Gossip

WOODEND GARTLEY DIES.

Wellwishers of the horse industry in the West, and in Manitoba in particular, learn with much regret of the death of the world-renowned Clydesdale stock horse, Woodend Gartley (10663), lately owned by a syndicate at Napinka, Man. This horse was imported in 1903 by Alex. Galbraith & Son, of Brandon, and after winning distinctive honors at the International in Chicago, was brought to Manitoba and syndicated to his late owners. For the past two years he has taken a prominent position in the show-rings at Winnipeg and Brandon, but it was as a stock horse that he gained particular repute, rather than as a show-ring favorite. Since he came to Canada, many of his get have come into prominence at Old Country shows, and several of them have followed their illustrious sire to this side of the ocean, where they have achieved the highest honors at our exhibitions. Some of the distinctions of Woodend Gartley stock have recently been recorded in our columns in connection with fair reports, so that we need not recapitulate here. During the two years Woodend Gartley stood in service about Napinka, he stamped his excellencies upon his get, and it is doubtful if the district will again be fortunate in securing as good a getter. So impressive was he as a sire that his repurchase and return to Scotland was seriously considered. At the Winnipeg Exhibition, it was noticed that he was not in the best of condition, and immediately after being exhibited at Brandon he began to show serious symptoms. At first, his complaint was pronounced "shipping fever," but later the veterinarians concluded that it was his kidneys which were affected. Little relief was given him until he succumbed on the 7th inst at Brandon.

HOW HIDES ARE CLASSIFIED AT CHICAGO.

The following is the regular classifica-
 tion adopted by the Chicago hide dealers
 and tanners:

Green Hides.—Hides just as they come
 from the animals, never having been
 salted.

Part-cured Hides.—Hides that have been
 salted, but not long enough in salt to be
 thoroughly cured.

Green Salted Hides.—Hides that have
 been salted long enough to be thoroughly
 cured.

Green Kip.—All veal skins running from
 15 lbs. to 25 lbs. shall be classed as veal
 kip. All long-haired and thin skins run-
 ning from 8 lbs. to 25 lbs. shall be
 classed as runners.

Green Calf.—All veal skins running
 from 8 lbs. to 15 lbs.

Deacon Skins.—All calf skins under 8
 lbs. shall be classed as deacons.

Dry Flint Hides.—Are thoroughly dry
 hides that have not been salted.

Dry Salted Hides.—Are thoroughly dry
 hides having been salted when green.

Grubby Hides.—Hides having one or
 more grubs.

All dry kip and calf shall be classed
 the same as hides. All hides shall be
 free from salt, dirt, meat, dung, horns,
 tail-bones and sinews; and before being
 weighed all such substances shall be re-
 moved, or a proper deduction made from
 the weight; and when the head hangs to
 the side by a marrow strip, it shall be
 cut off; also when the head is not split
 in the center, it shall be made straight
 before being weighed.

All bull, stag, tainted, grubby, badly-
 scarred, cut, scored and murrain hides,
 both green and dry, shall be classed as
 damaged, unless they shall be very badly
 damaged, when they shall be classed as
 glue stock. Dry hides which are moth-
 eaten, sunburnt or weather-beaten shall
 be classed as damaged. All kip and calf,
 both green and dry, shall be trimmed the
 same as hides, with the exception that
 the tail-bone may be left in calf skins.

All green-cured hides of 60 lbs. and
 over shall be called heavy, and all green-
 cured hides under 60 lbs. shall be called
 light hides. All dry hides, 18 lbs. and
 over, shall be called heavy, and all hides
 under 18 lbs. shall be called light hides.

A CHIP OF THE OLD BLOCK.

Dr. William F. Fitch, the surgeon,
 according to the Chicago Record, is sure his
 name is to be in the footsteps of
 his father and grandfather, because when
 the horse gave him the dictionary to play
 with he promptly returned the appendix.
