BUREAU OF COMMERCE & INDUSTRY  
Department of Agriculture & Commerce  
TOKYO, JAPAN.

(2)

from your bureau I wrote, I remember, to your bureau to get these publications, if any, and got answer to the effect that not one pamphlet had been published yet, your work being just started. Now, being appointed to a commissioner of our bureau of industrial researches I am very anxious to get all your publications since that time. Will you be kind enough to response to my ardent wishes? And also, if you would kindly put my name on your mail list I would be much obliged to you.

Is it possible to get also some pamphlet describing the whole organisation, of *Rockefeller Institute*, its history and its work?

Thanking you in advance for your kind and prompt attention to my request I am, Gentlemen,

Yours truly,

*S. Goshino*
