QUEENS COUNTY

ZETTE, GAGETOWN, N. B., WEDNESDAY, MARCH 7, 1900.

## Special Announcement!

We have been appointed GENERAL AGENTS

GOLD GROVE WOOLEN MILLS.

The above named Mills are fitted up with the latest improved Machinery for the manufacture of

Tweeds, Homespun, Blankets, Flannels, Yarns, Etc

WE ARE ALSO PREPARED TO DO

Custom Carding by the Latest Improved Method

of Willis' Patent Continuous Roll Card, which is a great improvement over the old way of Custom Carding being instead of a short roll a continuous roll of two or three hundred yards. The staple of the wool by the new process is taken lengthwise which makes the yarn spun even and stronger than the old way, which makes a saving in time and labor. It has been tried and tested by some of the best spinners in St. John and Kings Co. and has been pronounced by them

THE MOST PERFECT ROLL MADE.

We are now in a position to handle any amount of WOOL that may be sent to us. We will give in exchange for wool, not only the products of the Mills, but anything in our store in General Dry Goods, Gentlemen's Furnishings and House Furnishings at the Regular Cash Prices.

We Have But One Price On Our Goods.

CUSTOM CARDING AND WEAVING A SPECIALTY.

We can assure our Customers and the Farmers in general that they will achieve the best results by sending their wool to us.

SHARP & McMACKIN,

335 MAIN STREET,

St. John, N. B., North End.

### Correspondence.

Spicy News Items Gathered by Gazette Correspondents

#### Cumberland Point.

The snow storm of Sunday, 18th inst., was the worst witnessed here during the winter; but the roads are now broken out again, and in fine condition for sleigh driving.

Mr. Bartlett McLean of this place, who has been spending a few weeks at his home in St. John, is expected to leave for St. John in a few days. His departure will be regretted for we are always glad to see his smiling countenance among us. He is a very enterprising young man and will be greatly missed, especially by the young people here.

Miss Jessie Ellsworth, one of our popular young ladies, is spending the winter in St. John.

Miss Cynthia Barton of The Range, who has charge of the school here, is much liked by pupils and parents.

Mr. Jas. Coombs who has the contract for getting wood for the school house deserves much praise for the manner in which his work is being done. "Jimmie" is a very popular young man and is mainly instrumental in making amusement for the young people of this community.

Mr. Alphonso McLean who has been in the woods for the past few months, has returned home. His many friends were glad to see him again, and he received a hearty welcome.

Messrs. D. H. and W. S. Rooce are doing a rushing business getting cordwood for the Rockland market. We all join in wishing them every success in their noble enterprise.

The people of this place have now awakened to the realization of the fact that they were laboring under great disadvantages when without a J. P. Since the appointment of the magistrate in this place it has been found to be much more convenient for the teachers to make affidavit to their returns, and also to persons of other trades to take oath concerning business which they transacted with friends some months previous. When it is inconvenient for anyone to go to the Squire's home, to swear, he is now accommodating that he will go to their home, and in this way he has been found to be very helpful.

#### One Who Knows.

Feb. 28.—The weather for the past few days has been very fine and the roads

although very icy, are in good condition. Mr. David Phillips, who has been sick for a long time is slowly recovering. Messrs. Willard Caldwell and D. H. Bacon are dealing cordwood for the Rockland market.

Mr. D. W. Harrington, our new mail carrier is on time every day and is much liked by the people.

#### Cook's Sure Cough Cure.

"Yes," said Mrs. John McKee who keeps a general store at Kingsport, N. B., "we sell much of Cook's Sure Cough Cure, then all our other Cough balms combined, in fact we can only sell it, after a person once purchases a bottle. It has got the name in this locality of giving relief to a cough or cold where nothing else will." This old English Remedy is sold by all dealers at 25c. per bottle. Large bottles.

#### To Editors QUEENS COUNTY GAZETTE:

Dear Mr. Editor: I am a small boy and this is the first time I ever attempted to write a piece for publication—would you kindly insert it in the columns of your valuable paper.

We have had good travelling all winter until the recent snowstorm and high wind completely blocked the roads; but, thanks to our commissioner who turned out with teams and men, there is fine going and the roads are good.

I go to school. I have not missed one day this year. There are a good many boys and girls go to our school, and we have a jolly good time. I like the girls and I like the teacher because she is a girl, and don't beat us. Teacher says she never had as good as average at any school. She has about 95 per cent.

We have quite a number of bachelors in our settlement. I don't like bachelors. I never intend to be a bachelor. There is one gentle old bachelor living here and he cannot get along with the girls, and the girls don't like him. No wonder! It is said that he prefers the private company of gentlemen to that of the ladies. We've a lot of old maids here, too. I don't, as them either. They are cross and don't like the boys. The old maids of this settlement had a party the other evening. I do not know much about this party, as I was not there. I do not care much about old maid parties for they say they have no candy at them—not even a piece round. (I like candy.) They played a few silly games such as "Jenkins Up," "Huddley Wink," and "Old Maid." They were feeling quite hungry, they dined their appetites and left for their homes at an early hour, singing "we are jolly good fellows," and saying in

their own minds, "this cannot be beat."

Miss Maggie Fraser invited all the young girls to a hooking party. The young men came in the evening. We had a fine tea and didn't we enjoy ourselves. Miss Edith Darrach, assisted by Mrs. Myrtle Rankin rendered some choice selections on the organ, then we had a nice treat of cake, candy and raisins. (That's what I like.) The company dispersed after spending a most pleasant time. Here is where the joke comes in. Two young ladies thought they would like to go home with the girls for the first time. The girls started for home, the lady followed after at a respectable distance until they saw them home. Then they quickly started for home saying "didn't we do well?" When about half way home they saw coming toward them the gigantic form of a man. He appeared to them to be about seven or eight feet high, dressed with an old coat and a shaggy hat and bent down with the weight of a large sack he carried. He asked them where they could stay all night, and they tremblingly said in the next house. He made a spring for them, saying "You are liars, you young urchins." They scampered homeward at a lightning speed, but Charley cut ran Ed., and left him far behind. When they reached the house they succumbed, crying "the tramp! the tramp!" and they vowed they would never more try to go home with the girls again.

#### A SCHOOL BOY.

Cody's.

March 1.—Douglas Cody is very ill with acute rheumatism. Dr. T. J. O. Earle, of Youngs Cove, is giving him medical attendance.

Vern Patterson, who has been ill with typhoid fever, is able to be around the house again.

H. W. Somerville is now mail driver between Cods and Cambridge, and is giving general satisfaction.

Your correspondent has learned that T. P. Hetherington intends to leave for British Columbia in a few weeks. His many friends join in wishing him a pleasant trip and success in his mission.

Charles Roberts, who has been home for a few months left this week for St. John.

Willmot McLeod, of Starkey's, died on Sunday afternoon after a lingering illness of several months. He was 19 years of age. He leaves a widowed mother and three brothers to mourn their loss. His

remains were buried at Cole's Island on Wednesday morning. Rev. Mr. Wasson conducted the funeral services.

Scott Foster who had his leg broken in doing as well as can be expected.

Charles Patterson, son of Laidish Patterson of Salmondale, is very sick.

Mr. Walker Perry, of Corn Hill, Kings Co., was the guest of Mrs. E. L. Perry yesterday.

#### Mother's Favorite.

Dr. Chase's Syrup of Lined and Turpentine is mother's favorite for croup, bronchitis, asthma, coughs, colds, and sore throat. It has by far the largest sale of any remedy for coughs and colds. It is pleasant to the taste, prompt in action and is an absolute safeguard against consumption and pneumonia. 25 cents a bottle. Family size 60 cents.

#### Chimpan.

The total eclipse of the sun which takes place on the 28th of May will afford an object lesson to all the students of the GAZETTE who are interested in solar physics. Should the weather conditions be favorable, even the school boy, with his smoked glass will improve the occasion. By taking such observation of the remarkable phenomenon as his imperfect outfit will allow. The more scientific investigators of Canada will form an expedition to some point in the Southern States during the Appalachian mountains where the track crosses the elevated areas. Here American astronomers in the work of scientific research and the united expedition will assume a national character. There has been no total eclipse of the sun near as since 1890, and there will not be such a one visible in our land for many years to come, and for this reason the coming eclipse will be watched with more than ordinary interest.

The total eclipse of 1900 will be seen from three continents, viz. America, Europe and Africa. Beginning by the Pacific ocean the line of duration crosses Mexico then the path lies through Louisiana and other Southern States and leaves the American coast at Norfolk, Va. Thence it crosses the Atlantic to Portugal passes through Spain and the Mediterranean Sea, by North Africa and leaves the earth at the Red Sea.

Mr. Evans has applied to the government for a square mile of coal area at Newcastle and Mr. Peter Yeomans is running the line. This gives rise to rumors that the Central line may be extended to Newcastle next summer.

This large egg, claimed by Mr. John Briggs as his property must have had a remarkable hard shell, if Subscriber's idea is correct that neither he nor any reader of the GAZETTE could beat the egg; yet Mr. Briggs' grand daughter not yet old enough to read the paper, found no difficulty in beating it into a foam for her mother to put her cake.

Dr. Chase removed three aged persons from our midst during a brief space of time, the one from the other. Mrs. Andrews died at the residence of her daughter, Mrs. Bradish Phillips and was buried at Red Bank on Feb. 28. Mrs. Briggs died at the residence of her son George Chase Esq., and was buried at the church of St. John's on Feb. 28. A small but loyal British subject, a few days ago par in an appearance in the house of Mr. Will. Henson of Cambridge and the little visitor was much welcome in the family.

Messrs. S. and T. Baird have four tests engaged hauling stone to fill the pier of the new bridge they are building at the Gaspeville Forks.

Senator King who is home this week on a visit-stays for Ottawa next Monday morning.

Three gentlemen of color, accompanied by three colored ladies belonging to Cumberland Bay drove from the Coal Mines to the Queen Hotel and were storm strayed over Sunday; but they stood the racket well and were back again on Tuesday.

#### An Enormous Sale.

To all who have felt the evil effects of deranged kidneys it is interesting to know that Dr. A. W. Chase's Kidney Liver Pills are meeting with enormous sale and unparalleled success in this district. Backaches and aching kidneys are fast becoming a thing of the past where Dr. A. W. Chase's Kidney Liver Pills are known. One cent a dose, 25 cents a box, at all dealers.

#### Cambridge.

March 3.—The relief of Ladyemith was glad news to the inhabitants of this locality. When the news was received word was sent forth throughout the whole district that a grand meeting would be held in the Temperance hall in honor of Sir Redvers Buller's great victory, but owing to the heavy storm no meeting was held.

A question that is asked by several is: Why is it that the children of the country schools could not enjoy the same privilege as those in the city schools? In the city schools the scholars were allowed a holiday in honor of the event of the relief of Ladyemith. Nowhere in the rural districts do we hear of a holiday being granted to the children. The scholars of the country schools could show their loyalty as well as those of the city schools if they were given a privilege. Although

it is several days since the event happened it is not too late for those in power to say to the country schools that the same privilege will be allowed to them as has been granted to the city school.

The following speakers are expected to be present and address a public temperance meeting at Macdonald's Corner on March 17th: Rev. R. B. Smith, of Dorchester, Rev. I. N. Parker, R. T. Babbitt, Esq., Gagetown, Rev. Henry Perry of Hampton and others.

Miss Ella Macpherson of Upper Hamstead is the guest of her friend Miss Ollie Merritt.

Mr. and Mrs. Humphrey returned from St. John today. They report the travelling hard.

Messrs. Robert Gilchrist, Sydney Cove and Will L. Macdonald spent Friday evening the 2nd inst. at Mr. H. Humphrey's.

Miss Lucy Byles, of Central Cambridge, is the guest of her aunt Mrs. (Dr.) Macdonald.

Owing to the heavy snow storm the mail did not reach the Cambridge office until about 7 o'clock p. m. on the 2nd inst.

Our Obituary Office.—Having made arrangements with the Publishers of the "Family Herald and Weekly Star," of Montreal, we are prepared to give that excellent paper with the QUEENS COUNTY GAZETTE and the two beautiful pictures "Alma's" and "Fanny Wilton" for \$1.50. Payable strictly in advance. All who wish to secure the above will send their orders as soon as possible to

JAS. A. STEWART,  
Publisher,  
Gagetown, N. B.,  
Scotlandtown.

March 1.—This and adjoining communities were greatly shocked upon hearing of the cremation of almost an entire family at Lakeville Corner, Sunbury Co., consisting of the father, mother and three children, only one escaping. Mr. Lawrence and family were well respected and their untimely death has been the source of much comment and universal regret.

Death in its natural way has invaded our immediate vicinity of late and two victims have fallen to the inevitable doom of all, and in their demise the place has lost valuable and highly respected citizens. Mr. T. A. Palmer, to whom reference has already been made in the press, was a man of high moral and social attainments, being a prominent officer in the Grand Lodge Branch of the British and Foreign Bible Society the present healthful condition of the same is largely due to his untiring efforts. The other person above referred to being Mrs. Abner Balmis, widow of the late Abner Balmis, and for many years postmistress at Douglas Harbor. She leaves four sons and two daughters, two of her sons are carrying on an extensive business in farm machinery, etc., at Woodstock, N. B., one is in the United States, and the eldest, on the homestead, has two daughters as at present home. In her life she ever manifested a high appreciation of that character which constitutes a true mother and neighbor and thought but pleasant recollections of her memory will be cherished.

Dr. Palmer, who has been taking a Post Graduate course at the New York Polytechnic, has returned after an absence of six months, and is now making preparation for the opening of an office at Daniel Palmer's, Douglas Harbor, where after the middle of the present month he will be prepared to answer the call of any in need of treatment in matters pertaining to his profession.

Quite extensive lumber operations are being carried on at the Harbor, the most important being those of Daniel Palmer and Charles London; they expect each to cut upwards of 100,000 feet.

A heavy rain accompanied by a violent wind from the south has somewhat diminished the snow which has not been at any time this winter sufficient for good hauling in the woods.

Intense interest has been manifested in the present war in South Africa, and strange and unaccountable as it is, there are several sympathizers with the Boers even in this highly civilized and truly loyal community, whether from a misconception of the true facts concerning the issues involved or from some other cause which cannot be explained remains a mystery; suffice it to say to the contrary that upon the news of the late British successes the greatest of enthusiasm prevails, and though the costs must be heavy yet the ultimate triumph will be correspondingly pleasant to all lovers of British freedom and justice, which has been ours to enjoy. Plainly can be seen the blessings that will result to those who are now endeavoring to thwart the object of the Great Civilization of nations in opening up the dark spots in Africa, and are long when the entire country is forced to acknowledge the supremacy of British law will they fully realize to what an extent they are now endeavoring to rob themselves of that which constitutes true manhood. The contemplated railroad from Cairo to the Cape will soon be realized; this with all modern and scientific advancement which must of necessity follow the inauguration of good government such as England is willing to give them will make a garden of that which has long been looked upon as a desert.

#### God save the Queen.

Copies of this paper may be found on file at the office of our Washington correspondent, E. G. Sigars, 918 F street, N. W., Washington, D. C.

## NEARING HIS END

Was Mr. James Fraser, of Picton, in Spite of All Medicines.

Until He Began to Use Dodd's Kidney Pills—Then Kidney Disease Vanished—New Life Was Given Him—Read His Story.

Picton, N. S., March 5.—A well known philanthropist, reading last week of the remarkable cure of Mr. James Fraser of Kidney disease by Dodd's Kidney Pills, called on that gentleman to ascertain whether or not the report was correct. "Yes," said Mr. Fraser, "no more." "Dodd's Kidney Pills put me on my feet from a bed of agony, gave me health, strength and vigor. Though I am sixty-five, I feel better and stronger than I have felt for twenty years past. Dodd's Kidney Pills did it all. I tried a course of remedies before I began to use Dodd's Kidney Pills. They did me no good. When I began to use Dodd's, I was taking no other medicine, nor have I taken any other since."

"You really have an honest faith in Dodd's Kidney Pills, then?"

"I have, indeed. I am proud to testify as an honest man, to the wonderful power of that remedy."

"I was a very sick man. Every remedy I tried failed. My limbs and body were shrunken and almost lifeless. The end of my life seemed very near. I passed sleepless nights regularly."

"But no matter how I began to use Dodd's Kidney Pills I could not feel the blood running through my system, my life and strength giving. The terrible palpitation of the heart stopped, the blood clots ceased coming, and I knew I was being cured. I could talk for a year, and not say enough for Dodd's Kidney Pills."

#### To the Teachers of Queens Co.

At the annual meeting of the Hamstead Woman's Christian Temperance Union, the following resolutions were unanimously adopted:

Whereas, The teachers of the public schools of the County of Queens have given much assistance, during the past year, in the matter of securing Temperance and Narcotic pledges from the pupils of their schools—each pledge roll having been sent out by the Hamstead W. C. T. U.—therefore,

Resolved, That we hereby express our sincere thanks to the teachers of our county who so readily responded in this work and assure them of our appreciation of the many kind words of encouragement received from them—further

Resolved, That we extend our thanks to Messrs. Briggs and Stevens who so kindly gave us the names of the teachers and the addresses of their respective schools.

Ordered t at a copy of these resolutions be forwarded to the Queens County Gazette.

To those who are interested in this work the secretary reports 840 temperance and 735 narcotic pledges received with still a small number of schools to have from, and would ask all teachers who have not responded to do so as soon as possible, also if there are any schools in the county that have not received the pledge rolls they will kindly send a card to the Secretary, General Hamstead, who will be pleased to supply any school.

#### A SKIN BEAUTIFIER

Of Inestimable Value, which Positively Cures Pimples, Blackheads, Eczema and every form of Skin Disease, is Dr. Chase's Ointment.

As great as may be the difference of opinion as to the various types of beauty, no one can see beauty in a face that is disfigured by pimples and blackheads or scarred by traces of eczema or other skin disease.

The low-neck society dress frequently reveals shoulders and back covered with pimples or other skin eruptions repulsive to the sight. Why are women content to use powders and harmful preparations to cover up such blemishes when they could as well cure them and make the skin clear, healthy and naturally using a preparation so well known as Dr. Chase's Ointment.

Eczema, or Salt Rheum, may be taken as the most severe form of skin disease which may heavily attack and cause terrible itching and burning sensations. That Dr. Chase's Ointment has cured the worst cases of eczema on record is well known.

No preparation is of such inestimable value as a woman's toilet, for besides curing the pimples that are usually troublesome at regular intervals, it gives instant relief to the itching to which women are subject, and absolutely cures piles.

Get a box at all dealers, or EDMANSON, Bates & Co., Toronto.

#### MONEY TO LOAN.

Money to loan on approved real estate. H. B. HETHERINGTON, City of Queens Co., N. B.
