal scene of his operations in the lumber industry was in North Michigan.

Senator Stephenson always remained a plain, unassuming man. His greatest pleasure each year was to gather together some of his friends who enjoyed the outdoor life and "rough it" at old lumber camps on his property above Escanaba, Mich.

Senator Stephenson had been ill at his home here for a week, due to infirmities of age. His condition suddenly grew worse yesterday, and physicians expressed doubt for his recovery, but later in the day he rallied and last night was resting comfortably. He died at 1.30 this morning.

OBITUARY

Mrs. Louise Clark, wife of George Clark, of 31 Portland street, died yesterday morning at her residence. Besides her husband she leaves three daughters: Mary, Mrs. Gordon, of Halifax, and Miss Valma, at home; two brothers, James, of Fairville, and Richard, of Boston, and one sister, Miss Sarah, of Montreal. The funeral will take place tomorrow afternoon.

Frances A. Purdie. The death took place on Wednesday at the residence of Miss Coates, Lower Cove, Kings Cove, of Miss Frances A. Purdie, aged 23 years. She was the only daughter of the late Michael and Catherine Purdie.

David B. Donald. According to an article in the Herald on February 7, Private David B. Donald, a former resident of St. John, but recently residing at Heart Lake, is dead.

The late Private Donald was 39 years of age and the son of Mrs. C. R. Flanders, of Dowling Lake. Leaving St. John a few years ago he located in the far west and regained his health. In 1915 he was drafted and went overseas with the 175th Battalion. The damp climate of England proved too much for the soldier and he was invalided home, and was finally removed to the sanatorium for tubercular patients at Frank where he died.

While residing in St. John D. B. Donald was in the insurance business and was connected with baseball.

Mrs. William Mackenzie, lunger, rheumatism, debility and indigestion, neuralgia, sciatica and other nerve troubles. It is bad blood that causes disgusting skin diseases like eczema, and salt rheum, pimples and eruptions. The severity of the trouble indicates how impure the blood is, and it goes always from bad to worse unless steps are promptly taken to enrich and purify the blood. There is no use trying a different medicine for each disease, for they all come through the one trouble—bad blood. To cure any of these troubles you must get right down to the root of the trouble in the blood. That is just what Dr. Williams' Pink Pills do. They make new, rich, red blood. They simply purify and enrich the blood, and the disease disappears. That is why Dr. Williams' Pink Pills have cured thousands of cases after other medicines had failed. Here is proof of the power of Dr. Williams' Pink Pills to cure Mrs. M. Stilla, who resides near the town of Napawan, says: "I cannot praise Dr. Williams' Pink Pills too highly. I was very much run down in health, suffered from frequent spells of indigestion, biliousness, and sick headache. I had an almost constant headache in my head and my housework was a course of dread. In fact I felt so miserable that life held but little enjoyment. I was advised to try Dr. Williams' Pink Pills, which I did, and the result was simply marvellous, and can best be summed up by saying that they made me feel like a new woman, and fully restored my health. I would advise every woman and girl who has poor blood, or is run down in health to give these wonderful pills a trial. I am never without them in the house."

At the first sign that the blood is out of order take Dr. Williams' Pink Pills, and note the speedy improvement they make in the appetite, health and spirits. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

2,000 DESERTERS

Ottawa, Mar. 15.—According to a statement made today by Inspector J. J. Graham of the M.S.B., Dominion police, there are about 2,000 deserters under the M.S.A. in military districts No. 3 (Kingston and Ottawa).

About 200 deserters have been apprehended.

OATS DECLINE

Chicago, Mar. 15.—General commission house selling carried down values of oats. Reports indicating increased acreage being needed handicapped the bulls. After opening 5c to 5 1/2c per cent of the market underwent a moderate additional setback.

METHODISTS FAVOR DEATH FOR HUN PROPOGANDISTS

Same Penalty is Advocated for American Traitors at Philadelphia Conference Amid Cheering and Patriotic Enthusiasm.

Philadelphia, Pa., Mar. 15.—Death for German propagandists and American traitors was advocated today by the Philadelphia conference, Methodist-Episcopal church, in resolutions unanimously adopted at the 121st annual meeting being held here.

"We urge the speedy enactment of a law," the resolution stated, "which will mete out to German propagandists and traitorous Americans the full penalty of spies."

Amid cheering and patriotic enthusiasm, the 400 ministers attending the conference joined in approving the resolutions, which also affirmed loyalty to President Wilson and urged the immediate establishment of a prohibition, particularly the formation of a dry zone for the protection of soldiers and sailors.

COMMISSIONERS MET YESTERDAY

Commissioner McLellan Presented New Tolls Schedule for City Market—Other Matters Discussed.

At the committee meeting of the Common Council yesterday morning Commissioner McLellan presented a new schedule of tolls for the city market and gave notice that he would move a resolution calling on the provincial government to divide the fines received from violators of the prohibition act. It was decided to take up the matter of salaries some time next week and Commissioner Wigmore's report was received and ordered printed.

Commissioner McLellan in presenting the proposed amendments to the market by-laws gave a very full explanation of the changes to be made and the reasons for this action. The increase in tolls would not make any difference in the price of the goods to the consumer and would bring in a larger revenue to the city. The other changes would make it harder for fore-stallers to get in their work and should result in more goods being offered for sale at the market.

The new tolls which are from forty to one hundred per cent higher than the old are as follows:

All persons carrying articles for sale into the city market shall forthwith report themselves to the clerk of the market and shall declare the quantity of each article which they may bring in. It is to be the duty of the clerk of the market to assign and post out stands for the persons reporting.

Every person bringing articles into the market for sale will be called upon to pay to the collector the rates and sums following: Beef, per quarter, 10 cents; hogs of 200 pounds or under, 15c; and every additional 100 pounds, 15c.

DISEASE COMES THROUGH THE BLOOD

To Cure Common Ailments the Blood Must be Made Rich and Red.

Nearly all the common diseases that afflict mankind are caused by bad blood—weak, watery blood poisoned by impurities. Bad blood is the cause of rheumatism, lumbago, headache, and backache, indigestion, neuralgia, sciatica and other nerve troubles. It is bad blood that causes disgusting skin diseases like eczema, and salt rheum, pimples and eruptions. The severity of the trouble indicates how impure the blood is, and it goes always from bad to worse unless steps are promptly taken to enrich and purify the blood. There is no use trying a different medicine for each disease, for they all come through the one trouble—bad blood. To cure any of these troubles you must get right down to the root of the trouble in the blood. That is just what Dr. Williams' Pink Pills do. They make new, rich, red blood. They simply purify and enrich the blood, and the disease disappears. That is why Dr. Williams' Pink Pills have cured thousands of cases after other medicines had failed. Here is proof of the power of Dr. Williams' Pink Pills to cure Mrs. M. Stilla, who resides near the town of Napawan, says: "I cannot praise Dr. Williams' Pink Pills too highly. I was very much run down in health, suffered from frequent spells of indigestion, biliousness, and sick headache. I had an almost constant headache in my head and my housework was a course of dread. In fact I felt so miserable that life held but little enjoyment. I would advise every woman and girl who has poor blood, or is run down in health to give these wonderful pills a trial. I am never without them in the house."

At the first sign that the blood is out of order take Dr. Williams' Pink Pills, and note the speedy improvement they make in the appetite, health and spirits. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Glance Bay, C. B. March 15.—Sara Darlington was fined \$50 and costs by stipendiary McGillivray on a charge of keeping liquor for sale. Inspector Nicholson testified that he and police Serjt. Morrison went to Darlington's place and made a thorough search of the premises. Inspector Nicholson said that the first peculiar thing that strikes his attention was the thickness of one of the walls on each side of a doorway leading into a bedroom. He tried to break through the wall and found that he could remove one of the boards like a slide. Between the walls he found three cases and a bottle of rum. The "contraband" was a most ingenious one. The slide in the frame of the door and was kept closed by a spring on the inside and slammed shut as soon as the pressure was released. This is the first device of this kind to come within the notice of Inspector Nicholson.

The rum in the cans was the vilest of the vile, and as soon as they were opened let loose a most obnoxious odor.

Renew the Joy of Living

Don't let ill health any longer rob you of life's pleasures. Get back your appetite, strengthen your digestion, stimulate your liver, regulate your bowels and improve your blood by taking

BEEHIVE'S PILLS

Their action is prompt and thorough, and you soon feel their benefits. You will eat more, work better, sleep sounder, and feel new strength after a short course of these dependable pills. They restore healthy conditions, and

are worth a guinea a box

Dividing Special Value to Women who send for Beehive's Pills. 10 boxes, 25 cents.

50c; sheep, lamb, goat or veal, per carcass, each 10c; butter, 1c. per pound; lard, 1c. per pound; tallow, 1c. per pound; cheese, 1c. per pound; potatoes, per bushel, 5c; turnips, per bushel, 3c; turkeys, each 5c; geese, each 5c; pigeons, per pair, 1c; fowls or ducks, per pair, 5c; hams, shoulders, bacon per pound, 1c; eggs, per dozen 1c; beef, carrots, parsnips, per bushel 5c; apples, plums, per bushel, 10c; cherries per box, 3c; cucumbers per dozen, 2c; fish, smoked, per 100 pounds, 10c.

Fish, smoked, if stacked 3c. per dozen; socks and mittens per pair, 1c; yarn, woolen, per pound, 3c; corn, green, per dozen, 2c; peas and beans, green, per bushel 5c; onions per 100 pounds, 10c; cabbage, per dozen, 5c; berries, per box 1c; moose, caribou and bear, per quarter, 10c; deer, per quarter, 5c; hides or cow, each 10c; skins, antelope or antelope, each 10c; wool, per pound, 2c; celery, per dozen, 5c; feathers, per pound 2c; salmon, each, 10c.

On all other articles not mentioned above a toll of five cents on each dollar value will be charged. The toll on hides and tallow shall be paid by those persons occupying stalls in the butchers' market.

Another clause in the proposed by-law reads to the effect that no person shall occupy any stand or place in any part of the market for the purpose of exposing or offering for sale any article whatever or sell any article in the market without first having paid the fees as provided, under penalty of \$5 for each and every such act.

It was decided to recommend the by-law to the council.

Commissioner McLellan gave notice that he would move that a memorial be prepared for presentation to the provincial government asking for at least half of the fines from violations of the prohibition act.

It was decided to take up the matter of salaries just as soon as Commissioner Wigmore returns from Ottawa.

FIND BAD BOOZE HIDDEN IN WALL

Officers Discover Three Cases Ingeniously Secreted in a Dwelling at Glace Bay.

Glance Bay, C. B. March 15.—Sara Darlington was fined \$50 and costs by stipendiary McGillivray on a charge of keeping liquor for sale. Inspector Nicholson testified that he and police Serjt. Morrison went to Darlington's place and made a thorough search of the premises.
