The Committee appointed to draft a reply to the Chairman's Address submitted the following report:—

"Mr. Chairman,—The Committee appointed to draft a reply to your opening Address beg to submit the following:—

Committee's Reply.
 Mr. Chairman,—We wish to endorse all you have said re the great struggle which is now taking place in Europe. A battle or series of battles is daily taking place, the fierceness and violence of which staggers our imagination. The best blood of the noblest of the race is being spilt in hand to hand encounters. We shudder at the thought, and to the peoples who are actually engaged in the fight, the sufferings as a result of the conflict is indescribable.

Surely if there is a Divinity shaping the destinies of nations the world will learn war no more and from the remnants of the nations depleted of their best manhood will come a new order when universal peace will prevail.

We realize that duty calls us to render to the Motherland all the assistance we can give. There should be no hanging back on our part, but those who can go to the front should fall in to live and volunteer to fight for our sacred liberties and the protection of our country and loved ones, at the earliest opportunity.

Glad to Be Represented.

We are glad that we, as a district, have some of our young men in the British Navy and others on Salisbury Plain training for the fight. May they

A. WILSON,
 Secretary C.H.E.

Coaker of his ability not only as an organiser and leader of men, but as a debater, the equal of any, and superior to the majority of many life-long parliamentarians. We are pleased to record our appreciation of his efforts to place on our statute books Laws beneficial to sealers and Loggers and at the same time we are pained to have to ensure those of the Upper House who, in their narrowness of soul and ignorance of the true condition appertaining to the life of our toilers, treated with contempt and scorn the Bills sent up to them for approval. We fear a radical change will have to be made in the personnel of the Legislative Assembly, before proper respect will be given the requirements of the representatives of the Union Party in the House of Assembly. We are glad to know that many who visited the Legislature last year to secure its reformation.

Financial Conditions.
 We deplore the awful condition of the country's finances brought about by an extravagant and unwise ministry. A condition so disastrous that time alone can reveal, and will require the patience and self-sacrifice of our people to retain our independence as a self-governing colony.

Fogo district will take second place to none, in its loyalty to the F. P. U. in all its branches and various undertakings.

Work Appreciated.
 We cannot close this report, Mr. Chairman, without expressing a few words of appreciation for your services to us as an Electoral District and as a District Council of the F.P.U. Not only are we well satisfied with your work as our representative, but we are pleased to testify that we have found that you are a practical personal friend to such of your constituents as request your help or advice.

We have been proud to follow your career, short though it has been, in our Legislature and we are confident that as soon as the Union Party can put more men of your character and ability in the House of Assembly just so soon will come the reforms in our public administration so ardently desired by all Union men.

Not only are we proud of you as an able Newfoundland and as a faithful representative, but also as a staunch member and high official of our great organisation, the F.P.U. We know that your services as District Chairman have been invaluable to us and we feel sure that in your responsible position as Secretary-Treasurer of the Union and its business branches you have proved yourself an efficient and an untiring co-laborer with our President in carrying on his wonderful work.

Our sincere thanks are due you, sir, and are hereby fully and ungrudgingly accorded.

We trust that our session will prove of lasting good to each member, give strength and courage to all to work, if needs be suffer to advance our cause, and also trust that with the incoming of the year 1915 the clouds of war and bloodshed will have passed away and a new era be ushered in bringing sunshine, joy and peace to all mankind. May the coming year to Newfoundland and the F. P. U. be one of success and industrial prosperity.

Respectfully Submitted,
 Charles Woolridge, Elias Chauk, Leon. Green, George Rowe, John Oake.

Praise for President.
 For our honoured President, W. F. Coaker, we have the greatest admiration, and we are determined to support him to the utmost of our power for his sterling qualities as a champion of the fishermen and working classes of the country. We trust he may long be spared to preside over the affairs of the F. P. U. and gain greater glory and honour for the cause to which he has devoted his exceptional ability and talents since the inception of the Union.

The Mail and Advocate is the leading paper in the country and the greatest educational journal to the fishermen ever circulated throughout the country. Every Union man should be a subscriber and secure for himself the general news of the world in the most attractive manner, besides keeping himself informed on matters concerning the commercial and political life of the country, which every man who recognises his duty to himself and those depending upon him should, if needs be, deny himself to possess.

A Good Work.
 We appreciate the work of the President and his associates in the Legislature. Proof was given by President
