

Oblige your correspondent in every way you can. If he wants the current issue of your country unused, and sends the cash or its equivalent in payment, secure them for him, well centered, good specimens; and do not charge him "10 per cent over face"—it looks so "small"—don't do that. You may wish the same favor in return some day.

These are the rules that should govern you—with these rules I have but in one instance, met with disappointment.—Virginia Philatelist.

Ohio Notes.

BY J. EDWARD SOHN, JR.

The 4c red-brown and also the 15c olive-green have been placed on sale at the Cincinnati Post Office.

The Ohio Philatelic Association has died a natural death.

Cincinnati Post Office has plenty 1 and 2c Omahas on hand.

Cincinnati, Newport and Covington stamp collectors have had several meetings for the purpose of organizing a Philatelic Club. If the meetings prove a success, the Club will be called the Tri-City Philatelic Club.

There are several prospects of organizing a new state society instead of the Ohio P. A. It will be called the Buckeye State Philatelic Association.

Since the Government has issued stamps for Omaha Exposition, St. Louis will feel slighted if the Government does not issue

a set of stamps for her Exposition.

"The Fair," the Cincinnati department store, has got everything but a stamp department. Several collectors of the Queen City have been trying to convince the manager to have a stamp department but without success.

There is a report about the city that stamp collectors in Kentucky have formed a society. It is uncertain whether there is any truth in the statement.

Since stamps have been issued for Cuba, there will be a still better demand than ever before.

Several stamp concerns through the state will have an exhibition at the Ohio Centennial Exposition which will be held at Toledo in 1903.

American Notes.

BY CAROLINA.

I notice that the stamps of St. Vincent will soon be followed by the usual Crown type.

No more Omaha stamps will be printed. About 148 plates of the whole series have been used.

The 10c U. S. stamps have been changed in color from green to brown.

Another stamp paper has made its appearance from Tenn. The Stamp Tribune is its name, and if the following numbers are as fine as the first it will be a dandy.

What has become of the S. S. S. S?
