## BREEDERS' DIRECTORY

Cards under this heading will be inserted weekly at the rate of \$4.00 per line per year. No card accepted for less than six months, or less than two lines.

Under this heading should appear the name of every breeder of Live Stock in the West. Breeders and breeders everywhere, as you are well aware, are constantly on the lookout for additions to their herds, or the exchange of some particular animal, and as the Guide is now recognized as the best market authority, and in every way the most reliable journal working in the interests of the West, nothing is more natural than for you to seek in its columns for the names of reliable men to deal with when buying stock.

Consider the smallness of the cost of carrying a card in this column compared with the results that are sure to follow, and make up your mind to send us a card today.
