Halifax, 10th July, 1853. SIR, As the Agent of Messrs. G. T. Haszard & Co., I beg to bring under your notice my PATENT ARTIFICIAL SLATE. This composition has been prepared, of three years' standing, and is now being used in New Brunswick, Newfoundland, and Prince Edward Island, the Canadas, and Nova Scotia, principally for covering shingled roofs, as you will perceive by the accompanying circulars of certificates. It has been severely tested, and proved satisfactory fully its fire proof qualities under most extraordinary circumstances; so much so, that I am of opinion that Fire Insurance Companies should encourage its general application, in all kinds of wood building (where the color would be no objection to its being used) such as back walls of dwellings in the city, out-houses, ware-houses, &c., as well as the roofs; by lowering the premium of insurance on such buildings as are covered.

I have the honor to be, Sir, Your obedient servant, J. W. ROSS, Patentee and Manufacturer, Halifax 10th July, 1853.

MONEY TO LEND. INQUIRE at the Office of CHARLES PALMER, Esq., Charlotteville, February 1, 1853.

AYER'S PILLS. A NEW and singularly successful remedy for the cure of all Bilious diseases—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Fever, Gout, Humors, Nervousness, Irritability, Inflammation, Headache, Palms in the Head, Spleen, Back, and Limbs, Female complaints, &c., &c. Indigestion is the most common cause of a Purgative Medicine, and is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a course habit of both purgative and non-purgative medicine, and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is a safe and reliable remedy, and is recommended by the most eminent Physicians, and all those who are afflicted with these affections, are invited to try it. It is sold by all the principal Druggists and Apothecaries in the United States, and in all the principal cities of Europe.
