A Stupid Blunder.

There can be no shadow of a doubt that the Government has made a serious blunder in the location they have selected for housing the sealers of the Newfoundland who are detained for observation. These men are unfortunate and should receive the most considerate treatment, but the measure that is meted out to them should be such as does not endanger others. These unfortunate sealers deserve the best of food and the most comfortable of quarters. But this is no reason for risking the infection of a whole neighborhood of men, women and children. We understand that a shed is being run up on Quidi Vidi Road, within a few feet of the public road. There are quite a number of houses about. Children play around. Men women and children must pass within a few feet of this hostel in pursuing their ordinary avocation. Moreover the people around keep poultry and also dogs and cats and they go around everywhere. Naturally enough the people are in a great state of alarm, fearing that small-pox may break out in the shed, and that it may become a centre of infection to the neighborhood. We cannot conceive of anything more stupid than the action of the Government in selecting this location. We hope that the Government may reconsider its decision and make suitable provision for these men without menacing the lives and health of those who are free from the disease of small-pox.

POLICE COURT NEWS.

To-day 3 disorderlies were each fined \$2 or 7 days.
A drunk was fined \$1 or 3 days and another was discharged.

Three boys were summoned by Sgt. Mackey for throwing snowballs on the street on the 14th inst. Two of the boys pleaded not guilty and were discharged, but the third pleaded guilty to throwing the missiles which hurt Mrs. Hynes and was fined \$10 or 30 days.

The man Walsh who was suspected of the larceny of a tub of butter off the Glencoe, and who was remanded Saturday, was released to-day. It was shown that the package did not contain butter but drippings or fat, which one of the firemen on the ship had gathered up and given to Walsh to take home, so that the man's character does not suffer in the least by the transaction.

Spent Over \$1000

Messrs. A. J. Harvey & Co. spent over \$1,000 in fitting up the shed on the South Side where upwards of 70 of the Newfoundlanders are being placed in quarantine. The men were supplied with new underclothing, mattresses were also put at their disposal, stoves, &c., were placed in the building, and the whole affair redounds to the credit of the firm. The men will retain the clothing given them but the mattresses must be destroyed, as none could use them fearing they might be infected with the disease for which the men were quarantined.

Diphtheria Spreading

A case of diphtheria was reported from 57 Long's Hill this morning, where a girl of 17 years old is suffering from it. She will be sent to Hospital. A little boy, a patient at the General Hospital was also stricken with the disease yesterday and was removed to the Fever Hospital. He has the disease in a very mild form. The General Hospital has been closed to visitors, and this is the second case of diphtheria to occur within a week in the institution.

Believed Him Dead.

Mr. M. A. Duffy by the Glencoe's mail had a letter from his brother John, from whom he had not heard since he left the city 17 years ago, and who, it was believed, was dead. Mr. Duffy, who is well known in St. John's, is now residing in New York. He is at work at his trade as a barber, and will come here to see his friends next summer.

N. B. S. SOIRE.—The Event of the Season—The N. B. Soiree will be held on Thursday, the 20th inst. Tickets: Ladies 50c., Gentlemen \$1.00, may be had of members of the Committee and at Gray & Goodlands. Music by Prof. Power's Orchestra. Dancing at 8.30, Supper 11 sharp.

Trouble About Hospital

There seems to be trouble coming from more than one quarter about the temporary hospital now being erected at Connors' Field, near the oil store, Quidi Vidi Road. Excepting Councilor Martin, none of the City Fathers had been consulted about permission to build there. Mr. Major and other residents of the locality are now coming down on the Council for allowing the building to be erected there and are getting up a protest signed by all the people of the locality. The residents are putting some of the blame on the Council, and as five of them knew nothing about it, there will likely be a lively time at the next meeting of the City Fathers.

Kindly Act.

One of the crew of the Beothic tells us of a kindly act of Capt. George Barbour. A sick man of the Florizel, Mr. Percy Best, of Brookfield, was noticed on the wharf by the crew, who drew the attention of the captain to him and told him the man wanted a passage home. He was sick and suffering from consumption. The captain told them to put the sufferer in his room and supply him with the food he used.

May Lose His Eye.

Joseph Madden, of Petty Harbor, who was out in the Eagle had to come in by the S. S. Florizel owing to injury received to his eye. While on the lee near the ship Eagle a spark from her funnel struck him on the ball of the eye and rendered the optic useless for the rest of the voyage. He suffered great pain and had to be brought in to get medical treatment.

Trouble in Delagoa Bay

LONDON, To-day.
A Capetown despatch states that the British cruiser Port has been ordered to Delagoa Bay. According to the Johannesburg Express, to suppress the anarchy which reigns in Delagoa Bay, owing to the fact that many officials and residents of the Portuguese African territory remain loyal to the deposed monarch. The revolutionists demand the deposition of the Governor of Mozambique and the expulsion of the loyalists.

Wise Precaution.

When the crews of the Florizel and Viking were being paid off Saturday each man was served with a printed notice warning him that next spring none would be signed on Bowring Bros. ships unless they produced a medical certificate of vaccination and can show a vaccination mark. This is a prudent course and if such had been adopted during the present spring it is not likely that so much trouble and expense would accrue to the owners of the seals of and the sealers on the Newfoundland.

REID'S BOATS.
The Argyle arrived at St. Jacques at 8 a.m. yesterday.
The Dundee left Placentia to-day for the west on the Argyle's route.
The Ethie left Placentia at 2 a.m. yesterday on the Dundee's route.

DANGEROUSLY ILL.—Skipper Michael Murphy, of the Petty Harbor Road, is very ill at present and his recovery is doubtful.

A BAD SPRAIN.—Mr. Thos. Rols, of the R. N. Co. freight office, gave his side a bad sprain this morning. He suffered so much pain that he was obliged to go to a doctor to get a remedy. The mishap was caused by jumping up to get a key that was over a door.

GONE TO SCOTLAND.—Mr. A. D. Brown is due to arrive in England to-day en route to Scotland, where he will meet Mr. R. G. Reid and confer about the purchasing of a steamer and also placing the order for the building of a new one on the Clyde, which is to be ready for delivery by December next.

HAD BLOOD POISONING.—Mr. W. Caldwell, asst. book-keeper at Bowring Bros., has been laid off the past week with blood poisoning in his hand. Ink getting into a wound caused it, but he is now better and will take part in the M. G. B. band concert to-night, he being a member of that musical corps.

AT PRELIMINARY WORK.—Mr. W. O'D. Kelly is to-day engaged at preliminary work on the new Grenfell building, Water Street, getting the debris out of the way and clearing the sewers adjoining the place. Mr. Kelly will get things under way before the arrival of Mr. W. J. Ellis, and with the advent of the weather work on the building proper will begin.

ALLAN LINER COMING.—Messrs. Shea & Co. had a wireless message from the Carthaginian last night stating that the ship at 4 p.m. yesterday was 210 miles S.E. of Cape Spear on her way from Liverpool. Under ordinary conditions she would be here at 1 p.m. to-day, but there is a dense fog off this port and she may not arrive till to-night.

Easter Services

A very nice Easter Service was held Sunday evening at George St. Church, with Rev. Mr. Bartlett in the pulpit. The preacher, who always has something special to say, on special occasions, gave a very appropriate discourse, taking in the most striking incidents and associations connected with the great event commemorated during the festive season of Easter. The stone rolled away, the guarding angels and the significant lessons were all beautifully portrayed in the course of the preacher's remarks. There was a full choir present and the singing was simply superb. From Mr. C. R. Steer on the one side of the gallery to Mr. T. Courtenay on the other side and passing on from Mrs. Thompson in reverse order to Mrs. Halfyard, at the front of the gallery, ran a perfect chain of harmonious voices attuned and fitted for the occasion. Miss Story's selection was rendered with great pathos and very marked expression and the singers followed her well deserved the meed of praise given them by the preacher at the close of the service. George St. Choir will regret the loss of Mr. H. Truff, who shortly leaves this country, and whose fine voice gave inspiration to the service last night.

SUNDAY MORNING SERVICE

An interesting service was held on Sunday morning in the same church, when Rev. Mr. Westlake gave a very nice discourse suited to the occasion. Mr. Gordon Christian skillfully manipulated the organ at both the services yesterday—Com.

Harbor Grace Notes.

HOLY WEEK AT THE CATHEDRAL.

The ceremonies of Holy Week were carried out with accustomed solemnity by His Lordship, the Rt. Revd. Bishop March, D.D., assisted by the following clergymen: Rt. Revd. Monsignor Walsh, P.P., Brigus; Rt. Rev. Monsignor Veitch, P.P., Conception; Rev. R. M. Sheehan, P.P., St. John's; Rev. John Lynch, P.P., Northern Bay; Rev. J. D. McCarthy, Carboncar; Rev. W. P. Finn, P.P., Whitbourne; Rev. Dr. Whelan, P.P., North River; Rev. M. P. Dwyer, Grand Falls; Rev. James Donnelly, Holyrood.

Large congregations were present at the morning and evening devotions of Thursday and Friday. On Holy Thursday great numbers received Holy Communion at the solemn High Mass, celebrated by His Lordship the Bishop, with Rev. John Lynch, P.P., and Rev. J. D. McCarthy as deacon and sub-deacon, respectively. Rev. Monsignor Walsh officiated as High Priest, Rev. Monsignor Veitch and Rev. R. M. Sheehan assisted as deacons of honor. Rev. J. D. McCarthy discharged the important duties of master of ceremonies. Tenebrae was at 7 o'clock in the evening after which a very fine sermon on the subject of the Eucharist was delivered by Rev. Jas. Donnelly. The subject was treated very cleverly and with clear and fluent delivery.

On Good Friday Mass of the Presanctified was celebrated at 9 o'clock the celebrant being the Bishop, with Rev. Father Lynch and Rev. Father Sheehan as Deacon and Sub-Deacon. The evening service consisted of the Office of Tenebrae and the Sermon on the Passion, preached by Rev. W. P. Finn, P.P., of Whitbourne. This was the first time that a Harbor Grace congregation had the pleasure of hearing Father Finn. His delineation of the subject was a vivid portrayal of the scenes of Our Lord's Passion and Death. A clear and distinct enunciation which made every word clearly heard; and, in many respects, an original treatment of his subject made a deep impression on the large congregation present. During all the ceremonies which closed with High Mass on Saturday morning, the choir rendered effective service under the direction of the organist Miss Madeleine Coady. The soloists were Messrs. T. Hanrahan, M. O'Brien, W. H. Kennedy, R. K. O'Connor and Misses Mrs. M. T. Jones, contralto, and Mrs. M. O'Brien, soprano. On Saturday afternoon all the visiting clerics returned to their respective parishes.

The State of Georgia has set aside a day as "Good Health Day." In Montreal, remarks the Star, some people will take a drink any time without any excuse.

U. S. Postmaster General Hitchcock announced at Washington that after July 1, magazines and other bulky periodicals will be transported in carloads as fast freight.

Cardinal Gibbons will celebrate the 25th anniversary of his appointment to the See of Montreal on June 7th. Only four Cardinals now outrank him in the length of their service.

The receipts at the Oberammergau Passion play last year were \$426,150. After all salaries and expenses were paid, and \$2,800 deducted for the poor of the parish, the sum of \$108,975 remained. This can be expended on new buildings, improvements or other public works in the village. As a money-making show, the Passion play leads the world.

The magnificent cathedral of St. John the Divine, New York (Episcopal), the fourth largest in the world, will be thrown open for public worship at 10.30 a.m. April 19, the first Wednesday after Easter. Invitations have been sent to many notables, and it is expected that a brilliant assemblage will attend on that morning the solemn consecration of the two memorial chapels which have been completed. Five more chapels are to be added. The cathedral has been building for nearly nineteen years, and on it between \$3,000,000 and \$4,000,000 has been spent thus far.
