

life, and under constant moral and religious influences, right habits and principles are encouraged and bad habits overcome.

2nd. Because superior instruction is furnished. The aim has ever been to provide Teachers of thorough scholarship, high character, and experience in teaching. Students going from this Institution to any College or University generally take high rank.

3rd. Because the students are constantly drawn toward College life. Many High Schools and Seminaries are detached, having no College near them, and are therefore deprived of the stimulus of college influences. At Horton Academy the effect of the student's daily contact with University young men is to inspire him with an ambition to take the University Course. Many, attending an Academy isolated from College influences, finish their education at the Academy, while at Wolfville, many who come intending to remain only a year, end their course as University graduates.

4th. Because of its beautiful and healthful situation. The fertile Cornwallis District, abounding in fruit, the Basin of Minas, with its white sails and steamers, Cape Blomidon, the distant Parrsboro shore and islands, historic Grand Pre, together with the serene beauty of the Gaspereau Valley and River, all combine to make up a landscape unrivalled for beauty and inspiration, helping to mould the student and the man.

5th. Conversaziones, Receptions, At Homes, etc., are held at intervals during the year, when the young gentlemen of the Academy and College and the young ladies of the Seminary cultivate each other's acquaintance, thus developing the social side of education.

6th. The Manual Training Department affords an important training provided by no other Academy in the Maritime Provinces. All students looking forward to Engineering, Architecture, or any occupation requiring skilful manipulation, cannot afford to miss the advantage thus afforded.

7th. No other Academy in the Dominion of Canada has the advantage of having a School of Horticulture on its very grounds and access to its classes, laboratory and conservatory, free of charge.

The Academy students also participate in the benefits to be derived from lectures, concerts and other entertainments under the auspices of the College or Academy.

A great variety of well conducted field sports, and an efficiently managed Gymnasium, are special features.
