A Big Deficit Faces Us.

To-day the additions to the Tariff have been put in force, and sugar, tea, flour, beef, pork and kerosene oil are no longer on the free list. The Opposition while offering no partisan opposition to any measure which the Government may deem desirable to meet difficulties and situations arising from the war, reserve to themselves fully the right to criticize them later. The Opposition assumes no responsibility for anything of a financial nature the Government undertakes. They recognize that the Government has to be carried on, and they will not, during war times, hamper Sir Edward Morris in carrying it on. They reserve to themselves, however, the right of dissent and of full criticism at the proper time. The financial situation is serious and must be met. A very large deficit occurred on June 30th last. That deficit would have been, war or no war, largely increased next June 30th, added to by the short fishery, and would in all probability have reached \$500,000, inclusive of the \$200,000 of last June. The war has intensified these difficulties and it is likely that the actual shortage will not be less than \$750,000, and may be much larger. To meet this deficit provision must be made. The additions to the tariff will contribute in some way to meet this shortage, but other additions to taxation will have to be made and retrenchment in expenditure is absolutely essential. At the present time we do not deem it opportune to dwell on how the shortage has in the main arisen. We have emphasized it often in the past, and from this attitude on the Government finance we do not budge. At present, however, we merely point out that this shortage stares us in the face, and it must be met. We in no way modify our well-known opposition to the Morris Government finance. But we consider this no time for partisan warfare, however good the cause. We must lay party fighting on one side for the present and unite to face the common foe, the enemies of the King.

Volunteers in Camp.

Yesterday morning, the outpost volunteers numbering about 60, marched to the camping grounds at Pleasantville under command of Capt. A. O'Brien. In the afternoon about the same number from the city, who have been attested, marched down under command of Major Carthy. About 120 men were quartered there last night. Major Franklin is the commanding officer, and the others are Major Carthy, Assistant Commander, Captain March, Musketry Officer, Capt. O'Brien, Drill Instructor, Adj. W. Rendell, and Capt. Crowfoot. Another squad will be attested to-night and will join those already at Pleasantville.

SCARCITY OF SQUID.—Several bankers are now at Holyrood and many of the places on the Southern Shore waiting for squid. There are none of those fishes at any of the places to-day but at Carboner a few thousand were jigged last night.

BIG Russian VICTORY

Russia Seizes Heavily Fortified Positions at Lemberg --- Austrians Routed and Deprived of One Hundred and Fifty Guns.

9.30 A. M. To-Day.

Special to the Evening Telegram. PETEROGGRAD, To-day. The following official communication was issued by the Russian War Office last night: "After a battle lasting seven days, the Russian army seized heavily fortified positions around Lemberg, about ten or twelve miles from the town. The Austrians then advanced toward the principal forts. After a battle yesterday which was fiercely contested, Austrians were obliged to retreat in disorder, abandoning heavy and light guns, parts of artillery and field kitchens. Our advance guard and cavalry pursued the enemy who suffered enormous losses in killed, wounded and prisoners. The Austrian army operating in the neighborhood of Lemberg, was composed of the third, eleventh and twelfth corps and part of the seventh and fourteenth corps. This army appears to have been defeated. During the pursuit by Russian troops the Austrians who beat the retreat from Gullia and Lipa, were forced to abandon an additional 31 guns. Our troops are moving over a road encumbered with parts of artillery and convoys loaded with provisions of all kinds. The total number of guns captured by the Russians around Lemberg, amounts to 150. The above despatch was sent direct from Petrograd by the St. Petersburg Telegraph Agency, a semi-official Russian news agency, and is the first despatch received at Halifax direct from the Russian capital, since the declaration of war.

SOME APPOINTMENTS. LONDON, To-day. Claude Graham White, the noted aviator, has been appointed a temporary Flight Commander of the British Navy. Richard T. Gates, who recently resigned from the Royal Aero Club, has been appointed a temporary Flight Lieutenant. Earl of Granard has been appointed to the command of the Fifth Battalion of the Royal Irish Regiment; Baron Sempill to the command of the Black Watch Regiment.

10.45 A. M.

OFFICIAL FROM PRESS BUREAU. LONDON, To-day. The Official Press Bureau issued the following this morning: Continuous fighting has been in progress all along the whole line of battle. British cavalry engaged with distinction the cavalry of the enemy, brushed them back and captured ten guns. The French army has continued the offensive and gained ground in Lorraine district. In other regions of the Russian army is investing Koenigsberg. A Russian victory which is now complete at Lemberg has already been announced.

OUTLOOK IS HOPEFUL.

LONDON, To-day. The editor of the Pall Mall Gazette writes: "We believe Germany has already put under arms every able-bodied man and inhabitant between fifteen and fifty-five years, and must now be at the maximum of her power. The allies, on the other hand, are growing stronger every day. France is not spent; Russia has not got into motion fully, and the immense reserves of the English are not yet drawn upon. Unless the Germans can destroy the French field armies, the investment of Paris will do her little good with a French army still in a solid front in the field. The British contingent steadily growing, with Russia coming many millions strong, and above all with British sea power supreme everywhere, we can lift up our hearts, though we have stern and severe trials, dark days and a long war ahead."

Pope Elected. ROME, To-day. Cardinal Dellicchia has been elected Pope.

Another Nfld. Chaplain

Rev. Anderson Wells, of Cupids, C.B., who has been attached to mission in Winnipeg, leaves for the city as Chaplain to the Winnipeg Regiment in a letter, dated August 29th, to his mother, who is at present in the city, he announces his intention in a whole souled manner. This is Rev. Mr. Wells' second time to enlist in the service of the Empire, as he went to South Africa with the Canadian contingent in 1902 and served with Kitchener. He was then a soldier, but since then he joined the ministry, and has closely followed his sacred calling. He is specially adapted for ministering to men, and the members of the regiment are delighted to hear he is going with them. His many years of military experience will prove invaluable to him at the front. We congratulate Mr. Wells on having such a noble son, whose letter, which we were privileged to see, is an indication of his sterling worth.

Attempted Burglary.

Shortly after last midnight, Sergt. Furlong and Constable O'Flaherty, while passing along Water Street, saw a man go through the archway leading to Marshall Bros. wharf. The officers became suspicious and kept the man shadowed. They waited for a few minutes and then went to investigate, finding the man whom they saw before, climbing up to a window and trying to effect an entrance at the rear of Marshall Bros. store. This would-be burglar was immediately pounced upon by the officers and brought to the police station. Today in court the prisoner was ordered to give two sureties of \$50 each for his future good behaviour or go down for 30 days.

More Fires.

Fires provoke immediate sympathy for the sufferer and also thankfulness for personal escape. Another thought should be whether one is personally and sufficiently protected? An insurance policy with Percie Johnson would provide for you this desired security and at small expense. Have you enough insurance?
