reconnaissance and patrol work was carried out by our battalions with undiminished enterprise.

On one occasion a small party, under Lieutenant Younger, of our Tenth West-ern Canada Battalion, discovered the presence of two enemy parties between the trenches. Returning to our trenches for reinforcements, Lieutenant Younger quickly organized and took out a larger patrol of fourteen men. Crawling for-ward to within forty yards of the ene-my our patrol opened fire. The Ger-nans at once retired, and following them up our patrol found a wounded German lying in a ditch. This man was taken prisoner and carried back to our lines. While out near the German wire, Lieu-tenant MacFarlane and Sergeant Mae-Kay, of our Thirtsenth Battalion, Royal Highlanders, observed two Germans is standing on their parapets and driving rivetting stakes. Our men opened fire at close range and one of the enemy pitched forward, wounded, into the trench. On one occasion a small party, under

pitched forward, wounded, into the trench. On another occasion Lieutenant Mac-Farlane and Lieutenant Giveen and eleven grenadiers of our Thirteenth Bat-talion attempted to demolish a fortified hedge near the German trenches by means of incendiary bombs. Owing to the dampness of some atraw with which the hedge was lined, the operation was only partially successful. A large party of the enemy who were at work behind the hedge opened fire on our patrol, but Lieutenants MacFarlane and Giveen suc-ceeded in withdrawing their men with-out casualties.

ceeded in withdrawing their men with-out casualties. A patrol of our Twenty-sixth New Brunswick Battalion, under Lieutenants Sturdee and Fleming, was observed by the enemy when close to the German wire. A machine gun was turned on our men, who promptly scattered and took shelter in some shell holes until the tiring ceased. They returned safely to our lines.

Lieutenant Hooper Again Wins Mention. Lieutenant Hooper Again Wins Mention. A patrol of our Nineteenth Western Ontario Battalion, under Lieutenant Hooper, penetrated for some distance into the enemy wire. German sentrics in the trenches in front of them appeared to become suspicious, and our patrol withdrew. Shortly afterwards the ene-my commenced to bomb his own wire and did so for twenty minutes. Scouls of our Second Infantry Brigade observed a large enemy working party, repairing wire in front of the German trenches. Word was sent back and the working party was dispersed by fire from our machine guns. Our scouts saw an enemy casualty carried back over the parapet.
