J. P. Grimmer Esq^r
Dear Sir

I received the Washington notes, and
express my satisfaction to you for the way
you settle the matter also —

I am gratified at the way you managed
the Bradley affair, I think the best
course for you to adopt now, is to issue
an execution against the Bradley pro
party, I will see this right till and
interest, and if they don't come to a
settlement, will commence an action
of ejectment, and will fight only
the necessity if it takes three times the debt

With reference to Lockhart, it
seems that no less than a mortgage
against the property to Deverber, for
nearly what it is worth or quite more
I am under the impression that Deverber
has been paid up or nearly so — and the
mortgage not cancelled. You he is not
the man, to let money remain in debt way
