

"VICTORY" FLOUR-- THE HIGHEST GRADE MILLED

OUR THEATRES

ROSSLEY'S EAST END

Last night there was a splendid house at the reliable show shop and there is no mistake patrons were delighted with the laughable sketch presented by the ever popular Rossleys, for they had the house in roars. The MacKenzie Company gave every satisfaction, the singing and playing being very much appreciated. The three-reel feature "Sans Gene" is even better than the Bernhardt picture of last week. Madame Rejane is a great comediana and carries her part through with the greatest success. Mr. Rossley gave away the money presents which were won by Miss Hanley, Mr. Murphy and Mr. Andrew Snow. Mr. Murphy will hand his dollar to the Patriotic Fund Mr. and Mrs. Rossley will appear in their laughable sketch again to-night and other three prizes will be given to-night. It is a well-known fact that the performance at Rossley's is the best in the city. Mr. Dan Roche who came from New York with Mr. Rossley is a wonderful pianist.

THE NICKEL

The attendance at the Nickel theatre last evening was very large, every seat being occupied and many were obliged to wait until after the intermission for seating room. The Monday night attendance is always large, but yesterday's programme was such a splendid one that all were anxious to see and hear it. The pictures were of the highest quality—the best that have ever been given there. All men, women and children who were present spoke very favorably of the programme. The singing of Messrs. Huskins and Cairns was thunderously applauded and they were obliged to respond to an encore. This evening the performance will be repeated. Be sure and attend if you were unable to go last evening.

THE BRITISH

The programme offered at the British yesterday has never been surpassed anywhere. Each and every photograph was a masterpiece of its particular line. The beautiful drama written by Hal Reid, and in which Mary Fuller is so strongly featured being almost irresistible—splendidly written, magnificently portrayed and superbly acted. The "Animated Weekly" proved to be doubly interesting in view of scene of devastation and destruction caused by the cowardly Hun barbarians. "The Trey O' Hearts" was of course greatly appreciated and loud were the praises showered upon it. It will be replaced to-night by the Newfoundland Highlander's Band which is sure to be a most popular "drawing card" and one which will be greatly appreciated by prospective patrons. On Wednesday and Thursday the second episode of "The Trey O' Hearts" will be shown at each performance.

Little Child Poisoned by Mistake

We hear that a sad occurrence happened on Circular Road, Saturday, when a child, a little girl, died as the result of accident in giving it medicine. The little one had been ill for a while, and a doctor prescribed for it. An overdose of the medicine was accidentally given and before relief could be had the little one succumbed, to the great grief of its parents, who are deeply sympathized with.

Bold Burglary On Cabot Street

In dealing with the burglary at the residence of Mr. David Dempsey of Cabot Street which occurred Sunday night we stated yesterday that \$2 were stolen from the house. As a matter of fact it was \$22. Mr. and Mrs. Dempsey had gone to prayers and the thief, who personally knew of this, entered the garden at the rear, coming through a gate which leads off Cabot Street, and going to the rear climbed the fence, ransacked a window and got into the dwelling. When Mr. and Mrs. Dempsey returned during the night they found every room in the house ransacked the drawers of cheffoniers, tables &c. overhauled, and in a dressing case in their bedroom the burglar secured and appropriated to his own use \$22 in cash.

Nightly late prowlers are seen about Cabot Street, and on more than one occasion these have tried to enter the rearways of dwellings. It is about time that a couple of policemen were sent to patrol late at night the streets on the higher levels.

Our Volunteers

The men had exercises of various kinds on the Parade Ground yesterday and after a route march received their two weeks' pay. The number on the roll is now 2355 with the addition yesterday of Ronald Taylor, St. John's, and Abel Halladay, Smith Sound, T.B.

A very pretty wedding took place at the R.C. The nuptial knot was tied by Rev. J. McDermott, Adm., and the bride was attended by Miss Kitty Lynch, while the groom was assisted by Mr. Jas. Rodgers. The bride was neatly attired in a costume of electric blue and bride and groom received very many handsome presents from their numerous friends. After the ceremony had concluded, a reception and wedding supper was held at their residence in Bond Street, where the health of the happy pair was heartily honored. In common with their numerous friends in the city the Mail and Advocate extends to Mr. and Mrs. Hickey warmest felicitations.

Dear Madam:

You know how necessary it is that your husband should leave home in good humour every morning. He has many troubles to face all day, but he can easily surmount them if his attitude towards them is right. Nothing goes well with the man who starts the day in a bad temper. You have it in your power to put him in a pleasant frame of mind. Serve him at breakfast with Arbuckle's delicious Breakfast Coffee. He will appreciate it.

Yours faithfully,

Schr. Reported Missing

Men who came along by train yesterday from Bonavista Bay, report that Blackwood's schooner, of Westleyville, which was known to be on her way from Ryan's Bay, Labrador, with 900 qts. cod, is reported missing. She is owned by Capt. Bishop, and Skipper Blackwood is in command. The vessel came up the shore informants say, with Capt. Wm. Windsor, who made Ilak in the very big storm of Monday week, while Blackwood's vessel came on. There were on board a crew of eight men, all told. The passengers also say that schooners which recently arrived in Bonavista Bay report passing a lot of wreckage of Bras Shoals, which consisted of rigging, parts of spars, etc. They were fearful that two marine tragedies had occurred as a result of the storm.

Had a Hard Time

The schr. "Graco Darling" was towed in here last night by the "Cabot." She was caught in the big storm of Monday week while from Bell Island to Gaspe, lost her sails and rudder and made Ship H., P.B., being towed here by the whaler "Cabot," which did the Placentia Bay service. She brought a cargo of dynamite from Quebec to Wabana and was overtaken by the storm. All her crew are French-Canadians and speak no English. Mr. Tasker Cook is her agent here, and she goes on the floating dock for repairs.

Deserter Arrested

The "Atilla" was delayed in port some time last week, owing to the absence of some of the crew. She sailed Saturday for Brazil, after the absentees had been rounded up. One, however, deserted and was arrested last evening under warrant. He came before Judge Hutchings in Court today and was sent down for three weeks without the option of a fine.

Not Yet Arrived

The schooner reported missing in another column and commanded by E. Blackwood, is the "Gannet." Up to yesterday she had not arrived at Westleyville and the general belief is that she is lost with her crew of eight men. Capt. Winsor's schooners and some other, which left after the "Gannet," have arrived several days ago.

Mr. B.H. Forrestal, an old time St. John's man, who has been residing in Duluth, Minn., U.S.A. for 28 years past, and is now a prominent resident of that place. He is largely interested in mining matters and arrived here recently on a visit. He is taking in old scenes and renewing past acquaintances and is very pleased to be once more in the old capital of Terra Nova, which last year he visited also for a short while.

Police Court News

Mr. Hutchings, K.C. presided in Court to-day. Two drunks were discharged and several civil cases, including a dispute as to the ownership of a horse, were disposed of in the C. D. Court.

Another Schooner Lost

Passengers who arrived from the northward by train yesterday say that a schooner of about 30 tons, dragged her anchors in the big storm of Monday week at Ship Hr. and going ashore, became a total wreck. The men barely escaped with their lives. She had 250 qts. fish on board from Labrador most of which they report was saved.

The S.S. "Kron Prinz Olaf," reported missing in the public despatches, was here in St. John's 7 years ago. She also plied between Bell Island and Sydney in the ore trade and was a ship of 2605 tons nett.

Mr. T. Murphy of the Queen Insurance Co. had two post-cards yesterday from his brother, Sgt. M. Murphy, assistant with Dr. McPherson and in charge of a depot in France. He was sorry to hear that his old teacher, Rev. Bro. Ryan, had left for Canada. He had also heard of our boys going to Egypt, but says he does not expect to see that part of the Globe himself. He asks to be remembered to all his friends.

Two Newfoundlanders Drowned

Lunenburg, N.S. October 1.—While the crew of the schooner Marjory E. Backman, Capt. David Backman, were discharging fish this forenoon at Feltz South, a sad accident took place. George Strickland, a native of Harbor Breton, Newfoundland, over-loaded his dory and on the way from the vessel to the shore the boat sank, carrying with it its sole occupant, who was unable to swim, and was drowned.

The scene of the accident was but a short distance from the shore and boats were almost immediately on the ground grappling for the body, which was brought to the surface fifteen minutes afterwards. Strickland was twenty-five years of age and unmarried. His father and mother are both living and one of his brothers is a member of the schooner's crew. The deceased was highly thought of in the community, and was an Anglican in religion and will be buried at Rose Bay on Sunday afternoon. Dr. Slaughenwhite held an inquest and the verdict was accidental drowning.
