SURLEY TAKE "SYRUP OF FIGS" IF HEADACHY, BILIOUS, CONSTIPATED

Sweetens your stomach, clears your head and thoroughly cleanses your liver and 30 feet of bowels of sour bile, foul gases and clogged-up waste

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs to-night sure, and just see for yourself by morning how gently but thoroughly all the sour bile, undigested

fermenting food and clogged up waste matter is moved on and out of your system—no nausea—no griping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it cannot injure.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna." Refuse with scorn, any of the so-called Fig Syrup imitations. They are meant to deceive you. Look on the label. The genuine old reliable bears the name, California Fig Syrup Company.

Puckering.

Thos. J. Turpin, who weighs 300 pounds, has been signed by the Cobourg intermediate O. H. A. team.

Nipissing are leading in the Cobalt District League, with three wins and one loss, McKinley-Darragh is second.

The Sydney team defeated the Halifax Crescents 4 to 2 last night. This makes the sixth defeat of the Crescents this season without a win.

Frechette and Mohan, the Hamilton "amateurs" who failed to make good with the Tecumsehs, have been sold to the Canadians.

Nicholson of Tecumsehs and Paddy Moran of Quebec are tied for the goal tending honors. Both have been scored on 30 times.

Ottawa Citizen—Well, there's at least one consolation for local sportsmen. The baseball season is only three months away. That's one game at which Ottawa can show the way.

Cleveland Press—"Dutch" Poland refused to play the second half of the game. "That guy, Riley Hern, knows me, and he won't let me get away with anything," lamented Poland. There's no use leaving the bench. I'll be right back if I do." Trimble relieved him.

Winnipeg Telegram—Win or lose the Allan Cup in the championship race no win progress in this city, the champion Victorias, holders of the Canadian amateur hockey title, will make a trip across the Rocky Mountains at the close of the season to play against the amateur teams of Vancouver and Victoria.

Toronto R. and A. A. senior O. H. A. team play what they consider the hardest game of the schedule to-night when they meet Preston on the lattes ice. Last year's intermediate champions have a fast aggregation, and it would not be a surprise if the locals were handed a beating.

THE OAR.

Argonauts Rowing Boats
The Argonauts Rowing Club has given Sims, the famous English boat builder, an order for an eight, a four and a double for racing purposes. The shells will be ready for use in the Spring. The club will also have another gig, which will be built by Ackroyd. It will carry fifteen to twenty persons.

When these boats are placed in the club-house the Argonauts will be as well equipped for racing shells as any club on this side of the Atlantic.

BASEBALL

LOS ANGELES, Jan. 24.—Fred Snodgrass, centrefielder of the New York Nationals whose miff of a fly ball in the deciding game of the world's series last Fall was a large factor in losing the world's series for his team, has again signed a contract to play with Manager McGraw.

GRATEFUL MOTHERS

What Zam-Buk Did For Their Little Ones.

Thousands of mothers in Canada owe a debt of gratitude to Zam-Buk for its cure of their children and hundreds of them are not slow to recognize the claim.

Mrs. J. Quiding of Ninette, Man., says: "My little boy was suffering very badly from a form of skin disease over his eye. I applied Zam-Buk to the affected part, and in a very short time the sores were completely healed."

Mrs. F. Miners, of 311 Suffolk St., Guelph, Ont., says: "My little daughter Lorinda (6), contracted a skin disease. This first broke out like tiny water blisters, afterwards taking the form of dry scabs. These would disappear for a short time, and then reappear worse than ever."

"We tried Zam-Buk and with each application the irritation and soreness were greatly relieved and the child rested easier. Persistence with Zam-Buk worked a complete cure."

All druggists and stores sell Zam-Buk at 50c. box or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse harmful substitutes.

Catarh is an excessive secretion accompanied with chronic inflammation from the mucous membrane. Hood's Sassafras acts on the mucous membrane through the blood, reduces inflammation, establishes healthy action, and radically cures all cases of catarh.

Have You Tried O'Keefe's "Gold Label" ALE

The O'K brewmaster says it is his masterpiece—a rich, gold, creamy ale of matchless purity.

LEGENDS OF ST. SOPHIA.

Quaint Tale of the Beautiful Mosque in Constantinople.

"Famed throughout the world for its beautiful architecture, the mosque of St. Sophia has a legend that acquires sudden interest now," writes a European correspondent of the Chicago News.

"Originally the mosque was a Christian church. The priest was in the act of celebrating mass on that memorable 20th day of May, 1453, when Sultan Mohammed rode his horse into the sacred edifice, followed by his victorious Turks, and began slaughtering the Christians. The priest fled from the altar, passing through a small door behind it, but when the pursuing Turks reached the spot, intending to follow the priest, they found but a blank wall. The door had disappeared, and all traces of the fugitive were gone."

"But the story goes that when once again the mosque of St. Sophia became a Christian place of worship the wall will open of its own accord and reveal the secret door, out of which the aged priest will step forth to conclude the celebration of the mass at the altar."

"Another legend, recounted even by the Turks themselves, tells of two monumental candles built into the apex of the mosque. On every high Christian festival these candles are super-naturally set alight. When these candles are quite burned down into their sockets the Turkish domination will be over and the mosque of holy wisdom will be a Christian church once more."

ALUMINIUM GARMENTS.

Their Wearers Look as Though They Had Been Dipped in Silver.

Aluminium, as is well known, is extracted from clay. It was Napoleon who styled it "the silver of clay." Formerly it was the practice to extract it from the clay by means of retorts. More recently the electrical current has been employed for this purpose and with marked success, the cost of production of this valuable and by no means fully utilized metal thus having been very much reduced. In 1850 a pound of aluminium cost about \$40; nowadays it costs only about 20 cents.

Above all other metals, aluminium has the greatest specific lightness with the greatest durability and toughness. It can be rolled out and drawn exceedingly fine. This has made aluminium valuable and useful in the textile industries.

The fabrics made from aluminium do not require combination with other textile yarns. Of late the most beautiful effects have been obtained by employing aluminium in smooth as well as in twisted threads for the warp and for the weft silk yarn of any desired color. These fabrics are used in the making of evening cloaks and of theatrical costumes. Of late the most beautiful effects have been obtained by employing aluminium in smooth as well as in twisted threads for the warp and for the weft silk yarn of any desired color. These fabrics are used in the making of evening cloaks and of theatrical costumes.

The Great Libraries.
Forty-six miles of books, which represent nearly 4,000,000 volumes, form the largest library in the world, that of the British Museum. Oddly enough, although the largest and admittedly the most valuable library in existence, that at the British Museum is also the "youngest" of the great libraries of the world. The other most famous ones, such as the Vatican library, the Bibliotheca Nationale in Paris and the Royal library at Munich, had whole centuries the start of it, yet now the only one of them that approaches it in size is the Paris library, which is next biggest, with 3,500,000 volumes. Third place is occupied by the Imperial Library at St. Petersburg, which contains 1,831,623 books, while the United States claims fourth for the Congressional library in Washington, with 1,798,158.

Old Time Delicacies.
Swans are coming back into favor as a dish for the table. This reversion to the tastes of our forefathers may lead to a demand for other delicacies once held in high esteem. In the thirteenth century the heron, the crane, the crow, the cormorant and the bittern were considered excellent food. But for some undisclosed reason the same and the partridge were despised, and in the houses of the nobles neither was ever seen. Another dish favored by our ancestors was dill-grout. This must have been a special delicacy, for the lord of the manor of Addington held his tenure on the condition of his presenting the king every year with a dish "called dill-grout, and if fat be added then it is called malpigerum."—London Chronicle.

Culture Pearls.
The British commercial attaché at Yokohama reports that considerable export business is done with Europe and America in Japanese "culture" pearls, which, although in appearance and nature the same as the natural oyster pearl, are obtained from oysters by a special process at the Mikimoto pearl culture farm in the bay of Ago, a small bay inside the gulf of Ise. The "culture" pearl has to be cut off from the shell, whereas the natural pearl is found free in the oyster. Consequently in the case of the former one part of the pearl is inferior in appearance, and this accounts for the large difference in value between natural and "culture" pearls.

A Popular Map.
Belgium has issued a military map, which is on sale. Her general staff were among the 38,000 copies who bought for the German army. Belgium's neutrality is "guaranteed" by the powers, but as a good route to Paris lies that way the maps might come handy.

Children Cry FOR FLETCHER'S CASTORIA

A BLOOD MEDICINE WITHOUT ALCOHOL.

Recently it has been definitely proven by experiments on animals that alcohol lowers the germicidal power of the body and that alcohol paralyzes the white corpuscles of the blood and renders them unable to take up and destroy disease germs. Disease germs cause the death of over one-half of the human race.

A blood medicine, made entirely without alcohol, which is a pure glyceric extract of roots, such as Bloodroot, Queen's root, Golden Seal root, Mandrake and Stone root, has been extensively sold by druggists for the past forty years as Dr. Pierce's Golden Medical Discovery. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

Dr. B. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, and a physician of large experience and practice, was the first to make up an ALTERNATIVE EXTRACT of roots, without a particle of alcohol or opium.

"It is with the greatest of pleasure, that I write to let you know of the great benefit I received from the use of your medicine and self-treatment. I was afflicted with Rheumatism, H. C. I. I suffered for three years from a running sore. Consulted four doctors but they failed to mend or give relief. Finally I was told I was in consumption and would have to consult a specialist concerning my ear, that the deaf bone must be cut out before the wound would heal. A kind friend advised me to write to Dr. Pierce, which I did and after seven months' use of the treatment the sore is healed, and I enjoy better health than I ever did. I dressed the wound with Dr. Pierce's All-Healing Salve and took the 'Golden Medical Discovery' and 'Pleasant Pellets' for my stomach. I shall always recommend your medicines."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

Have the Matter Done They are Well Off and Know

(Courier Leased Wire)
NEW YORK, Jan. 23.—to The Herald from Paris. Burglary of works of art in Paris. In the course of a week residences of four wealthy Paris noted art collectors, have broken into and objects of great value, selected with a discrimination that betrays a cultivated taste, carried off.

The burglaries apparently the work of a band, well under a leader apparently with the contents of the choice collections, restricting their operations to those containing of extreme rarity.

The first of the series, residence of Comte de Reille, 37 Rue de Bassano. The objects tried off were rare gems and engravings. Next the apartment of the Marquis Henri de Douetville, at No. 39 Rue Franco-mier was entered. Here again
