OBITUARY

MRS. GEO. C. ALLEN

Mrs. Geo. C. Allen died on the 23rd instant at her home in Moncton. She was formerly Miss Ethel Robb. Her husband is well known here having some years ago conducted a drug store in the building now occupied by Howard Williston. She had been ill three weeks. Besides her husband two children, her mother, and three brothers survive.

MRS. JOHN MOWATT.

Word was received at Chatham, Wednesday, from Boston of the death of Mrs. Mowatt, widow of the late John Mowatt, son of James Mowatt. Mrs. Mowatt was forty-four years of age and leaves two children: Chester, in Bank of Montreal, Quebec, and Jessie, who lives in Chatham with her grandparents. Mrs. Mowatt was formerly Miss Holland, of Chatham. Death was due to pneumonia. Her son Chester left on Wednesday for Boston and brought the remains to Chatham for burial.

MRS. HENRY WILSON.

On March 15th Mrs. Henry Wilson, who has been living with Mr. Botsford Black of Trout Brook, Kent Co., died very suddenly. Some eight days before her death Mrs. Wilson had fallen on the ice and fractured her thigh. Under the care of Dr. Girvan she was progressing nicely until paralysis of the heart set in and she passed away without a moment's warning. The deceased was 67 years of age. She leaves to mourn a son and several daughters in the United States. The funeral was held on Thursday afternoon. The services were conducted by the Rev. R. H. Staver. Interment was in Bass River cemetery.

CAIUS McLELLAN.

Caius McLellan, aged sixty, passed away on Thursday, after an illness of over two years caused by injuries received in the Beaver Brook accident on Feb. 5th 1907. Deceased was born at Indian River, P. E. I., but lived in Newcastle for the last thirty years. He is survived by his wife, who was a daughter of the late Donald McLeod, of Newcastle, three sons and two daughters. The sons are William, of Lawrence, Mass.; John and Bernard at home. One daughter Josie is at home, and Kate is a graduate nurse in Augusta, Maine. He also leaves one brother, James McLellan of Worcester, Mass., and five sisters.—Mrs. (Capt.) McKinnon, of P.E.I.; Mrs. McIntyre, Mrs. McKinnon, Margaret and Annie, all of Boston. Mr. McLellan was well and favorably known. The funeral took place at St. Mary's church on Saturday, Rev. Father Maguire officiating. The pall bearers were: Messrs. Maher, McIntyre, McAllister, Masson, L. Donohue and S. Matheson.

WEDDING BELLS.

HARCOURT WEDDINGS.

St. Patrick's Day, at Harcourt was marked by an event of interest in the home of Mr. Andrew Dale, when his daughter Amelia, became the wife of Christopher Cameron of Chignecto Mines. The bride, who was unattended, was becomingly attired in a pretty suit of blue broadcloth. Rev. F. H. Thomas officiated. After the ceremony a dainty luncheon was served to the large number of guests present. On the same evening at the Eureka Hotel Mr. Wm. Dale was united in marriage to Miss Agnes Beck by Rev. C. H. Manaton. The bride was gown in her travelling suit of blue broadcloth. After the ceremony a wedding supper was served to a number of guests. Both couples left on the maritime express Thursday morning for their future homes in Chignecto Mines.

They act quickly and gently, and are absolutely safe to give any child. Mrs. S. Green, Dunville, Ont., says:— "I would not be without Baby's Own Tablets in the house, for I think they are an invaluable medicine for all little ones." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NEWCASTLE LABOR REPORT FOR FEBRUARY

In the Labor Gazette of the present month James Falcener has the following report for February of industrial conditions in Newcastle and vicinity:

Labor conditions were quiet as the month was cold. Very little work was done on building, but mill men will soon be getting their sawmills ready for spring work. It has been a good winter for getting out lumber as the snow was not very deep. Most of the men are coming out for season, and numbers will be idle until lumber driving begins about the first of April. Everything points to a much improved summer in the lumber trade, especially in laths and shingles.

CONDITION OF LOCAL INDUSTRIES.

Agriculture.—There was not much activity, except in getting beef cattle fattened for the spring market. Newcastle always has a good market for fat cattle.

Fishing.—Smelt fishing is over for the season. The catch has not been nearly so good as the last.

Lumbering.—The pulp and paper mill erected in Derby is now completed and is making paper. The company has about one hundred men employed.

The building trade is very quiet as yet, but carpenters will be busy in a short time. Painters, decorators and paper hangers will be busy now for some time as the coming three months is their busy season. Stone cutters are expecting a good season already a quantity of stone is being shipped to Montreal and other cities. Horsehoers have had a good winter as rain has kept the roads icy. Carriage and wagon makers are now busy on repairs. Tailors report spring orders coming in. Ice cutters are storing up great quantities of pure, clear ice. Unskilled laborers are far in excess of demand, and will be so for five or six weeks.

MAJORITIES SHOULD RULE

(Campbellton Graphic)

The amendment to the Liquor License act foreshadowed by Hon. Mr. Hazen in the legislature last week is a step in the right direction and we trust the bill will be passed, and that it will be brought into effect at an early date. It seems reasonable that where a majority of the voters casting their votes, deserve it, local option should rule.

BEAUTIES OF THE INFINITE

(By a Banker)

tensified to such an extent that the splendors of the midnight vault of the midnight sky were revealed to us in all their wondrous grandeur as with the aid of a giant telescope, what a sublime and majestic spectacle would be presented, consisting of the three or four thousand stars which even the sharpest unaided vision can detect, nearly every million burning—suns would be seen scintillating in all their glory; some of a pale azure, like flashing sapphires, as the double star Delta in the Scorpion, and many others some a vivid crimson as that glowing beauty Eta in Perseus, or some, as a group in Andromeda, would be the remarkable companion to a singularly bright star in the constellation of the Lion, like glittering "sevens" while, scattered throughout the firmament, right down even to its remotest depths, are unnumbered thousands of other suns glowing in radiant light, here clustered together, a group of varied tints; here glittering alone, as if their less gorgeous companions were here a pair relieving each other, one a bright indigo blue, the other a deep blood-red.

And the most curious fellow travellers in space, moving round our little sun, for such it is, comparing with some of the giants of the universe, as mighty Arcturus or flashing Sirius, is but an insignificant star—how beautiful and striking they would appear! magnificent Saturn encircled with immense glowing rings, some shining with a golden radiance, others transparent and marked by a number of luminous spots; the stupendous Jupiter, a mighty globe, and in dimensions to four times that of our own earth, or relatively speaking it in size even more than a football as compared with a very small marble; blood-red Mars, with its strange canals; or the minute minor planets, resembling the wreck of a great ship, and hark back in the

A failing day here, no larger than the finest silver thread takes from the hand its majesty, its power, its regularity. The stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments, those weak and faltering inside nerves. This, no doubt, clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonder full merit. Any one who don't drug the stomach, treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

MANY SUFFERING

FROM LA GRIPPER

According to the estimate of a local physician, not less than 2,000 persons have suffered from gripper within the town during the last four weeks. A large number of whom are still on the retired list from that disease. There has also been at least 20 or 30 cases of pneumonia, many of them of a very severe type, but so far, however, with successful results. Scarlet fever, which has also been so very prevalent during the winter months is rapidly disappearing. Whooping cough is still so prevalent at Athol. A few cases of diphtheria have also been up at long intervals, but this disease has been so mild a type of late years that it is announced no longer seems to cause much anxiety. Diphtheria, scarlet fever and pneumonia are still however, very much dreaded. An element of danger lies also in la grippe, owing to its frequent complications and the distressing weakness and depressed condition of the system which nearly always follows an attack of la grippe.

Don't believe rheumatism can be cured by rubbing liniment or oil on the sore spot. The disease cannot be reached in that way. It must be driven out of the system. Only Celery King will do this quickly. 25 cents at dealers or by mail. S. C. Wells & Co., Toronto

Prevents as well as Cures

"Father Morrissey's No. 10" (Lung Tonic) Goes a Step Further Than Other Cough Medicines.

Left to themselves, most "Common Colds" will run their course and depart. But they leave reminders in the shape of lingering, irritating coughs and weak throats and lungs.

There are many cough medicines on the market that help to stop a cold, but they do it because they contain Opium, Morphine or similar drugs that simply quiet or deaden the irritation, but do not remove the cause. Such medicines do little or no permanent good and often a great deal of harm, particularly to children.

"Father Morrissey's No. 10" is made of Roots, Herbs and Bileams, without a trace of Morphine or any other harmful drug. It goes straight to the root of the trouble and removes the cause of the cough. It soothes lungs and throat to a healthy condition, tones them up, and makes them stronger than ever to resist colds and more serious diseases. Trial bottle, 25c. Regular size, 50c. At your dealer's or from Father Morrissey Medicine Co., Ltd., Chatham, N.B. 12

Whooping Cough, Croup, Bronchitis, Cough, Grip, Asthma, Diphtheria

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure a cough of the breathing organs than to take it orally into the stomach?

It does. In fact, it is a powerful remedy, and every breath, gently inhaled, carries it to the lungs. It is invaluable to mothers with small children.

These famous vapors, when inhaled, find their way to the lungs, and soothe the inflamed condition of the throat.
