

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., MARCH 30, 1901.

OVER THE PROVINCES.

A SUMMARY OF EVENTS AT HOME AND ABROAD.

What is going on Among Ourselves—The Daily Doings of Our Neighbors Talked About—People you know or of Whom have heard.

Chatham, March 28.—(Special)—Mr. Will Powers fell from a staging today in the Reformed church building, which is being converted into a laundry, and broke his cheek bone.

Fredericton, March 27.—Exclusive right of fishing with rod only in front of ungranted crown lands on South Oranoto Lake, was sold here to W. H. Baranby, of St. John, for \$200.

Toronto, March 27.—(Special)—A cablegram was received here today stating that the Royal Insurance Company has absorbed the Lancashire. It is not known what effect this will have on the Canadian business of the two companies.

Fredericton, March 27.—(Special)—The funeral of the late Alfred Conroy took place this morning under the direction of Frederick Division, A. O. H., of which the deceased was a member, and nearly all the members walked in the procession. Requiem mass was celebrated at St. Dunstan's church by Rev. Father Murphy.

Winnipeg, March 27.—(Special)—George Spalding, cashier of the Gladstone branch of the Mechanics' Bank, who absconded with a goodly sum of the bank's money, was captured at Regina while making for the boundary line. The bank authorities say Spalding's pecuniations do not exceed \$500.

Toronto, March 27.—(Special)—A memorial to the British government praying that a remount station be established in this province was passed by the legislature yesterday. Premier Ross said the establishment of a remount depot would afford a market and fix the standard toward which horse breeders and farmers would aim.

Winnipeg, March 27.—(Special)—Spalding, at one time clerk of the Merchants' Bank here, but recently in the branch office at Gladstone, has absconded with a goodly portion of the bank's money. Rumor places the amount at \$5,000, but the manager in Winnipeg understands it to be only about \$200.

Winnipeg, March 27.—A despatch from Yorkton, N. W. T., states that the Galicians in that district are on verge of starvation and have suffered extreme destitution during the severe winter. The Dominion government, through the immigration department, have been supplying these people with flour, but this has not been sufficient to relieve the misery prevailing for lack of absolute necessities of life.

Montreal, March 27.—(Special)—A number of grain shippers, who are prominent members of the corn exchange, express themselves opposed to the terms of the elevator contract proposed by the C. N. R. The shippers propose to make with Captain Wilton. So far, however, it has not been decided to take action in that direction as a body, as a number of them look upon the contract with favor.

Richibucto, March 26.—(Special)—Very little interest was taken in the election held today to decide on the incorporation of the town. The vote was 10 for incorporation and 10 against it. The Kent Northern Railway which has been blocked for the past month, was opened Monday and regular trains are now running.

Bellefleur, March 27.—(Special)—A heavy rush of ice down the Moira last night broke the water main in the river bed and cut off the water supply of the city, in which the principal business houses and chief residential streets are situated. It will take from 10 days to two weeks to repair the break. The upper bridge was damaged and some cellars on the front street were flooded. There is a big jam of heavy ice a mile up the stream and the situation is threatening.

Montreal, March 27.—(Special)—James Ross, at present in England, is understood to be making enquiries as to how much of the stock of the proposed Montreal Lighting and Power Company can be placed in that market. Out of a total issue of \$17,000,000 to be made in the near future, it is expected the present shareholders of the Royal Electric, Gas and Chamby Manufacturing Company will take a fair proportion of the issue which will be given them, it is stated, on the basis of 25 shares new stock for one of old.

Montreal, March 27.—(Special)—The steam schooner La Presse, which left Quebec March 7th to test the practicability of the winter navigation in the St. Lawrence, reported today near Anticosti and is expected to reach that island tonight. The vessel passed through hundreds of miles of broken ice, fields and flocks three to five feet thick, and is uninjured. La Presse delivered mail to Murray Bay, Seven Islands and a number of points en route where regular boats will never be seen before the end of April. This delayed her progress considerably. The experiment on the whole is considered a great success.

Sussex, March 28.—Another of our old citizens passed away early this morning when Mr. Shepherd Dryden died at his home in the Dominion Building after a long and most painful illness. The deceased, who is survived by his wife and eight children, was a man who was universally liked and respected by all who knew him, a constant member of the Church Avenue Baptist church and in every way a most worthy citizen. Mr. Dryden was 67 years of age. His remains will be interred in Kingston. His last resting place on Thursday afternoon. One of the deceased's sons is Mr. H. H. Dryden, the well-known hardware merchant of Sussex.

Kentville, N. S., March 28.—(Special)—The death occurred here today of Mrs. Ruby Roberts, wife of Rev. Canon Brock in his 84th year.

Halifax, March 28.—(Special)—The death occurred this evening of George Hattie, aged 70. He was the father of Dr. Hattie, superintendent of Mount Allison and of James Hattie, of the firm of Hattie & Mylius, druggists.

Moncton, March 28.—(Special)—A meeting of the Maritime Wholesale Hardware Association was held today and was attended by A. M. Bell, Edward Stairs, E. F. Stevens, H. E. Hill, of Halifax; S. Haywood, of St. John; and J. St. John, General Manager Pottinger left for Ottawa tonight.

Moncton, March 28.—(Special)—Word was received here today of the death of William Polley, who went to New York a few weeks ago to undergo an operation. Deceased was about 65 years of age. Mrs. Polley, two sons, Charles, of Elizabeth, N. J., and John, of Seattle, survive him. The remains will be buried at Elizabeth, N. J.

Quebec, March 28.—(Special)—Lieutenant Governor Jetté, accompanied by a brilliant military escort, presided over the legislature at 8.30 this evening. Over 100 bills passed by legislative assembly, the most important being the Montreal Light, Heat & Power Company's bill.

Peterboro, Ont., March 28.—Alex. Sharp, who shot and killed his neighbor, Wm. Hunt, in Belmont township last February, was convicted of manslaughter at the Peterboro assizes yesterday and sentenced to 15 years in Kingston penitentiary. Sharp found his wife at the scene of a neighbor where she had driven in company with Hunt and Sharp being extremely jealous of his nephew, shot and killed him.

Ottawa, March 28.—In the supreme court, judgments were rendered today in the following cases heard on the Quebec list: Barnard vs. Barnard, appeal allowed with costs and judgment of the court of review restored. Costs in the court of Queen's Bench against the respondent.

Chaffco, Vt., March 28.—Appeal dismissed with costs, Gwynne J. dissenting. Consumer vs. Consumer, appeal dismissed in part with costs. Judgment of the court of review restored. Costs in the court of Queen's Bench against the respondent.

Toronto, March 27.—(Special)—Col. G. Sterling Ryerson has been gazetted a knight of the order of St. John of Jerusalem. His promotion is in recognition of his work in organizing the Red Cross Society in Canada and of his services as general secretary of the St. John Ambulance Association.

Major Royal Magee, who went to South Africa with the Strathcona's Horse, and is at present in England, is said to be ill. The illness, however, has been ill, but his condition is now very satisfactory.

Montreal, March 27.—The differences between the Grand Trunk Railway and its engineers and firemen have been settled. Digby, March 27.—(Special)—A public meeting held at the court house last evening was largely attended. Its object was to consider the advisability of purchasing the Bear River and Digby electric light plants, and run an all-night service, lighted by Bear River.

Valley, Hill Grove and Digby, and to borrow \$37,000, with an annual sinking fund of \$1,850. The scheme was advocated by Mayor Lettice and opposed by Mr. Mayor Shreve. Other gentlemen also addressed the meeting, including H. B. Short, vice-president of the board of trade. The latter was much opposed to the plan, although he favored municipal lighting, if the town could purchase the local plant. The resolution to purchase the plants was moved by Councillor Spence and seconded by Councillor Buchanan.

The amendment, which gave the matter a six months' hold, was moved by T. C. Shreve, and seconded by H. B. Short. Many complaints are being made at the very poor attention which passengers receive in the dining room at McKays Junction. Last evening nearly all the passengers bound for St. John and Fredericton were not properly served. At one table, with passengers for both places, the first and only course which the diners had the pleasure of seeing. Naturally, many of the diners were annoyed and some of the management. This is not the first occasion when this has happened and its repetition must inevitably lead to the dining room getting a bad name and result in the travelling public giving it a wide berth.

Kingston, Kings county, March 25.—The funeral of the late Mrs. Thomas Nutter will take place at Trinity church this morning. This will make five burials at Trinity in the last few weeks. All are very old people. The first, Mr. Ezra Sheldrick, the oldest resident of Kingston, aged 93 years; then Mr. John McAlary, 78 years; next, Mr. George Hoyt, who was nearly 78 years, and on Saturday last, Miss Eliza Raymond, 83 years. Miss Raymond had spent most of her life in Kingston. During the last two or three years she had lived with her nephew, Prof. Raymond, of Hampton. Mrs. Nutter was another of Kingston's oldest residents, being about 90 years of age.

The recent thaw, which has settled the snow about two feet, has made some of the roads in this section quite impassable except in the early morning, when they are frozen and the consequence is that most of those who are obliged to travel go on foot.

Kingston people are, as usual, making great preparations for the Easter week, which is to go to St. John market next week. But the question at present is: Will the ice in the river be fit to cross?

Lasts a Lifetime.

That is just what they say of Vapo-Cresoleine. The vaporizer is practically indestructible, and the Cresoleine is certainly not expensive. This way of treating affections of the throat is most economical, and is also most effective. Our little picture illustrates how it is used. You put some Cresoleine in the vaporizer, light lamp beneath, and then breathe in the soothing, healing vapor. For whooping-cough and croup it's a perfect specific.

Vapo-Cresoleine is sold by druggists everywhere. A vaporizer is sold with a bottle of Cresoleine, which will last a lifetime, and a bottle of Cresoleine, which will last a lifetime, and a bottle of Cresoleine, which will last a lifetime.

There will be a brief service at the grave.

Visiting Clergymen.

Among the visiting clergymen are: Archbishop O'Brien, of Halifax; Archbishop Robit, of Montreal; Bishops Blais, of Rimouski; Barry, of Chatham, and McDonald, of Charlottetown; Rev. Fathers M. E. WHAT MAKES YOU COUGH?

Did you ever wonder just what it is that makes you cough? In a general way it is the result of some kind of throat trouble. As a matter of fact, merely a slight throat inflammation caused by a cold will cause a cough to start, and the more you cough, the more you want to cough. If you allow the inflammation in the throat to get on, it will soon become a chronic cough. It is a coughing disease, and it is a coughing disease, and it is a coughing disease.

Employ Your Idle Time.

"Work at home" is an idea that will appeal to those who have any spare time at their disposal. To secure the services of such, the Glasgow Woolen Company, of Toronto, are offering remunerative home work to be done with their automatic sewing machine. Their work is such that anyone can easily learn and could be done by different members of the family, according as they have leisure. A good way to make the idle minutes pay the rent and buy the necessities of their own household in another column.

INTERESTING TRURO NEWS.

Presbytery Meeting—Manufacturing—Carl Creelman at Bombay.

Truro, N. S., March 29.—At a meeting of the Truro Presbytery held here yesterday, a call from Great Village congregation—the late charge of Rev. Jas. McLean, recently retired to Rev. J. W. Crawford, of Malone Bay, was sustained. Among the interesting reports presented was one on church property, which showed that some 17 congregations own property to the value of about \$130,000. The value of church property in the Truro area has been estimated at \$11,500. The next meeting of the presbytery will be at Little River.

Rev. J. W. Falconer, of the Truro Presbytery, has been given three months' leave of absence and is now on an extended visit to Europe. His position as moderator of sessions will be taken by Rev. J. P. Falconer.

A daring robbery is reported from Great Village. A few days ago an elderly gentleman and his son drove to Great Village from Port Goreville to look over a farm advertised for sale by A. C. Hare, who is soon to remove to the great northwest. After spending all day examining the property the two men retired with Mr. Hare for the night. When they got up early in the morning to return home he was discovered by a new and expensive driving harness, horse rug and robes had been stolen—the rug having been removed from the horse. A quantity of oats were missing—the property of Mr. Hare. The track of a sleigh was discovered in the neighborhood and it was traced many miles to Westchester Mountain, to the house of John Harte, where it was found that two young men by the name of Rusk, from the mountain, had put up. These men were examined before a magistrate, but no convicting evidence could be obtained. The prospective purchasers became disgusted and did not complete the deal for the farm.

Mr. Stevens, a daughter of the late Dr. Waddell, of this town, who recently died in England, was the generous donor of the land which formed the nucleus for the foundation of Victoria Park, which is located in the Joe Howe falls. In all churches in town on Sabbath, reference was made to her death and to her most public spirited and highly appreciated gift to the town.

The land she first contributed has been gradually added to and now an addition of some 1,000 acres will be purchased to form a park. There are few indeed who have ever visited Truro in summer but who have traversed the shaded walks of Victoria Park. The falls made known to the world by the late Hon. Joseph Howe's poetic writings.

Thompson, a Nova Scotia girl who, from her capability, secured the confidence of the company in New York, has been sent back here as general manager.

Lieut. Harry Kaulbach, of the Royal Weymouth, a son of the archdeacon of Nova Scotia, has been promoted to the full command of the military station at Avoa.

Probably the highest taxed town in Nova Scotia is Avoa Mines, the seat of the Montreal Pipe Company's works—at one time the greatest iron working establishment in the lower provinces. Since the failure of the Londonderry Company, the taxes have been increasing and the plant of a prominent merchant of the place was complaining of a taxation of \$3 on \$100.
