

EXPLAINS ITS POWER OFFER.

Cataract Company Replies to Mayor's Inquiries.

Reorganization Committee to Meet Officials.

Rumor of Power Arrangement in Toronto.

Mayor Stewart today received a reply to the letter he sent to General Manager Hawkins asking a number of technical questions in explanation of the company's offer to supply the city with power at \$16 per horse-power.

Mr. Hawkins' answers have been sent to Engineer Sothman, of the Hydro-Electric Power Commission, to be interpreted. One point in Mr. Hawkins' letter that differs very much from the Hydro offer, the officials say, regards the monthly maximum basis.

Mr. Hawkins' letter is as follows: Hamilton, Feb. 24, 1908. T. J. Stewart, Esq., Mayor, City Hall, City.

Dear Sir:—Replying to your favor of the 14th inst. asking for further information upon our offer to supply power to the city corporation for the operation of its waterworks pumps and the street lighting system, I beg to say as follows:

1. The power offered is to be measured on the basis of volt amperes. 2. Seven hundred and forty-six volt amperes constituting an electrical horse power.

3. We should stipulate that the power factor shall not fall below 60 per cent. 4. Our charge would be made on the block of power you agree to use.

5. Our offer was based on a term of five years. Yours truly, W. C. Hawkins, General Manager.

Those who profess to be able to read the handwriting on the wall declare that there will be an upheaval at the City Hall before the committee dealing with the re-organization of civic departments, as suggested by the Mayor in his inaugural address, completes its labors.

Some of Ald. Farrar's friends think he got a raw deal in being left off the committee after the service he rendered the Tory machine at the beginning of the year in flopping to its support when the Council was evenly divided.

According to a Toronto despatch, it is thought in some quarters that there is a probability of the Hydro-Electric Power Commission and the Electrical Development Company coming to an understanding, and the commission taking over from the company the contract for the supply of power and disposing of the power to the city at the same rates.

If the Government completed a deal with the Electrical Development Company it would mean that Hamilton would be able to get power at one instead of having to wait a year or so.

S. Scott was granted a permit this morning for a brick house on Emerald street, between King William and Wilson street to cost \$1,600.

SHOT BURGLAR. Granby, Que., Feb. 27.—A burglar was feinted by neighbors in the house of Wm. Jenkinson, some 2 1/2 miles from here, yesterday afternoon. He refused to drop some burglaries which he had made and started to run away with three young men in pursuit. He was overtaken but refused to give up the articles and threatened the young men. One of the latter, who was armed with a rifle, thereupon shot the man. All three then gave themselves up to the authorities. The burglar has not been identified as yet.

NO PROSECUTION. Private detectives were put at work at the Freeman Company's warehouse last week to find out where some manufactured stuff was going, that was disappearing by the barrel. They discovered that a man passing himself as a teamster took it and stored it in a nearby warehouse with some barrels of oil and then took it away at his leisure. The case has been settled and there will be no prosecution. The local police were asked to aid in the case.

Effort to Upset His Election and Unseat Him. Goderich, Feb. 27.—Notice of motion was served to-day on Robert Thomson, the present occupant of the Mayor's chair, in quo-warranto proceedings to upset his election.

Dr. Mahelin was declared elected by the returning officer, but a subsequent recount of the ballots, conducted in the Mayor's chair. The grounds of the proceedings are that the ballot boxes were opened, and some of the ballots remarked or altered, that one or more of the deputy returning officers influenced the election, and that Thomson at the time of the election was interested in contracts with the town.

LATE SPORTING NEWS.

New York, Feb. 27.—It is the intention of Jack Johnson, the American colored pugilist, to accept the offer of a syndicate of British sportsmen for a match with Tommy Burns in England, according to an interview with Johnson.

Johnson is quoted as saying that, while he at first regarded the terms of the proposed match as unfair, he has now made up his mind to accept the offer. His main objection, he said, was to the smallness of the purse.
