#### READ THE PROOF

MR. HERRELL writes, Sept. 24th, 1904, about his remarkable recovery from acute complications: "About a year ago I was taken down with La Grippe, then Pneumonia, and Typhoid Fever, which soon affected my lungs. I was under treatment of several physicians and also in the hospital at Halifax, but the disease gained such headway that I was regarded as a hopeless case. Words cannot express my gratitude for what the Dr. Slocum Remedies, particularly Psychine, have done for me. I am daily giving my testimonial to friends and acquaintances."

## Old Council Elected

By-Law Carried by 112 Majority

### A Large Vote Polled on Monday.

On Monday the election resulted in the return of the former Council, Mr. Wm. Jones, the fifth candidate being elected by a small margin.

The By-Law to adopt "The Public Parks Act," was carried by a majority of 112, an expression of opinion by the ratepayers which will strengthen the hands of the Board of Management, when appointed.

The vote was polled as follows:

	No. 1	No. 2	Total
Campney J.....	84	49	133
Sills G L.....	67	49	116
Morrison H B.....	49	61	110
Young Geo.....	48	62	100
Jones Wm.....	62	26	88
For By-Law.....	89	27	116
Against By-Law..	8	26	34

Majority for..... 112

After the result of the poll was known, the newly elected Council addressed the ratepayers, thanking them for their expression of confidence and promising to be alert and faithful in the interests of the village in the ensuing year.

### Other Elections and By-Laws

In the civic elections at Toronto, Mr. Emerson Coatsworth was elected Mayor beating Mr. F. S. Spence by a majority of 4,007. The license reduction by-laws were defeated by substantial majorities.

Bobcaygeon unanimously carried the by-law for \$25,000 to purchase the M Boyd Company's water-power and establish an electric light plant by the village.

At Campbellford a by-law to dispense with the waterworks and electric light commission was carried two to one. This places the waterworks and electric light directly under the control of the Council.

Lakefield—The local option by-law was carried by a majority of 41.

Peterborough carried the by-law \$25,000 for better fire protection, by a small majority. The reduction of license plebiscite was carried by a large majority.

Local option by-laws in the townships of Dammer and Otonabee were carried by good majorities, thus cutting off the hotels at Keene, Warsaw and McCracken's Landing.

At Norwood the by-law fixing the assessment of Finlay & Son's new concrete factory, was carried almost unanimously, only three voting against it.

### Waymark—McCracken.

On Monday afternoon the residence of Mr. and Mrs. Jas. McCracken, of town, was the scene of a very happy and smart event, the marriage of their daughter Carrie to Mr. Jesse Waymark of Havelock.

The ceremony, which was performed by Rev. H. Caplan, took place at three o'clock, the bride being given away by her father.

The nuptial knot tied securely, the large number of guests present took occasion to congratulate the happy pair after which all sat down to a bountiful wedding dinner.

In the evening dancing was enjoyed until a late hour.

That the bride was highly esteemed was shown by the very large number of beautiful presents she received.

The young couple left on the midnight express for a brief honeymoon, after which they will reside in town.

The Standard unites with their friends in extending congratulations.

## Humor and Philosophy

By DUNCAN M. SMITH

### HOMEWARD BOUND.

When the summer days have vanished  
Like a scorcher down the shoots,  
Then the boarder must be banished  
Back to where the whistle toots.

Then the girls pack up their dresses,  
And the men their fishing kits  
Mark with their downtown addresses;  
Thus the summer boarder flits.

And the farmer at whose mansion  
They have spent their time and cash  
Speeds them with a chest expansion  
That the records fairly smash.

They are going to the city,  
Back to dig or sew or clerk,  
Where instead of looking pretty  
They must buckle down to work.

Leaving in the farmer's clutches  
All their savings for a year,  
Wondering who will stand for touches  
Until pay day shall appear.

And the youths who thought it funny  
Broadcast far to fling wild oaths—  
Wonder where they'll get the money  
To redeem their overcoats.

### He Knew Better.

Little Tony was a fresh air boy brought out from the big city for a week in the green country. Everything was new to him, and the woods were full of surprises.

Only unmistakable evidence proved to him that apples grew on trees rather than in boxes or barrels, but it was in regard to the chicken that he absolutely revolted.

"What's that?" he asked as an old hen crossed his path.

"A chicken," replied the guide.

"Chicken nothing. You can't fool me. Didn't we have one for last Christmas, and I seed it. Say, you can't tell me that chickens has got feathers on."

### Not Superstitious.

"Do you think a horse chestnut will cure rheumatism?"  
"I don't know, but I would rather chance a horse doctor."

### A Cheering Effect.

"Hot weather doesn't appear to affect Blinks as in former years."  
"No; his uncle died and left him stock in the Ice trust."

### Hope Springs Eternal.

Do we judge of the future by things of the past?  
'Tis said that we may, but we do not. We cast  
That evidence windward when looking before  
And hope that the future has better in store.

### Beyond All Description.

Was the experience Mrs. E. V. Carter of Danville had with rheumatism which resisted everything till Nerviline was tried, and it cured. "The only relief I ever got was from rubbing on Nerviline" writes Mrs. Carter. "It penetrated to the very core of the pain and eased my suffering after a few applications. I have used many rheumatic remedies but none had the soothing, pain subduing power of Nerviline which I recommend highly." Try Nerviline yourself. Good for internal use and excellent to rub on. Price 25c.

### CLOTHING AND THE MAN.

From time immemorial clothes have played an important part in the affairs of men, and as the years have gone by the importance of apparel has increased and become more evident, until to-day man judges, and is judged by his clothes to a greater extent than has ever been the case before.

It is not sufficient for the social leader and commercial magnate to be well dressed. Grand clothes are just as essential for every man that he may always be able to meet his fellowmen with a certain feeling of equality.

Examine your clothing, and if you find an Overcoat, Suit or pair of Trousers is wanted, we would be pleased to show you and quote prices.
