

## Curing Skin Troubles

So many people, both men and women, suffer from skin troubles such as eczema, blotches, pimples and irritation that a word of advice is necessary. It is a great mistake for such sufferers and those with bad complexions to smear themselves with greasy ointments. Often they could not do anything worse, for the grease clogs the pores of the troubled skin and their condition becomes worse.

When there are pimples or eruptions, or an irritating or itching rash a soothing boracic solution may help to allay the irritation, but of course that does not cure the trouble. Skin complaints come from impure condition of the blood and will persist until the blood is thoroughly purified. It is well known that Dr. William's Pink Pills have effected the best results in many forms of skin disorders and blemishes. This is due to the fact that these pills make new, rich blood, and that this new blood attacks the impurities that give rise to skin troubles and disperses them; so that Dr. William's Pink Pills cure skin disorders from within the system—the only sure

way. It should be added that Dr. William's Pink Pills have a beneficial effect upon the general health. They increase the appetite and energy and cure diseases that arise from impure blood.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. William's Medicine Co., Brockville, Ont.

## OBITUARY.

PTE. JOHN CROWELL

Pte. John Crowell, son of Mr. and Mrs. David Crowell, of Hortonville, King's Co., passed away at the Sanatorium at Kentville, on Wednesday, August 28th., at the early age of nineteen years. He enlisted in the 13th., Railroad Batt., early in 1917, going overseas in June of that year. At the end of nine months one of which was spent in France, he was invalided home, going almost immediately to the Sanatorium, where after three months careful attendance he succumbed to tuberculosis. To his parents and other friends he spoke frequently of the kindness and attention that he received at the Sanatorium and he was regarded there as one of their most patient and appreciative inmates. Much sympathy

was felt for his parents who have two other sons over seas, Daniel and David both of whom have been in France, since the first year of the war, except when invalided to England, on account of wounds. The young son who has so recently passed away was anxious to finish out "his bit", but God willed it otherwise and he has gone to his reward for having done what he could.

## Trade at Home

DEAR EDITOR:—

You frequently advocate spending every dollar at home for goods that can be obtained satisfactorily here. I also notice that while other papers carry the large ads. of mail order houses that you never do, and I feel sure that there is a reason for this and perhaps a sacrifice on your part to help the home merchants.

But we farmers are feeling the pinch in these times of high prices for everything we buy. Our newspapers are rapidly increasing prices and we cannot blame publishers when we read of the increase in

## WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HENNET, 1816 S. Orchard St., Urbana, Ill.

Women who suffer from nervousness, "heat flashes," backache, headaches and "the blues" should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

cost of material for producing a paper. Butter paper which I formerly paid 18 cents per pound now costs me 50 and 60 cents per lb.

But I think our home merchants are to blame for a good deal of the money that is sent abroad. As a farmer I can get only 40 cents per pound for butter when the purchaser from the stores is charged 55 cents. I have been told lately that my beef is little in demand and yet when I try to purchase a roast or stew in the market I am asked almost famine prices. Clothing boots and shoes are so high when I compare mail order prices that I am inclined to think that our merchants are unduly raising prices and excusing themselves by saying the war causes it.

Would it not be well for some commission to be appointed to visit some of our towns and inquire what prices we farmers are receiving for our products and what the same goods are sold at in the stores, and also about what per centage of profit the merchant receives on what he sells us. If the percentage of profit is reasonable I for one will spend my money at home to keep business active, as money is our financial blood. But if the home merchant is so unpatriotic as to demand more than his "pound of flesh" or reasonable profit, I shall stay at home and shop by mail.

Merchants would profit by taking the people into their confidence.

## Guard Baby's Health in The Summer

The summer months are the most dangerous to children. The complaints of that season, which are cholera infantum, colic, diarrhoea and dysentery come on so quickly that often a little life is beyond aid before the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly to cure them. No other medicine is of such aid to mothers during hot weather as is Baby's Own Tablets. They regulate the stomach and bowels and are absolutely safe. Sold by all medicine dealers or by mail at 25 cents a box from The Dr. William's Medicine Co., Brockville, Ont.
