AIR REGULATIONS DIVISION  
JAN 17 1958  
5008 B21-18

Regional Supt., Air Regulations,  
302 Blowey-Henry Bldg.,  
Edmonton, Alberta.

Dear Sir:

In reply to your letter file #5008 B21-18 of the 13th instant, please be advised that Piper Cub CF-BUR has been write-off, and will not be repaired. Upon examination the fuselage was found to be beyond repair owing to excessive internal and external corrosion and minor damage.

Mr. Glenn Grigg of Island Falls, Manitoba, the owner, has purchased Piper PA11 CF-FIV as of this date, and this aircraft will be overhauled at this Institute as a replacement for CF-BUR.

Yours very truly,

S.H. Green,  
Shop Supervisor  
Aeronautics Dept.
