

## THE ACADIAN.

WOLFVILLE, N. S., MAR. 7, 1919.

### Editorial Briefings.

On Tuesday evening, March 4th, some of the citizens interested in the several problems of town improvement met and discussed ways and means to accomplish this end.

It was decided to organize a Community or Citizens' League and a committee was appointed to nominate committees to look into town improvement problems.

This committee is to report at a meeting of the citizens called for Tuesday, March 11th.

At the opening of the Legislature last week Premier Murray in his brief initial speech congratulated the leader of the Opposition on that gentleman's remarks concerning the desirability of 'pulling together' in the work of public legislation for the province, and reiterated the retrials of Nova Scotia first. Both these gentlemen are right. If Premier Murray and Mr. Hall are really to work together with a common object it will be a most excellent thing.

### Timely.

The following resolution passed at the meeting of the Council on Wednesday evening in a most timely expression, and should evoke the sentiments of citizens generally towards civic conditions along this line:

Whereas it is highly important that the town should be kept as neat and attractive as possible;

And whereas public spirit and interest in this direction is much more effective than legislation;

Therefore resolved that the present council urge upon all residents the desirability of a continuation of effort toward this end. Also that all unsightly advertisements, posters and notices should be discontinued and as tending to cheapen the appearance of the town.

And further resolved that any organization having for its aim the objects aforementioned will receive our hearty co-operation.

### 30 Years Ago.

The following extracts are taken from the files of "THE ACADIAN" of 30 years ago:

This year March certainly came in like a lamb, and baseball and bicycling were in order the first day. The season is certainly a remarkable one.

This, the first week in March, has been remarkably spring-like. The frost seems nearly out of the ground and the roads are in a very bad state. The season seems as far advanced as it usually is the first of April.

Wild geese are reported to have arrived in numbers. This is unusually early.

Rev. Isaiah Wallace occupied the pulpit of the Baptist church on Sunday morning.

On Monday last week at Black River, Gasperau, while chopping in the woods, Mr. Henry Ratusse slipped off the log, falling upon his axe, the blade of which entered his hip, inflicting a shocking wound. On Wednesday Mr. Albert Schofield, of the same place, cut his foot nearly in two by an accidental stroke of his axe on the instep.

The Salvation Army has launched a movement to raise \$150,000 for a Maternity Hospital in Halifax. A site opposite the Medical College has been promised by Dalhousie University. The movement is endorsed by the medical profession and prominent citizens in Halifax.

There are a number of new plays in THE ACADIAN this week that are well worth a careful reading. Read every one carefully and get your money's worth when you buy.

## Give Them the Opportunity to Take the Best.

There is a saying abroad regarding the returned man that needs to be readjusted and turned about, says E. Stafford, an ex-soldier interviewed connected with the Department of Soldier's Civil Re-establishment.

"Many have the idea that those who return after a certain period in the army have lost their initiative and will need a great deal of pushing and encouraging to enable them to face up to their responsibilities and to make a man-size job again."

Now in the majority of cases such an impression is entirely misleading. "I feel safe in saying that a large percentage of the men who return will have rather gained an initiative. They are coming back with a higher vision of life. Their close contact with fellows of every shade and opinion has broken down all the petty ideas of pre-war days and they will no longer be satisfied with anything but the best."

"Give them the opportunity to take the best and to make the best of themselves and they will grasp it."

"Those who have lost initiative will be comparatively few. Some are different on account of disability and weakness left through illness, but outside of such a very few cases of real lack of grip may be traced back to the fact that the man was never very keen or bright before going overseas. The men who were worth while before the war have only gained through their discipline and contact with others. They have been up against the biggest things in life. Never fear, they will want to climb and gain the highest. Let us see that everyone gets the opportunity."

**Evidently Appreciated.**

The ex-soldier patients at the Kentville Sanatorium got a pleasant surprise on Friday, St. Valentine's Day, when a party of "Give Service Girls" from Wolfville motored to Kentville to bestow a nice valentine parcel on each patient.

We feel deeply indebted to them for their thoughtfulness. The fact that they went to a great deal of trouble and sacrificed considerable time in order to prepare a surprise for us makes us appreciate their kindness all the more.

It makes us feel that although our duty is performed there is someone who thinks of our past services. In this respect Wolfville is always in the foreground.

"Give Service Girls" we thank you. PATIENTS, K. Sanatorium.

To the Wolfville "Give Service Girls":

The way was long, but the day was warm, when slowly motoring along, came people to do us no harm.

They came up to the "San," to surprise the patients there, when busy with parcels they ran, the Kentville people looked on, with dumb and mute surprise.

To see the "Give Service Girls" had won, when they come to fraternize, the boys who tried to do their bit, appreciate such kindly deeds.

The "Give Service Girls" sure made a hit, in trying to cater to their needs. The boys appreciate your act, accept good wishes from all ranks, that we're delighted in a fact, "Give Service Girls" accept our thanks.

PATIENTS, Kentville Sanatorium

**Minstrel Show.**

The Minstrel Show given in the Opera House last Friday evening, under the direction of Mrs. Cass Pierce Richmond, was a decided success.

The songs were all well rendered and the jokes on local personages were heartily enjoyed by the audience. Special mention should be made of Mr. J. C. Mitchell who, as Bambo, proved to be a just-plain comedian. A feature of the program was a solo on the "Bones" and a dance by Mr. George Henley.

The second part of the program, given by the Ladies Glee Club, was also much enjoyed. The choruses were all expertly rendered and show up the splendid training of Mrs. Richmond. The individual numbers were all well received by the audience. The song "Lullaby" from Vittans, by Mrs. Eubank and Miss Wilson, was especially pleasing.

**Saved Baby's Life.**

Mrs. Alfred Tranchemontague, St. Michael's de Salts, Que., writes: "Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers. Mrs. Tranchemontague's experience is that of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach thus relieving all the minor ills from which children suffer. They are sold by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Canadian National Railways.**

How few of us realize that every Canadian citizen is financially interested in the fourteen thousand miles of railway in the Dominion controlled and operated by the Government!

How few of us realize that of the total railway mileage in the Dominion the Government operates over 90 per cent of the same!

How few of us realize that the Dominion Government is the largest owner of railway property in the world!

How few of us realize that the Dominion Government is the largest employer of Canadian citizens in the world!

How few of us realize that the Dominion Government is the largest purchaser of Canadian goods in the world!

How few of us realize that the Dominion Government is the largest spender of Canadian money in the world!

How few of us realize that the Dominion Government is the largest contributor to the Canadian economy in the world!

How few of us realize that the Dominion Government is the largest supporter of the Canadian people in the world!

### Returned Men.

The following Kings county boys returned here from overseas this week:

Pts. H. F. McCormack, B. J. MacEachern, J. W. Quinley, J. Ornt, Kenworthy, Sgt. H. C. D'Almeida, H. Vaughan, Wolfville; K. W. Ferguson; Pte. J. S. Holland, Aylesford; Pte. M. Huntley, Kingsport; Cpr. Frank Bishop, Wolfville.

The White Star-Dominion liner Margate arrived at Halifax on Wednesday morning with the following Kings county men on board:

Pte. J. C. Meek, Canning; Sgt. S. G. Simson, Me. spaso.

Sgt. Gordon Simson, of Melancon, went overseas with the 210th Battalion in October, 1916 and was afterwards transferred to the 85th Battalion. He was wounded last September and has since been in hospital in England.

Cpr. Frank Bishop, who went overseas with the 9th Siege Battery, and who has since been in hospital in England, returned home on Monday.

Pte. Harold Vaughn, son of Mr. and Mrs. C. M. Vaughn, arrived home on Monday night from overseas quite unexpectedly. Pte. Vaughn went overseas in October, 1916, with the 210th Batt., and was transferred to the 85th. He was gassed some time ago and since his recovery has been doing service in England.

### Death's Harvest.

The death of Mrs. Hogan, who for some time has been a resident of the dia Lodge, took place on the evening of last week.

The deceased was a native of England and was a highly esteemed lady. She was 77 years of age and leaves three sons and two daughters. The funeral service was held on Sunday afternoon, conducted by Rev. R. F. Dixon. The remains were taken to Church Street for interment.

The death of Effie Cavanaugh Brown, wife of Ralph Brown, and daughter of Mr. and Mrs. Martin Cavanaugh, took place on Feb. 21st after a short illness. The deceased was a member of the Wolfville Baptist church, and is survived by a sorrowing husband, father and mother, three sisters and two brothers, one Harry, at present overseas. She was twenty-two years of age.

## An Early Spring

In promised by all the weather signs. This, up to the present time has been the most open winter we have experienced for many years and is in direct contrast to the winter of a year ago. At that time the woods were full of ice and snow which made a very late and a very short spring.

An early spring means a better opportunity for the farmer to work his land, prepare the ground for extra large crops and a long planting season. Every farmer should be in a position to take advantage of the promised weather conditions and a long spring season.

It is not desirable to get in the crops too early as often late spring rains and a late frost will undo all the work which the early spring allows, but the farmer should have his land ready, his seeds ready and his fertilizer ready which will give him an opportunity to get a large average.

Whatever the conditions are from year to year the man who has the largest crop to sell at the selling season is the man who is the best off. This, and is true whether the prices are high or low.

Fertilizer is necessary and if you have not arranged for your fertilizer already, it is time to do it now, as the time when you will need it is almost here.

**Order Early. - Ship Early.**

## Flour Substitutes at Feed Prices

Here is the story in a few words. Carrying out the regulations of the Canada Food Board we put in a pretty large stock of the flour substitutes recommended by them. Shortly after the fighting ceased the flour was lifted to a very large extent and we had a considerable stock of the substitutes on hand. Now we want to close this stock out as quickly as possible—hence your chance to get the lines mentioned below at low prices given:

Don't you think that it would be saving something worth while putting in a supply at this price and use freely with your flour?

Corn Flour, per 98 pound bag \$ 4.50  
Barley Flour, per 98 pound bag 4.50  
Rye Flour, per 98 pound bag 6.35  
Barley Flour, in 14 pound bags, 14 bags to the bbl., per bbl. 10.50  
Oat flour, in 14 pound bags, 14 bags to the barrel, per bbl. 10.50

Why use cornmeal and other feeds when you can buy the much more nutritious cereal flours which we are offering at such low prices.
