The Evening Chit-Chat Prescription

There. I turn-

ed that two hundred and eighteen little bride-lady

whipping cream

The little bride-lady laughed. "Yes. helps quite a lot when I have anything perfectly stupid like that to do, to amuse myself by counting and seeing

sniff at the little bride-lady's device

other lines of work-there are a great and wearisome on account of their meused to make these tasks a trifle less notony a trifle less monotonous, and I think the little bride-lady's trick of counting does not deserve to be sniffed at, if it helped

make the work a wee bit less dull and

Another device that I often use, is to time myself and see if I cannot accomplish the daily task in a little less time than usual. Of course, the objections to this are that too rapid work is apt to be slipshed work, and for the nerves, but used with discretion, I find this a great help.

Still another device, and probably the best of all, is to try to do your work a little bit better than you have ever done it. Try making the glasses look more crystal like. Try to make er and the toast more evenly golden

Especially, when I have anything to do-that is lots of things. I find it trouble me and find it hard to keep my mind on my work, do I find this little have gone to some task with a mind just how many motions I do have to distracted by other problems, and found it almost impossible to concentrate on the matter in hand. And then I have said "I'll see just how much better I can do this work than usual," and lo and behold, before

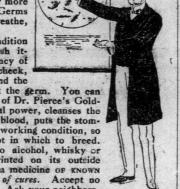

chanical and routine character. Some It often seems too bad that so much of these tasks require so little atten- routine work must be done over and tion that one can concentrate the mind over and over again. It on other things without being in dan- seems unfortunate that we cannot ger of slighting them. Others require have machinery to accomplish all just enough attention to make it in- those dull little daily tasks, and peradvisable to turn the mind entirely to haps sometime we shall. But in the other things. Now, I think that there meantime, why not employ any deare many little devices which can be vice that will help to make the mo-

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is peer and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriche: the blood, puts the stomach and organs of digestion and nutritica in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a scoret nostrum but a medicine of known

wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 cars of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

To remove ink stains from An eggshell or two or, better still, in oyster shell, should be kept in very teakettle. Then no rust will

As a Gure for Whooping Cough

A medicine that will cure whoop ing cough can certainly be relied upon to overcome all ordinary coughs and colds. This is about the severest test, and one to which Dr. Chase's Syrup of Linseed and Turp-

Chase's Syrup of Linseed and Turpentine has frequently been put with the most satisfactory results.

Mrs. John Chesney, Innerkip, Ont., writes:—"We have used a dozen bottles of Dr. Chase's Syrup of Linseed and Turpentine. It cured my little girl of whooping ough when the doctor had given her up, and since then we always keep it in the house as a treatment for coughs and colds. In spite of imitations and substitutes he sales of Dr. Chase's Syrup of Linseed and Turpentine keep right on increasing, and this is, we believe, the most substantial evidence that can be offered as to the eliability of this well-known medicine as a cure for croup, bronchitis, whooping bough and kindred ailments; 25 cents a cottle, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

Instead of sewing hangers to towels, make small buttonholes. They will last as long as the towel and can't wear off.

If six to ten drops of spirits of camphor are taken on a lump of sugar when speezing starts a had cold may

cesses of a refrigerator with a scrub Never use soap on window panes. brush, try using a small stiff paint

If your corn does not pop well it Coal soot is easily removed from may be that it is too old. Soak in in articles or porcelain if they are cold water for 15 minutes, drain and i try again.

A good cleanser for hardwood is to urrants or jellied cranberries, makes wash it with a clean flannel wet in turpentine, and rub lightly-afterward

To remove rust from kettles them with hay, packed tightly, fill in To keep insects away, wipe the with boiling water and let boil for The darkest stain on a mirror or

window pane can generally be routed ands rub the juice of ripe tomatoes by rubbing with a flannel wet in spirits of camphor Figs and dates chopped with diced

apples make a delicious combination for a salad with mayonnaise. Serve When serving poached eggs instead of the usual slice of toast place the eggs on rounds of bread cut thin and

sauted in butter. The juice of stewed cranberries, with the addition of lemon and sugar to taste makes a delicious drink, di-

luted with cold water. Paint the inside woodwork of bedsteads with corrosive sublimate and turpentine five cents' worth of the former to a pint of the latter.

Brie-a-brac should be carefully dusted before being washed in hot borax water or soapsuds in which a little ammonia has been dissolved.

Cover plaster of paris figures with a thick coating of starch and water; let it dry on the surface, and the dirt will brush off with the powder. Most modern brassware is lacquer

ed and needs only to be wiped off with a damp cloth. Work quickly and do not let the surface get wet.

Never darn knitted underwear with wool, as it will shrink and make a hole larger than the original one. Us loosely twisted knitting silk.

Cures Indigestion and Dyspepsia in all its Forms.

It is quite a daily occurence to hear persons say: Oh, what feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything. I have no heart to exert myself, and at times I care for nothing. I often have a pain in the pit of the stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep if often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be care. ful of what I eat, and my life seems a veritable burden.

Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles. It can be obtained at
