“M.R.M.” HORSE SHOES
Mean Good Luck to Horseowners

“M. R. M.” Shoes fit easily, because of their natural shape and well drawn heels. Nail holes are punched at the proper angle, clearly cut and accurately spaced the right distance inside the edge of the shoes — which means proper fit.

Rigid inspection is given “M. R. M.” Shoes before they leave our factory, so that they can be depended upon.

Price List and all Information on request.
