LOWER WINDSOR, Carleton Co., N. B., February 19—(Special).—"Yes, I have good health ever since I used Dodd's Kidney pills." The speaker was Mr. T. H. Belyea, postmaster here, and one of the most highly respected men in this part of the country. Asked to give his experience with the great Canadian Kidney Remedy Mr. Belyea continued: "I had been troubled with my kidneys for a number of years. I tried several kinds of plasters and other kinds of medicines, but did not seem to get any lasting benefit. Hearing Dodd's Kidney Pills so highly recommended I decided to try them and they made a complete cure of me. That is two years ago now and as I said before I have had good health ever since I used Dodd's Kidney Pills."

IT PAYS TO FEED "INTERNATIONAL STOCK FOOD."

Centerville, N.B., June 13th, 1904.
International Stock Food Co., Toronto, Ont.
DEAR SIRS:—Your Stock Food is all you said it was. I am well
satisfied. I purchased a team horse just before getting your Food.
He was thin and rough coated; but by feeding your Stock Food, he
gained rapidly. He looked as if he put on fifty pounds of flesh in
fifteen days; and his coat was glossy and smooth.
I can and will recommend it to all horsemen and stock raisers.
Yours truly,
G. H. HARTLEY.

Why throw good grain on the manure pile?

If you only knew the amount of money you could save every year by using **INTERNATIONAL STOCK FOOD**, 3 Feeds for One Cent, we would have to double the size of our factory inside of the next twenty days. You will know sooner or later but we want you to make a trial right now. If your neighbor tells you an article is good and a money saver you would probably make a trial of it. Now the party whose testimonial we print above is just as honest as your neighbor would be and he is a successful stock raiser. He credits a large part of his success to **INTERNATIONAL STOCK FOOD**. It has helped him and we know it will help you. Its cost is small only three feeds for one cent and we guarantee to refund your money in case you are dissatisfied with the results obtained. Remember **INTERNATIONAL STOCK FOOD** is a purely concentrated medicinal preparation composed of roots, herbs, seeds, barks, etc., and is fed to stock in small quantities in addition to the regular grain ration for the purpose of aiding digestion and insuring perfect assimilation. It is not the amount of grain that the animal eats that fattens and builds up the body but it is the part of that grain that is taken into the system.
