Conciliation May Adjust Difficulties.

Government and Railway Strikers
Negotiating --- Bolsheviks Sur-
rendering Wholesale.

CONCILIATION POSSIBLE.

LONDON, Oct. 1. While delegates of the transport federation were assembling to-day to decide whether 325,000 workers they represented should go out in sympathy with the striking railroad men of Great Britain, government officials report on the situation issued at noon announced a continued improvement in actual conditions. The train service had been bettered a commensurate, more than eight hundred trains having been run yesterday, inclusive of those in operation in sub-way service. Additional railroad men have returned to work, it was declared. Arrangements have been made to replace bus men and tramway men should they strike, the statement announced. It was added that movement of food was proceeding remarkably well. J. H. Thomas, railwaymen's leader, on entering the transport federation meeting said he was still using all his influence to continue the dispute to the original participants. Enormous crowds gathered outside Caxton Hall where the transport conference was being held. Whenever any of the delegates showed themselves they were asked by onlookers how proceedings were going. Most of the delegates to approach expressed opinion that conciliation was possible.

THE STRIKE SITUATION.

LONDON, Oct. 1. Organization of food and transport service by the government resumption of war time rationing has proved most effective and has worked smoothly. The Food Ministry announces that there is a general reserve of flour sufficient for two or three weeks and there is a plentiful supply of bacon and margarine. The government has made an earnest appeal to the people to observe the economy in coal and petrol and to avoid the use of automobiles for pleasure riding. If this appeal does not bring general response, use of private cars will be prohibited and petrol will be sold only on license. Horse racing has been suspended in England and Ireland because of the strike. While the majority of London morning newspapers continue to urge the necessity of the public supporting the government in fighting the strike to a finish and emphasize the cheerfulness with which the country is bearing present inconvenience. The Daily News repeats its urgent ap-

peal that the government seek "the bridge to span the tragically widening gulf." The supreme peril of the future is the facile optimism held by the people regarding present perils. It is stated that the bourgeoisie are rallying around the government. The very support the government is acclaiming is simply opening wider the fissure between the bourgeoisie and artisans, and lessons of what such a fissure may mean is written on the face of Europe in blood, as yet hardly dry."

BOLSHEVIKI SURRENDER.

COPENHAGEN, Oct. 1. The breaking of the Bolshevik lines at Buland by troops of the Finnish General, Dalakovir, is reported in despatch received here from Helsinki. Whole divisions of Bolsheviks are declared to have surrendered.

RATIFICATION DELAYED.

PARIS, Oct. 1. Newspapers here in discussing the probability of an early ratification of the peace treaty by three of the great Powers say that at the very earliest it can hardly come into force before the middle of December. They point out that the delay in ratification encountered in the American Senate and dissolution of the Italian Parliament postpones ratification considerably. The ratification of the treaty by Great Britain is not yet complete as King George has not signed the decree awaiting receipt of Australian note.

WORLD SERIES.

CINCINNATI, Oct. 1. Fair weather prevailed this morning and gave promise that the first world series game between Chicago White Sox and Cincinnati Reds would be played at Red Land Field this afternoon. The forecast in his prediction said he did not think it would rain, at least not enough to interfere with the game. Scitote will pitch for Chicago, Fluther for Cincinnati.

GERMAN ASSEMBLY RE-OPENED.

BERLIN, Oct. 1. The German National Assembly re-opened here to-day and passed an emergency budget through all its stages without debate. The emergency bill included application for a fresh credit of fifteen million marks for execution

of peace treaty and a million and a half marks for the army.

NOTE MADE PUBLIC.

WASHINGTON, Oct. 1. The State Department last night made public the text of the note of the Supreme Council at Paris, calling the German Government to simply immediately withdraw to the order of Marshal Foch requiring evacuation of all German troops now in Baltic Provinces, under the penalty of immediate restoration of German blockade.

ASKING PARLIAMENT SUMMONED.

LONDON, Oct. 1. William Adamson chairman of the Labor party in Parliament and leader of opposition has telegraphed the Prime Minister asking that Parliament should be summoned immediately.

CINCINNATI WINS.

CINCINNATI, Oct. 1. Claude Williams, rated as one of the best left-handers in the American League this season, probably will be manager Kid Gleason's pitching section to stop the batting drive of the Reds in the second game of the world series to-morrow. The game to-day was won by Cincinnati, 9 to 7, over Chicago Whites. "Pat" Moran, leader of the Reds, did not care to make any official announcement concerning his mound choice, it was generally accepted that either Saller or Eller would oppose the White Sox to-morrow.

STRIKES IN NEW YORK.

NEW YORK, Oct. 1. Close upon the heels of the strike of 4000 Atlantic coasting boatmen from Maine to Florida, two strikes involving shipyard mechanics and longshoremen were called to-day in the New York district. Noon time three shipyards in Staten Island and one in Brooklyn were affected and 3000 Brooklyn longshoremen had quit work. Union leaders said the number of striking longshoremen would be increased to 10,000 by nightfall.

MUST CEASE HARASSING HUNGARY.

PARIS, Oct. 1. The situation in Hungary upon which depends the negotiations of a peace with that country is much overshadowed by the Fiume complications, since the Italians are quite patiently unwilling to take any action which might be offensive to Roumania, and a large portion of France is apparently supporting this inaction. As a result, British and American members of the Supreme Council are the only ones insisting that Roumania must cease harassing Hungary so that a new Government be established with which peace can be negotiated.

An Appeal.

Young voters of Newfoundland! The rescue of your country from the clutches of the political desperadoes, now posing as reformers, depends to a large extent upon the way you will cast your vote. Do not give a turn in the wrong direction to the ship of state, but vote altogether in support of the Liberal-Progressive Party.

Obituary.

ROBERT J. CHETWYND.

There went to its eternal reward on Tuesday night, the soul of Robert J. Chetwynd, who in life was one of nature's solitaries. For some time past, the deceased had been suffering from heart trouble, and so acute did the disease become that he decided to enter Hamilton Hospital, North Sydney for special treatment, and only a few weeks ago crossed from Port aux Basques and was admitted to that institution. Medical science and skill, however proved unavailing, though the end came rather sooner than expected. The late Mr. Chetwynd, who was a marine engineer by profession, came to Newfoundland with his brother John P. Chetwynd, then engaged in business at Grand Bruit, district of Burgoe and LaPelle. For years they carried on an extensive lobster packing industry at Current Island, Straits of Belle Isle, which however they abandoned, removing all their plant to Grand Bruit. Since then the putting up of codfish by more modern methods was gone into, with various degrees of success.

The many friends of the deceased will regret his passing, and none more so than the writer, whose acquaintance with him began in the early nineties. A true friend, of a charitable disposition and of sterling qualities. Robert J. Chetwynd will be missed in the many social and business circles which he adorned in life. To his sole surviving brother John P. Chetwynd of Port aux Basques, the Telegram offers sincere condolences.
