MARSHALL BROTHERS.

Uncle Walt THE POET PHILOSOPHER.

Bob Burdette, who kept men grinning in the days when we were young, urges men to quit their sinning, with his gentle pen and tongue. As a wit he was a teacher, and he helped the world, I wish; in his age he is a preacher—but he's still a humorist. Why should BURDETTE priests be solemnized, as they are throughout the earth? Cannot earnest folks be silly? Can't they serve the Lord with mirth? Underneath the stately altar of the church, where gloom is found, I would like to hear the laughter of the joyous Christians sound. When I seek the sanctuary, so depressed seems every one, that I think they plan to bury some one when the sermon's done. When our Bob writes tract or sermon he rings a human jest, and you find yourself a-squirmin' in your joy like all-possessed! Priests like Bob will not deny us all the gladness that there is, holding that man may be pious while a smile adorns his phiz!

Municipal Council.

The Mayor and a full Board present at last night's meeting. A Harvey & Co. sent in a letter expressing surprise that the Council should take so much interest in the repairing their property, South Side. The people who crossed the wharf there did so as trespassers and at their own risk.

R. K. Prosser & Sons whose property is near Harvey's also wrote saying that if the public wants a right of way it should be given by roads and not over wharves. The Mayor said that he believed the people residing near the South Battery always had a right of way over the South Side wharves. The solicitor will be asked to report.

A long discussion arose over the application of G. Day who wants to build a house on the corner of Scott Street. The rule of the Council is that there must be a stone wall or a concrete wall. Day is unable to put the wall in till the spring. After expressions of opinion on the subject by Councillors Martin, Myrick and Mulhally it was ordered that Day be allowed to build on condition that he give a guarantee to build a concrete wall in the spring.

The complaint of James Martin, of Casey Street, about surface water flowing on his premises on account of the old line drain there, was referred to the Engineer.

Steer Bros. asked that the Council make the Council clean out the Cove near their premises. The stage used by the fishermen is aground in the

Cove and prevents the free work of the sewer. A long discussion followed as to whether the Government or the Council was bound to do this work. Councillor Mullaly said that it was imperative that the stage should be removed but believed it was the duty of the Government to clean out the Cove. The Council had been informed that the Government intended to do this work. The Mayor said that the Council was not in a position to do this work and that the Government was being depended on to do it. Councillor Martin said that for the present it would be well to get this work done by the sanitary staff. Councillor Ryan thought that the sewer might be lowered at the outlet. Councillor Mulhally said that it was the duty of the Government to do the work. The Mayor said that the trouble could be remedied by improving the sewer. Councillor Mullaly asked that Steer Bros. be informed that it was the duty of the Government to dredge the cove. He was opposed to the spending of money in removing silt. The Mayor said that the sewer had been filtered in Steer's Cove, and that in this particular case he agreed with Councillor Martin that Council should clean up the place. Meantime Steer Bros. will be written that Council is not responsible for the dredging out of the Cove.

The Committee selected to enquire into the alleged incivility of Assistant Secretary Mahoney to Mr. James Patten, agent for Newman & Co., reported. The charge was not sustained. Councillor Mullaly who accompanied Mr. Patten to the office on the occasion, gave his version of the alleged incivility. He, himself, would not hesitate to say that the official was guilty of incivility. Councillor Martin said that the Committee based their report on the evidence furnished.

The Mayor thought that the Committee were justified in bringing in such a report and that incivility was not proven. The report was adopted.

Solicitor sent in a communication, saying that Council was not liable to refund money collected from Newman.

An old building near Bennett's Brewery was ordered to be torn down and removed.

The Lighting Committee will see about the request of Councillor Ryan to have the light at St. Vincent's Hall, Harvey Road, moved further west.

The old shed on Clapp's property, opposite Cobble Hotel, was ordered to be removed.

Big Larceny of Oil.

A couple of days ago Mr. Geo. M. Barry asked his manager on the wharf, Mr. Park, Dunphy, how much cod oil was in stock and was told that there were 20 casks—13 on one wharf and 7 on the other. Going to count the oil Mr. Dunphy found that the 7 casks containing about 280 or 300 gallons had been stolen off the premises. The oil was worth about \$150 and how it disappeared is a mystery. The matter has been reported to the police. It is thought that the goods were taken away in a schooner, many of which have been coming and going to the wharf for several days past. It will be a hard matter to solve as the police have no clue to work on.

Largely Attended.

The funeral of the late Mr. H. T. Tapper took place at 2.30 p.m. yesterday from his late residence, New Gower Street. A concourse of people of all denominations, amongst whom Mr. Tapper was a favorite, attended. The remains were enclosed in a handsome casket which contained many floral wreaths. Interment was at the C. of E. Cemetery, where Rev. Mr. Hewitt officiated. The funeral procession on reaching Forest Road was photographed by Mr. Lyon, the pictures to be sent to Boston to Mr. Jno. Tapper and other relatives as reminders of the sad event of yesterday.

OBITUARY.

MONICA O'REILLY.

Editor Evening Telegram.
Dear Sir.—There died at Placentia on the 9th inst. Monica, eldest daughter of John O'Reilly, J.P., aged 19 years. For the past four months deceased suffered from rheumatic fever. Although everything that medical skill or the devotedness of the family and friends could accomplish was done for her, she passed peacefully away at noon, fortified by Holy Church. "Mon," as she was familiarly called, was a bright, attractive girl. She leaves hosts of friends and acquaintances to mourn her early demise. Her mother died when she was in infancy and the father's affection for her was truly a devoted one, consequently he feels her loss severely. To him and family we tender our sincere sympathy. R. I. P.

FIGHTING AT TRIPOLI.

Special to Evening Telegram.
TRIPOLI, To-day.
Strong forces of Turks and Arabs, supported by artillery, delivered a determined attack on the Italians yesterday. The Turks displayed courage, but were unable to withstand the tremendous combined fire from the trenches and the field artillery, and the guns from the cruiser, Carlo Alberto, which lay in the roadstead, while the 11th Bersaglierie were attacking the forts at Hamidich, which were stormed last night, they were suddenly taken on the flank by a large force of Arabs, hidden in palm oases, and heavy losses were sustained before the enemy was beaten off.

MASSACRE AT NANKING.

Special Evening Telegram.
NANKING, To-day.
Despite the fact that Nanking is a state of Nanking to-night is desolate and a thousand inhabitants lie massacred. Numerous business houses and dwellings have been looted and burned. Some 70,000 people have fled from the city and others are going. The exodus along the railway tracks, leading from the city, is a long line of humanity, trudging along and seeking a haven of safety. It was the hand of the Manchus that the Prince's action, which could be seen in the camp, three miles away waiting for ammunition and reinforcements, the Manchus began the work of carnage. Men, women and children were slaughtered, neither young nor age being taken into account. The white emblem of revolution marked the wearers for instant death.

THE CROWN PRINCE AND THE KAISER.

Special to Evening Telegram.
BERLIN, To-day.
The Crown Prince did not appear yesterday at the debate in the Reichstag, and the absence of the Prince from the House gave colour to a report that he had incurred his father's displeasure, and would not again attend the debate, for the purpose of hearing which, he had come expressly from Berlin, from Danzig. Dr. Wiemer, a radical member said he regretted the absence of the Crown Prince, and expressed disapproval of the agreement, and still prominent features of the debate. All the speakers, with the exception of the representatives of Alsace-Lorraine, expressed dissatisfaction and gave it as their opinion that the agreement would not bring Germany one step nearer France in friendly relations.

Eczema on Face and Hands.

"I had eczema nearly all over the body," writes Mr. John Gordon Campbell, foreman Holland Grove Lumber Co., Sudbury, Ont., "head, neck and wrists were blistered and itching with it. I could find absolute relief only by the use of Dr. Chase's Ointment. After using this ointment I was almost instantly relieved and soon completely cured."
"So bad was the eczema that I had to give up work. Could not shave. I was so bad that they had to take me out of camp in a wagon and send me to a sanatorium. I cannot recommend this ointment too highly." As a means of soothing raw, flaming, irritated skin no treatment can be compared to Dr. Chase's Ointment. It often heals in a single night. Sidewalk Sketches.

THE UNITED STATES SENATE.

The United States senate is a body of venerable male patriots whose life is dedicated to philanthropy and cure of the gout. It is bounded on the north by the aurora borealis, on the east by the Wall Street interests, on the west by a free and untrammelled press, and on the south by the day of judgment. Under these circumstances, its eyes are usually turned to the west. The senate is sometimes as faulty in its judgment as a tea tester entertaining a cold in the head, but at other times it rises to the occasion like a man who sits down on a hat pin and hair sofa at one and the same time. We have many things to thank the senate for. It has made the silk hat about as popular in this country as a Chopin etude on the Chautauqua course, and by vigorous use of the franking privilege has beaten the telegraph and express combines out of many juicy districts. The only element of our citizenship who takes the senate seriously is the immediate membership and postmasters whose terms are about to expire, but this is largely due to envy and a desire to break and enter. Each senator has a page whose duty it is to inform him when his message is on tap. He also has a secretary who straightens up his garments with a fountain pen and takes a duplex receipt for his copper margins. Several of our senators are men of high literary ability, and put in their spare time writing checks and addressing packages of rutabaga seeds to their constituents. It takes more intellect and ready money to get into the senate than it does to start a lively battle, but it is softer after you get in.

C. B. Band will take part in the celebration as well as the band of the C. L. B.

\$25.00 in Gold Given Away!

The great "QUEEN LINIMENT" competition open to every Man, Woman and Child in Newfoundland. On the 1st of March, 1912, will be given away to the four or more successful winners of this competition the sum of \$25.00 in Gold.

We have on exhibition in the window of our Medical Hall, Theatre Hill, a rectangular box having an inside space as follows: length, 5 inches; breadth, 4 inches; height, 3 inches. This box is filled with Antihillious Pills of the size of a pea. The competition is to guess as near as possible the number of pills contained in the box. The person guessing the exact number, or the nearest number of pills in the box, will receive the first prize, \$10.00; second prize, \$5.00; third and fourth prizes, \$2.50 each.

In the event of two or more persons guessing the same number, the amount of the prize will be proportionately divided amongst the successful winners. That rule will apply to all prize winners. Every person purchasing a bottle of our "QUEEN OF LINIMENTS," whether in the city or outport towns, and mailing in the outside green wrapper or an additional bottle of our "QUEEN OF LINIMENTS," but with the outside wrapper removed and retained by us, as a pledge of purchase, and a due record kept of that fact. The person forwarding us the greatest number of outside green wrappers of bottle in which their name and address will not only receive an additional prize of \$5.00, but will have a chance of winning some other prizes as well, if they send a guessing number with each accompanying wrapper.

This competition will close on the 1st day of March 1912, at 12 o'clock noon, estimates after that date and hour will not be considered.

On the same date the box will be opened, by two reliable and competent judges who will carefully count the number of Pills, and make awards to the successful competitors. "STAFFORD'S QUEEN OF LINIMENTS" is one of the most perfect and penetrating Liniments that can be purchased in Newfoundland, and it ought to be in every household. Once used always used.

Clippings from Argentina

The codfishery for the season is now over. It was not a very successful one, but still we are not as badly off as some of our neighbouring settlements.

The herring fishery has begun and large numbers of our fishermen have gone off in search of the shimmering fish.

All our young men who have been to some of the New England States for fishing, etc., are returning, day by day, to their native shore.

Nearly all the schooners which have been to St. John's for their winter stock have now returned.

Argentina Presbytery was the scene of a pretty wedding on Nov. 2nd when Mr. D. Carroll and Miss Ryan were united by the Holy Bonds of Matrimony, the contracting parties being from Red Island. The bride was attired in white silk muslin and wore a veil and orange blossoms.

Much dissatisfaction prevails owing to the late arrival of the Placentia train at St. John's, passengers from Placentia Bay have had trying experiences, such as having to remain in the passenger car until morning.

The much dreaded disease, consumption, has taken off two of our young men within a week of each other.
