

Soft tumors are benign, hard ones malignant.

### Worth Perusal.

POPLAR SPRINGS, HENDERSON CO., TENN., Sept. 24, 1874.

DR. RADWAY: Sir—I am proud to write you that my daughter has improved rapidly from some cause or other. She has been using your Sarsaparillian and Resolvents ever since May. Her skin has a better appearance every way, the system seems to be built up: in May her weight was 111, now it is 116. Doctor, I would like to know whether a suspension would be necessary, or to continue the use of your medicines regularly. She has taken them according to the directions you sent to me in May, 1874, and I am well pleased with the effect, for which I feel very thankful as she was given up by one of the most eminent physicians in the county. Yet the sore on her knee keeps slightly running. You will recollect that her disease is a scrofulous affection, as stated in my former communication of May. You will please write and let me know whether it would be necessary to continue the use of your medicines or to suspend for a while, and oblige,

Yours truly,

JOHN MINCEY.

Continue the medicines, with out-door exercise and good, substantial food.

R. & Co.

### Scrofula,

whether transmitted from parents, or inoculated, is within the curative range of the **Sarsaparillian Resolvent**.

Cures have been made where persons had been afflicted with Scrofula from their youth up to 20, 30, and 40 years of age, who were cured by the Sarsaparillian Resolvent—since married and had children—and no traces of the taint up to 12, and some as old as 15 years, were exhibited in the children. This ought to be good evidence of its power in exterminating the taint of Scrofula from the system.

It possesses the same wonderful power in curing the worst forms of strumous and eruptive discharges. Syphiloid Ulcers, Sores of the Eyes, Ears, Nose, Mouth, Throat, Glands, exterminating the virus of these chronic forms of disease from the BLOOD, BONES, JOINTS; and in every part of the human body where there exist diseased deposits, Ulceration, Tumors, Hard Lumps, or Scrofulous Inflammation, this great and powerful remedy will exterminate rapidly and permanently.

### Another Extraordinary Cure of a Scrofulous Person.

The following letter we received about the 6th or 7th of February. It is from a lady in Lake Co., Ohio. We are permitted to state that many persons in "Willoughby" are acquainted with the cure.

(COPY.)

WILLOUGHBY, LAKE CO., OHIO, Feb. 2, 1870.

DR. RADWAY—In the beginning, or from my birth, I have had the SCROFULA. I have been a great sufferer from my SPINE, also from gravel, kidney, and ovary tumors, for over THIRTY YEARS. I have had the best doctors, used the most highly recommended, advertised, and patent medicines without deriving the least benefit. I commenced taking your medicines LAST MAY—have taken EIGHT bottles of RESOLVENT, six boxes of Radway's Pills, and three bottles of Ready Relief. (The reader is requested to note this.) I had given up all hopes. I cannot describe what I had gone through; but soon after taking your medicines I felt it was doing me good. It took hold of the parts affected, CARRYING OUT OF ME IN THE WATER WHITE SAND and BRICKDUST in very large quantities. I have not named all my diseases—Dyspepsia, Liver, Lungs, and Catarrh; but I am now so much better that I feel that my prayers to God have been answered. I thank God for your medicines. It is the first that has ever in the least removed my disease, or given me ease. Please send me your medical book, "False and True."

Monotonous noises favor sleep.
