Ottawa 12 th August 1915.

MEMORANDUM

Mr. Scott

The small reserve at Rocky Point, Prince Edward Island was purchased in 1913 from the owner of the land Mr. John Newsome. It was surveyed and the plan of the survey shows that it contains .3 acres.

Chief Surveyor.

Asst DM. There is no reason to believe that the survey is incorrect - on the contrary it should be accepted as correct until something very much better in the way of evidence than the mere belief mentioned by Rev J. A. McDonald is submitted to the Dept. The Dept. should not make a resurvey on such a statement.
