Beauty of County

THE PURITY LEAGUE

HOPEWELL HILL, Sept. 13.—John C. Hill, the well known landscape artist of St. John, who spent several days at the Cape last week, left yesterday for Hillsboro on his way home. Mr. Hill has been sketching in the beautiful scenery of the Cape, and will reproduce a number of the many picturesque scenes which the Shapely section affords. In conversation with The Sun correspondent, Mr. Hill said that he had visited practically all parts of the province and had no hesitation in saying that there was nothing finer than the scenery of the Cape. He has made sketches of some of the beautiful spots of Albert, Lunenburg, Hopewell Hill, the Cape Rocks, etc., using both water colors and oils. One particularly beautiful scene is one of the Shapely valley from the surrounding hills, which makes a most charming picture. Mr. Hill, who is a true Canadian, has great pride in the Canadian scenery, and wishes his work to be absolutely free from foreign influences. His trip to Albert county was not only a delightful one to himself, but will be a lasting pleasure to the many who will have the opportunity of seeing the work of the true artist in the reproduction of some of the particularly beautiful specimens of nature's handiwork.

A meeting for the purpose of organizing a Purity League with the view of influencing the political parties in favor of purity in electioneering, was held on Tuesday evening next.

Cranberry picking is now in progress on the Shapely river. The crop is reported large, except on the section that have been flooded with the tides. The tides have been very high the past week and much of the marsh is in a bad state, the hay not all being gathered.

In a very few minutes he procured sufficient evidence to arrest the domestic, Miss Christina Tremblay, and the stolen watch and chain were found in her possession.

The chief says he has met many false promises, but never one which could hold a candle to the one in the use of profanity. She is only a young girl, being about seventeen years of age.

Building to Calgary

Canadian Northern Line Being Pushed Forward

REGINA, Sask., Sept. 14.—President William Mackenzie of the C. N. R. today stated that the new line west to Calgary would be pushed as soon as practicable. It will start from Regina, but a branch line will be used for fifty miles, when a cut-off to Calgary will take place. This is being done to solve the question of entrance to Regina and obviate the necessity of the getting out of new branches. The Regina-Brandon line will be opened inside of two weeks, and a passenger service commenced at once. It is intended that trains will run through from Winnipeg to Prince Albert over this new road. Mr. Mackenzie said the Canadian Northern was not worrying about a union station at Regina, having already secured the site of the present C. P. R. station, which will eventually be turned into a union station, and increased in size as demands arise. After looking over the whole line, Mr. Mackenzie said to the conclusion that the banner crop this year will relieve the money stringency, and that good times have returned.

A KENTUCKY EXPERIENCE
Coffee and Tea Still at Work

A Kentucky lady had a very agreeable experience in leaving off coffee and tea. She never loses an opportunity to tell others of her good fortune. She says:

"For over 20 years I suffered from nervous trouble. Four years ago I was down with nervous prostration and heart trouble. After several months of misery, my doctor, one of the best in the country, told me I must quit coffee and tea."

"What was I to do? I must have some warm beverage for breakfast. I had never done without one in my life."

"I decided to try Postum, little thinking it would amount to anything. At first I did not like it, but when we boiled it fifteen minutes, until it was dark and rich, it was delicious, and I soon began to feel better."

After using Postum constantly three years I feel like a different person. I always had been a poor sleeper, but now sleep well and am in perfect health. And I give the credit to Postum."

"My entire family now use it in preference to any other beverage at meals. I am an enthusiastic friend of Postum and I know that what it has done for me it will do for others. Let them have a chance to go by to recommend it to those who suffer from coffee drinking. Name given by Postum Co., Battle Creek, Mich., Read, The Road to Well-being, in place of 'There's Reason.'"

Ever read the above letter? A new one it will do for others. Let them have a chance to go by to recommend it to those who suffer from coffee drinking. Name given by Postum Co., Battle Creek, Mich., Read, The Road to Well-being, in place of 'There's Reason.'"
