

RHEUMATISM ARRESTED

Many people suffer with lame muscles and stiffened joints because blood impurities have invaded the system and caused rheumatism.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Try it.

"PIGS IS PIGS"

Editor Observer:

As a reader of your valuable paper and resident of Somerville, I would like to reply to a piece I saw in your last issue entitled "Pigs is Pigs". The writer had the first part of the narrative all right, but the rest of it is very misleading. When the pigs arrived at Hartland the district representative phoned to one of the boys in Somerville to get and take them home and deliver to the boys, giving each boy's name that was to be a pig. The pigs have been delivered and no boy has more than one pig. So the writer is either ignorant of the facts or is trying to stir up strife in this wonderful pig club. He also spoke about the wonderful privilege the Somerville people have of looking over at Hartland. I don't know what it is that is so wonderful unless it is some of the backyards. I am sure you won't see any such sights in Somerville. From an eagle and barrel hoops are much of a sight, why we ought to be thankful for the privilege of looking over. As to the privilege of going to church and school, well, I think we pay pretty well for what schooling we get there. Show me a school outside of Hartland that charges less than a year's tuition here and I never got much in Hartland I did not pay for. Now, Mr. Editor, I think if you correspondent will come over to Somerville and examine all the documents here he will only find one of the government pigs in each one. Don't know, neither do I care who it was who wrote such a foolish piece as that, but it sounds to me as if it was one of those fellows that used to be stepping around Hartland just prior to 1914 with a couple of stripes on the arm, as brave as lions, going to Sussex preparing to defend their king and country. Just now you would have to go to the woods to find some of them if they thought they were wanted to put on khaki. He also spoke about the great privilege we had in going to Hartland church. Now I don't suppose he has ever been inside of a church for the last ten years at least and I am sure never has paid a cent towards its support, though he might have written a few unkind letters to some of the pastors if things were not going to suit his own selfish ends. So good by, Mr. man, if God has so ordained it that the people of Somerville have the privilege of looking over at the beautiful sights in Hartland it is their God-given privilege and no fault of theirs.

SOMERVILLEITE

(Still another is in hand concerning this question, but now as both sides have had a say the controversy must end so far as The Observer is concerned—Editor.)

SAVE THE CHILDREN

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer. In most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Bath News

A very serious accident took place here on Thursday last when Ralph Foster while walking along the railway track was struck by the engine of the up-going night train and thrown over an embank-

ment and badly cut about face and arm.

News of the sudden death of Mrs. Wellington Page, formerly Miss Kate L. Baker, of Lowell, Mass., was a great shock to her friends here. Mr. Page is the daughter of Mrs. Harriet Barker residing here, and was for several years teacher in one of our schools and also at Knowlesville and Homersville. Her widowed mother, now well advanced in years, and family have the heartfelt sympathy of the community.

E. F. Shaw, itinerant magistrate, John Ryan and W. H. B. Ryan, J. P. were visitors at Woodstock on Monday last.

Rev. J. B. Champion of Centreville occupied the pulpit of the Methodist church here on Sunday last in exchange with Rev. F. A. Wightman.

S. M. Tompkins and George Nixon of this place spent several days on the Miramichi on a fishing trip last week.

John McIntosh, who purchased the Eber Kearney house is having a concrete foundation placed under it. The work is in charge of W. N. Dyer of this place.

Pte. Wendell Jones of the Depot Bath, Sussex, spent a few days at his home here this week.

Mrs. Frank Paken, formerly Mrs. Mary Jones of Haverhill, Mass., is spending a few days with her parents, Mr. and Mrs. James Jones. She is accompanied by Miss Taylor of the same place.

HOW IS YOUR APPETITE?

Loss of appetite during the summer months is a common trouble, and indicates that the digestive system is out of order. Lack of a healthy appetite many people—especially women—go too long without food, or eat sparingly because food seems to disgust them, and it is no wonder they complain that they are constantly tired and unable to stand the hot weather. This simple complaint that the digestive system is not doing its proper work, that the nutriment that should come from the food is not being distributed to the various organs of the body. In other
