To the Reader.

It is with pleasure we hand you a copy of Young CANADA, and, being our first issue, we would like to say a few words regarding our future.

Our paper will be issued promptly every month. The next issue will positively be enlarged to 8 pages, or double the size of this, and the paper will be continued in that size (or larger) thereafter.

We are sorry we have so little original matter in this number, but we can promise collectors a lot of good original articles and items in our next and succeeding issues.

The matter will also be arranged in better shape, and several new departments will be added.

We are determined to give subscribers

The prize puzzle department will be a leading feature; puzzlers will kindly send contributions.

SPECIAL OFFER .- We will send this paper one year and a nice self-inking nickle-plated rubber stamp, to print your name and address, complete with ink, &c, postpaid, for only 60 cents. Address the publisher.

We want every advertiser to give us at least a trial advertisement ; we feel sure, with our large circulation and low rates, that we can give satisfaction.

Collectors will find our next number of great interest. Among other original articles there will appear one on "Forgeries of Oldenburg Stamps," by a well-known authority on philatelical subjects. This subject, which has never been touched upon in any American philatelical paper, is a curious and interesting one, because these forgeries are so skillfully executed that they have found their way without question into many otherwise choice selections, and are peculiarly dangerous, as none but experts can define the differ ence, between them and the originals. Don't miss this, but subscribe at once.
