

THE MOTHER OF GOD.

CONTINUED FROM PAGE THREE.

native to Nestorianism, with its out and out denial of Mary's Divine Maternity and the Divinity of her Son, and the Catholic doctrine which affirms both. But enough for one issue. We must defer till next week our answer to the other objections. Our readers will not, we are sure, find fault with us for giving so much space to the vindication of a doctrine which is the compensation of its meaning and reality; and which is so dear to the heart of every Catholic. And now, in closing, we openly challenge Mr. Blair, or any other Protestant, to show how he can hold that God the Son died on the cross to save mankind and at the same time deny that Mary is the Mother of God the Son. If he holds the former he needs must hold the latter; in denying the latter he denies the former also.

Branch No. 4, London.

Meets on the 2nd and 4th Thursday of every month, at eight o'clock at their hall, Albion block, Richmond Street, London, Ont.

C. M. B. A.

It is a habit of a few editors to write letters as coming from other quarters, endorsing utterances already made in editorial shape. We hope our friends of the Weekly Record have not adopted this procedure in its sanctum. Appearances would, however, lead us to the supposition that such is the case. As we remarked in a recent issue, our Canadian brothers are well aware that there has ceased to be a Canadian trouble, in so far, at least, as a discussion is concerned. No branch, Canadian paper or individual member, so far as we are aware, has for a length of time referred to the matter as being a live topic. Yet week after week appears something in the form of a letter or article in the Weekly Record referring to the matter as a live topic. The persistent discussion of this topic in the Weekly Record leads us to the conviction that there is some purpose on foot on the part of that section of the American membership which is and always has been in financial distress. We would break up the existing status of the organization, and transform it into what would virtually amount to a regular insurance company, with headquarters in Buffalo. The Weekly Record is the mouthpiece of this wing of the society. And that the New York combine will be able to carry out its plan, we have little doubt, as it now has a controlling voice in the Supreme Council. That the anonymous letter in the Weekly Record was written with the view of breaking up the organization, and forwarding the movement for centralization, will be seen from the following extract:

My very best, sincerest and constant thoughts are for those who would not be thinking of this Grand Council or that one, but on the contrary I would wish each branch or district to transact their business direct with the Supreme Council.

Fancy a movement on foot to abolish all the State Legislatures of the American Union and have all business transacted in Washington; fancy, too, the Canadians wiping out all their Provincial Parliaments and allowing Ottawa to absorb the whole system of government. We would advise our Canadian brothers to watch closely the course of events. At present their voice in the Supreme Council is scarcely audible. In the new regime we would be simply a cipher.

The Reserve Fund. Another circumstance that has occurred which will have a tendency to weaken the confidence of our Canadian brothers in the supreme governing body. On giving the matter full consideration, we do not think we will consider it a most extraordinary course for the Supreme Board of Trustees to make application to the Legislature of the State of New York for power to increase our reserve fund to a million and a half of dollars. Who authorized them to take this step? and where is the necessity for such a procedure? It also seems strange that such an important move should be made so near the time of the meeting of the Supreme Council. It is a double question whether they have the power to do so, and we think the negative side would have the best of the argument. When the time arrives, let the reserve fund will amount to a million and a half (about fifty years) nearly all of those who are new members will have passed away. The injustice of this move is quite apparent. The fund should, as far as possible be divided among those who contributed to its creation. Leaving it after most of us have died, forces us to ask, with Sir Boyle Roche, a member of the Irish Parliament, "What has posterity ever done for us?"

The bill granting the powers asked for passed the Legislature, but the Governor vetoed it, on the ground that the Supreme Council has no power to create such a fund. The Supreme Council has no power to create such a fund. The Supreme Council has no power to create such a fund. The Supreme Council has no power to create such a fund.

Moved by Mr. Fraser, seconded by Rev. P. M. Bardon, the Grand President and Grand Secretary were appointed to interview J. H. Hunter, Esq., Inspector of Insurance in the Province of Ontario, with a view to ascertaining if it be absolutely necessary for the Grand Council of Canada to become registered under said Act; and to advise the members of the Council to have the council registered without delay.

Moved by Mr. Fraser, seconded by Rev. P. M. Bardon, the Grand President and Grand Secretary were appointed to interview J. H. Hunter, Esq., Inspector of Insurance in the Province of Ontario, with a view to ascertaining if it be absolutely necessary for the Grand Council of Canada to become registered under said Act; and to advise the members of the Council to have the council registered without delay.

Moved by Mr. Fraser, seconded by Rev. P. M. Bardon, the Grand President and Grand Secretary were appointed to interview J. H. Hunter, Esq., Inspector of Insurance in the Province of Ontario, with a view to ascertaining if it be absolutely necessary for the Grand Council of Canada to become registered under said Act; and to advise the members of the Council to have the council registered without delay.

Hunter, Esq., Inspector of Insurance in the Province of Ontario, with a view to ascertaining if it be absolutely necessary for the Grand Council of Canada to become registered under said Act; and to advise the members of the Council to have the council registered without delay.

Moved by Mr. Fraser, seconded by Rev. P. M. Bardon, the Grand President and Grand Secretary were appointed to interview J. H. Hunter, Esq., Inspector of Insurance in the Province of Ontario, with a view to ascertaining if it be absolutely necessary for the Grand Council of Canada to become registered under said Act; and to advise the members of the Council to have the council registered without delay.

ing on the work done in Canada since last Convention, the progress made being very satisfactory—an increase of 34 new Branches and about 2,000 members. At the meeting of the Montreal Convention there were 140 Branches in Canada, with a membership of 5,600; at present there are 174 Branches, with a membership of about 7,500.

The Grand Secretary read communications from Branches as follows: Branch 143, Montreal. At the last meeting of Branch 143, held on the 6th inst., a resolution was passed that the Grand Secretary should write to the Grand Secretary, asking him to draw the attention of the Grand Council of Canada on what follows:

On assessments 1 and 2, No. 134, Brother Owen O'Brien died at the age of seventy-two years. He was admitted in the C. M. B. A. on the 16th September, 1876, and died on the 29th December, 1891. He was at that time sixty-six years of age when he was admitted in the C. M. B. A.

On assessments 3 and 4, No. 57, Brother Patrick Davy died at the age of sixty-eight years. He was admitted on the 18th October, 1877, and died on the 5th February, 1892. He was fifty-three years of age when he was admitted in the C. M. B. A.

The constitution specified that a man cannot be a member of the C. M. B. A. if he is over fifty years of age at date of initiation, and yet we find members initiated over that age.

Brother Michael Ryan—assessment 3 and 4, No. 141—died at the age of seventy years. He was admitted a member on the 22nd of June, 1891, and died on the 18th of November, last. Cause of death phthisis pulmonalis. The case of Brother Ryan being under investigation, will you please tell us why we have to pay for that death, before the investigation decided in our favor?

The Secretary of Branch 1, Windsor, asking "Whether, on the death of a member of a branch, his advance beneficiary should be refunded, said member having paid all assessments, and his family being dependent on the collection of money for such cases as mentioned in the Constitution." The matter to Supreme Recorder Hickey for answer.

From the Secretary of Branch 1, Windsor, asking "Whether, on the death of a member of a branch, his advance beneficiary should be refunded, said member having paid all assessments, and his family being dependent on the collection of money for such cases as mentioned in the Constitution." The matter to Supreme Recorder Hickey for answer.

Moved by Mr. Fraser, seconded by Rev. M. J. Tieran, that the next regular convention of the Grand Council of Canada be held in the city of Montreal, in the month of September, and that the necessary arrangements be made for a single fare on September 6th, for the round trip, carried by the Grand Council of Canada.

Moved by Rev. P. M. Bardon, seconded by Rev. P. M. Bardon, that the Grand Council of Canada be authorized to have a foot-note printed on the Representatives Credentials, to the effect that no person, allowed to attend, shall be paid of his expenses, and that every session of the convention be held in the month of September.

Moved by Rev. P. M. Bardon, seconded by Rev. P. M. Bardon, that the Grand Council of Canada be authorized to have a foot-note printed on the Representatives Credentials, to the effect that no person, allowed to attend, shall be paid of his expenses, and that every session of the convention be held in the month of September.

Moved by Mr. Fraser, seconded by Rev. P. M. Bardon, the Grand President and Grand Secretary were appointed to interview J. H. Hunter, Esq., Inspector of Insurance in the Province of Ontario, with a view to ascertaining if it be absolutely necessary for the Grand Council of Canada to become registered under said Act; and to advise the members of the Council to have the council registered without delay.

A GOLDEN JUBILEE.

AN AGED AND HAPPY COUPLE CELEBRATE THE FIFTIETH ANNIVERSARY OF THEIR WEDDING DAY.

At St. Antoine, in the county of Huntingdon, on the 11th inst., Mr. and Mrs. Phillip Brady had their happy anniversary celebrating the fiftieth anniversary of their wedding day.

Mr. Brady was born in Canada, and raised in the city of Dublin, and came to this country when he was sixteen years old. He is now seventy-three years of age. Mrs. Brady, formerly Miss Mary Murphy, was born in Canada and is sixty-eight years of age.

They were blessed with a large family of eight sons and three daughters. One of their sons died when an infant; and this year the venerable couple had to mourn over the loss of their oldest son, Col. John T. Brady, who died on the 14th of March last, in Virginia City, Nevada.

Mr. Brady got a good education as a boy in Dublin. He was appointed a constable in 1830, and held many positions of trust during his busy life. He made almost heroic efforts for the welfare of his family, and many grateful people are still indebted to him for his kind and generous assistance.

He has a large family of children, and is now residing in St. Antoine, Ontario. He is a very kind and generous man, and is much respected in his community. He is a very kind and generous man, and is much respected in his community.

He is a very kind and generous man, and is much respected in his community. He is a very kind and generous man, and is much respected in his community. He is a very kind and generous man, and is much respected in his community.
