but does not live on his homestead but is living with his brother in the same township, who likewise is a homesteader. Whether his non-residence is against the law.

HOMESTEADER.

Ans.—Non-residence is against the law unless, it is with a parent, and then in the same township. It is quite permissible during the winter, provided six months of each year for three years is passed upon said homestead.

CANADIAN ALMANAC.

Where shall I write to secure the Canadian Almanac or other book containing the latest revised tariff lists between Canada and the United States?

A SUBSCRIBER.

Ans.—Any bookseller will procure this almanac for you. Russell, Lang & Co., Winnipeg, are a reliable firm.

A BUDGET OF QUERIES.

Don't you think it better to caution C. O. A. on page 1872 to go slow on feeding flax straw to his pregnant cows? A farmer once told me he cautioned a neighbor (whose cows used to go to a nearby flax mill and eat at the refuse tow) that his cows would likely cast their calves, but he took no heed, so by spring he had eleven cows abort.

1. I notice a good deal said about the disease called black leg and anthrax. Kindly give as full a description of these two diseases as will enable a green hand to detect them. Also give best known remedy.

2. Are heavy bronchos and mules more desirable for farm work in a cold country like Manitoba and New Ontario than Clydes, Percherons, etc.?

3. Would you give a list of your hardest fruits that succeed in Manitoba viz., native plums, apples, berries, etc. and a reliable nursery where they may be obtained?

4. Can you give a reliable recipe for ringworm, when it is located around the eyes of calves? A solution of blue vitrol is often recommended but it is impossible to keep the solution from getting into their eyes and the pain is intense. What generally causes ringworms on calves every fall, is it climatic or spontaneous?

5. What is the best book you know of on the raising or handling of the pig for profit for the general farmer, and where to obtain it with price?

6. What work or book on general farming, i. e. mixed farming, would you recommend to a mechanic willing to learn all he can about farming?

7. What season of the year is best to transplant spruce trees, fall or spring or both?

J. S.

Ans.—1. A short time ago, November 28, an article appeared on black leg. If you wish to keep a work on hand to refer to on live-stock diseases would advise you to secure Veterinary Elements, price \$1.10, from this office.

2. No, the heavy horses are the better, and if bred from the progeny are more readily marketable.

3. Write Buchanan Nursery Co., St. Charles, Man., or other of our western nurserymen whose ad. you notice in our columns.

4. See the work referred to above for recipe for ringworm. This disease is due to a fungus.

5. Prof. G. E. Day's "Swine", it can be purchased from this office. For price, see our book list.

6. See list above mentioned.

7. Spring—May and June.

MORTGAGING LAND.

—A gives mortgage on farm to B and hands over crown patent with all other title papers to same, and B gives crown patent to C for safe keeping. On completion of mortgage term, A pays all demands and has released mortgage, and all other papers but crown patent returned him by B. A then demands his crown patent from B, who refers him to C. A demands his crown patent from C but has had no satisfaction from him, although he has written him several times and it is over a year since first writing him. A has good reason to believe the crown patent was destroyed by fire some years ago. Crown patent had been registered previous to giving mortgage. 1. How does the

HAVE ON HAND FOR SALE

Clydesdales —and— Hackneys

Can sell you a stallion ranging in age from two to five years old at prices **from \$500 to \$800** each. They are big, heavy, thick horses that will do the country good. I also have a fine lot of fillies, mostly in foal, can sell you a pair or a car load. Can sell work horses for Manitoba trade in car lots. It will pay you to write or come and see me.

DOUNE LODGE, CLYDESDALES.

I have been to Scotland and selected just as good a lot of Clydesdales as those I brought out last year and which have proved at exhibitions to be the best importation standing in one stable in America. For the present I am offering for sale **25 MARES and FILLIES** in foal to Perpetual Motion, Hiawatha and Revelanta, and also a few grade fillies in foal, including three entire colts, one of them first at Highland Show.

It's a pleasure to show these Clydesdales whether a deal is made or not.

The Greatest Importing Establishment of the Different European Breeds of Horses in Canada

Clydesdale, Shire, Percheron & Hackney Stallions

Clydesdale, Shire and Hackney Fillies, and Spanish Jacks.

Do you want stallions and fillies and don't know what breed? Come to Brandon. If you need a stallion in your locality weighing 1,700 to 2,100 lbs., of any breed, write and come to Brandon. I have many such horses and will place one there on my new successful plan. Come any time of year; no danger of all the good ones being gone. I keep a buyer constantly in Europe. Owing to the great number handled and facilities for buying, I can sell a first-class horse below all competitors. I invite importers and breeders to come here and buy. I can sell good ones cheaper than you can buy in Europe. Address—J. B. Hogate, Brandon, Man., for any further particulars.
