Purchasers of

Gourlay Pianos

Secure an Instrument that their grand-children will use with pleasure.

It is an established fact that atmospheric changes ordinarily injure a good piano more than usage. The **non-varying end-wood pin-block** system of construction used in the manufacture of all **Gourlay Pianos** is proof against climatic changes, and is one of the greatest triumphs in the history of piano manufacture.

This and other points of superiority make the **Gourlay** the most durable, and therefore, the most desirable piano at present on the Canadian market.
