

more such division or side lines or proof lines have been drawn in the original survey of such concession, that division or side line or proof line which is nearest to the boundary of the concession from which the lots are numbered shall govern the course of the division or side lines of all the lots in such concession between the boundary of the concession from which the lots are numbered to the next division or side line or proof line drawn in the original survey, which shall govern the course of the division or side lines of all the lots up to the next division or side line or proof line drawn in the original survey or to the boundary of the concession towards which the lots are numbered as the case may be: **Provido.** Further, that in all those townships in Upper Canada, which in the original survey have been divided into sections, agreeably to an Order in Council bearing date the twenty-seventh day of March, one thousand eight hundred and twenty-nine, the division or side lines in all concessions in any section shall be governed by the boundary lines of such section, in like manner as the division or side lines in townships originally surveyed before the said day are governed by the boundary lines of the concession in which the lots are situate.

XXXV. And be it enacted, That the front of each concession in any Township in Upper Canada, where only a single row of posts has been planted on the concession lines, and the lands have been described in whole lots, shall be considered to be, and the same is hereby declared to be, that end or boundary of such concession which is nearest to the boundary of the township from which the several concessions thereof are numbered: Provided always, that in those Townships in Upper Canada which are bounded in front by a river where no posts or other boundaries were planted in the original survey to regulate the width

What shall be deemed the front of a concession in certain cases. U. C.
