ENEMY HOLDINGS IN C.P. RAILWAY VESTED IN FINANCE MINISTER

The Shares Thus Held Are
Valued at \$122,000,000—
Given Authority to Sue for
Interests Accrued, etc.

Special to The Standard.
Montreal, Que., April 23.—Canadian
Pacific Railway shares, totalling
143,676, valued at \$22,000,000, and
held by or on behalf of Germans and
Austrians, were today vested in the
Finance Minister of Canada and the
Receiver General, as custodian ap-
pointed by the consolidated orders of
1918, respecting trading with the
enemy. The petition of the Secretary
of State was granted today in the
superior court by Justice Dugas.

In addition to the order vesting the
shares in the above-mentioned cus-
todian, the court further ordered that
all interest accrued upon the shares
since August 4, 1914, and all interest
to accrue upon said shares be likewise
vested in the custodian, who was au-
thorized and empowered to sue to
recover, collect and receive all such
interest.

Further, the custodian was author-
ized to transfer the shares into his
own name, and vote upon and man-
age any or all of the securities in ques-
tion in regard to the C. P. R.'s coun-
ter claim against the accumulated
dividends to compensate the company
for certain indebtedness by enemy
holders of stock. Justice Dugas
held that it could not be urged upon
the application for a vesting order,
but the company, he said, could urge
it before the custodian. The shares,
by Judge Dugas' decision, are regis-
tered.

Sat Up in Bed To Get Her Breath.

Palpitation of the heart, shortness of
breath, inability to lie on the left side,
feelings as if smothering, oppressed
feeling in the chest, dizzy and faint
spells, tired, weak, worn out feeling, in-
voluntary twitching of the muscles,
sleeplessness, restlessness, etc., all point to
the fact that either the heart or nerves,
or both, are not what they should be.
Any of these conditions should be
remedied immediately so as to avoid
a complete breakdown of the who's
system.

Milburn's Heart and Nerve Pills will
bring energy to the weakened consti-
tution, strengthen and regulate the
heart, and tone up the tired, overstrain-
ed nerves.

Mrs. William Steeves, Chemical
Road, N. B., writes:—"I have been a
great sufferer from nerve troubles and
palpitation of the heart, which was so
bad I had to sit straight up in bed to
get my breath. I could not lie on my
left side at all. I tried doctor after
doctor, also several different remedies,
but got no help from them. My mod-
er insisted on me trying Milburn's
Heart and Nerve Pills. By the time I
had used one box, I was feeling very
much better. I took in all three boxes,
and now I am in perfect health and
can enjoy a good sound sleep, and can
lie on my left side without any trou-
ble."

Milburn's Heart and Nerve Pills are
50c. a box at all dealers, or mailed di-
rect on receipt of price by The T. Mil-
burn Co., Limited, Toronto, Ont.

state of siege has been proclaimed in
the important German port of Ham-
burg and the suburbs of Altona and
Wandsbeck, according to advices re-
ceived here from Hamburg. In con-
sequence of the disturbances in Ham-
burg, the police received orders to
immediately shoot persons carrying
arms, plundering or fighting against
the national police.

TUNNEL PROJECT UNDER ST. LAWRENCE NOW APPROVED

Montreal Chamber of Com-
merce Gives Its Unanimous
Assent — Central Railway
Station Needed to Handle
Congested Traffic.

Special to The Standard.
Montreal, April 23.—At a meeting
today, of the Chamber of Commerce,
unanimous approval was given to the
project to build a tunnel under the
St. Lawrence River, and to have a
central railway station in Montreal.
The report on the matter was brought
in by the transportation committee,
which had been asked to study a pro-
ject of the Montreal Central Terminal
Company, which proposes to con-
struct a tunnel under the river, lead-
ing to a central railway station in
the town section of the city.

The tunneling of the river would solve
the problem of congestion of traffic
between this city and what is known
as the South Shore, or opposite side
of the river, where several thriving
municipalities are to be found with
only one bridge.

At present the traffic requirements
cannot be adequately met, and there
has long been an agitation for another
bridge farther down the river, near
the south end of Montreal Island.
With the tunnel, however, the traffic
problem would, in a large measure,
be solved. The tunnel scheme has
long been mooted. The project
outlined, is that the tunnel would
touch on the Montreal side, at the
very heart of the business district,
and that it would permit of traffic
entering from the other side of the
river at a centrally located station,
accessible to nearly all parts of the
city. With the rapidly increasing de-
velopment of Montreal's business, the
problem of connecting the south shore
and the Island of Montreal by addi-
tional links of communication is pres-
sing, and either the building of the
tunnel, or construction of additional
bridges, is likely to be undertaken in
the very near future.

\$200,000 WORTH OF OAK PILING BURNS

Grand Trunk Railway Co.
Suffers Heavy Loss in Port-
land Back Bay.

Portland, Me., April 22.—A quan-
tity of oak piling which had been
assembled to be used in the recon-
struction of the bridge of the Grand
Trunk Railway Company over Port-
land Back Bay, was fully two-thirds
destroyed by fire this afternoon.
The burning pile was estimated at
talling a loss of over \$200,000. There
were 3,000 stiles in the pile and they
had been rendered the more inflam-
mable by having been freshly treated
for protection against the water. The
fire is believed to have been set by
three little boys who were seen run-
ning away from the timber just as
the fire broke out. The fire will de-
lay the construction of the bridge
indefinitely as the material is not
readily obtainable.

MAJ. CLOUTHIER STANDS TRIAL

Quebec, April 23.—Dr. J. L. Clouthier,
formerly army surgeon both over-
seas and at Quebec was today brought
before the police court on a charge
laid by the Federal authorities. The
technical charge is false pretence.
Dr. Clouthier is the surgeon who was
mentioned some time ago by two
young men as having paid him money
to be kept out of the draft. He plead-
ed not guilty and was bailed out.

BOLSHEVIK LEFT LARGE QUANTITIES OF WAR MATERIAL

Deserters from Enemy Forces
Are Daily Joining the Allied
Armies.

London, April 23.—Large quantities
of material were abandoned by the
Bolsheviks when they were driven out
of Boshie-Ozerki recently, according
to the report of Major General Iron-
side, British commander-in-chief on the
Archangel front, regarding the opera-
tions. His report continues:
"We captured field guns, one thou-
sand rounds of nine-inch ammunition
and some prisoners. The spirit of the
troops taking part was excellent
and they have done exceedingly well."
Regarding the general situation Gen-
eral Ironside says:
"Deserters from the Bolshevik forces
have joined our own and the Russian
troops. They openly show their
hatred of the Bolshevik and bear wit-
ness to the hard conditions of ser-
vice. This has done more than any-
thing else to consolidate the Russian
army."

General Ironside, in his report men-
tions especially a battalion of Royal
Scots with the North Russian forces
as having had the hardest time of any
troops in the Archangel sector, with
the heaviest casualties, but as de-
playing high morale throughout and
never showing a sign of being dis-
pirited.

CONFERENCE TO STAVE OFF TROUBLE

C. N. R. Employees Demand
Immediate Redress of Cer-
tain Grievances.

Ottawa, Ont., April 23.—In an effort
to stave off impending trouble be-
tween the Canadian National Railway
and its employees, who last week pre-
sented an ultimatum to the General
Executive Board of the road, demand-
ing immediate redress of certain
grievances, Mr. B. H. Hume, president
of the C. N. R., arrived in this
capital yesterday. Mr. Hume will
confer with Senator G. D. Robertson,
of the Labor Department this after-
noon, when a definite conclusion may
be reached.

The chief complaints of the men
are: The matter of overtime on Sun-
days, day overtime pay, seniority of
employees, an increased wage sched-
ule, and the recognition of the Broth-
erhood of Railway Employees by the
line.

BATTALION MASCOT SENT TO THE REAR

Nova Scotia Boys Have a
Grouch Over Action of Au-
thorities in Putting Ban on
Goats.

Toronto, April 23.—A special cable
from London today to the Toronto
Star says:
When the port authorities at South-
ampton, in the interest of public
health, seized the pet goat of the 25th
Battalion they provided the Nova Scot-
ians with a grouch which compels a
good deal of sympathy. Robert de
Bruce has had a distinguished career,
having marched through three years of
war from Ypres to Bonn Bridge,
although twice wounded during the
journey.

Now that the 25th went Robert to
march at their head through London,
during the official procession next
month, but the authorities refuse to
let him go. The war office is suspect-
ed of soullessness, and the following
communication has been received un-
officially to military headquarters:
"Is the war office or some other
government department at the bottom
of this? Do they want to take Rob-
ert and put him among the others of
His species down Whitehall way? If
so, they are on a false trail, for Rob-
ert is an intelligent goat."

ENEMY AMBUSHED 200 RUSSIANS

Fighting Proceeds Daily East
of Krasnoyarsk.

Krasnoyarsk, Sib., via Vladivostok,
April 22.—(By W. E. Playfair,
Canadian Press correspondent)—
Fighting proceeds daily east of here,
in the vicinity of Taishe and Yurd,
with a corps of Bolsheviks endeavor-
ing to cut the railway line. The
enemy ambushed a force of 200 Rus-
sians last Thursday, and but eighty
men returned to their base.

The trails leading to the Bolshevik
villages are commanded by machine
gun nests, and the Russians cannot
advance in the deep snow through
the woods. The railway line is strong-
ly held by Serbs and Czechs with
field guns.

Owing to the heavy weather and
deep snow the military situation may
not be cleared up until summer.
Colonel Brock, an adjutant general,
is proceeding to Vladivostok after ar-
ranging for a withdrawal of Canadian
details in the interior. Only handful
details are left at Omsk.

LIMERICK STRIKERS AND LABOR UNIONS FORM ALLIANCE

Statement Issued Fills Strikers
With Courage as Other
Centres of Ireland Are Giv-
ing Them Active Support.

Limerick, April 23.—An alliance be-
tween the Limerick strike committee
and the Irish Trade Union Congress
and Labor Party was arranged at a
conference this morning, and a state-
ment has been issued declaring the
strike now had become national.

In the statement by Tom Johnson,
treasurer of the Labor Congress, an-
nouncing that the strike had become
national, he added, that reports from
other centres proved that Ireland was
giving active support to Limerick.
"And," added Johnson, "it may de-
mand the same dogged resolution as
when Sarsfield had his fight. You
will show the world that the men and
women of 1919, are no less valiant
than those of 1690."

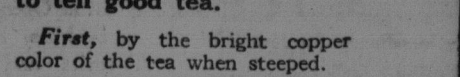

The alliance was announced by
large bills held to the pavement by
stones placed upon each corner.

Patrick Sarsfield, the Irish Jacobite
General, played a prominent part in
the fighting around Limerick in 1690,
after the battle of the Boyne, his feat
in capturing a convoy of military
stores between Limerick and Tipperary,
delaying the siege of Limerick
until the English were forced to re-
tire by the oncoming of the winter
 rains.

There are five simple ways to tell good tea.

First, by the bright copper
color of the tea when steeped.
Second, by the exquisite aroma.
Third, by the delightful, re-

Fourth, by the satisfying rich-

Fifth, by the economical
strength.
