THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-TIVES"

NORAH WATSON
86 Drayton Ave., Toronto.
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring Rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-tives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without 'Fruit-a-tives'."

German Airmen Killed Their Own Men

Paris, June 19—The official communication issued by the War Office tonight reads:

"Between the Arve and the Oise two enemy detachments, after a spirited bombardment, attempted to approach our lines. They were repulsed by grenades."

"On the left bank of the Meuse the artillery action was intermittent."

"On the right bank there was a violent bombardment north of the Thiaumont fortified work, and in the sectors of Vaux, Chapitre and Souville."

"An enemy air squadron dropped numerous projectiles on a village south of Verdun, where a camp of German prisoners was located. Several of these prisoners were killed or wounded."

"The day was calm on the rest of the front."

Belgian communication:—"Calm prevailed today."

German Losses at Verdun Mount up to 6780,000 Men.

New York, June 14—A Paris despatch to the New York Journal today says:

"Figures compiled from reports received by the French war office stated that the Germans since the beginning of the movement against Verdun have had thirty-nine divisions of approximately 780,000 men either completely or partially annihilated."

These are the losses for the five months since the Verdun battles have been raging.

A Story From Lancashire.

A story is going the rounds of the north of England of a certain Lancashire woman, who has several sons at the front, which is worth repeating. A lady called upon her to learn news of her sons, and as they talked of Saloniki, where one of these sons was, she remarked that Salonicians were the Thesalonians to whom St. Paul had sent a letter. "Well," said the woman, as she looked up from her washtub, "he may have written there, 'I'm not saying he didn't.' But I'm sorry for 'im if he sent parcels. I sent two to my boy months since, and they ain't been delivered yet."

TOO LITTLE BLOOD MEANS MUCH MISERY

That is What Makes People Pale, Weak and Languid

The one source of most of the misery that affects men and women and growing children is poverty of the blood. If you consult a doctor he says you are anaemic which really means bloodless. That is what makes people drag along, always tired, never real hungry, often unable to digest their food, breathless after the slightest exertion, and too often on the verge of complete breakdown.

More weak, anaemic people have been made strong, energetic and cheerful by taking Dr. Williams' Pink Pills than by any other means. These pills actually make new, rich blood which reaches every part of the body, strengthens the nerves and brings new health and strength. The following is proof of Dr. Williams' Pink Pills to restore health. Mr. Geo. Turner, New Haven, N. S., says:—"No doubt due to constant hard work I got in a badly run down condition. It took very little exertion to tire me, and my appetite was far from being good. Often I had headaches, and when going up stairs, or after any slight exertion, my heart would palpitate violently, and I grew considerably alarmed about my condition. I decided to take Dr. Williams' Pink Pills and after using a few boxes I felt much better. I continued using the pills for some weeks longer, and they completely cured me. I can warmly recommend this medicine to men who are weak or run down."

You can get these pills through any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

Why Keep Sheep?

Sheep will eat almost all weeds. It is claimed that of the 600 weeds growing in the north-west sheep will eat 576 of them. Sheep will live on short pasture. Sheep are capable of utilizing a large amount of roughage to grain consumed. The cost of production is cheaper than cattle. Sheep are adapted to intensive methods of farming. Sheep bring in a revenue from wool, the lamb, and the old ewe. Some places are only fitted for the raising of sheep.
