Captain Angus Walters' Injured Feelings Resulted In Cancellation of Race

Cremation on Saturday; the Body of Bonar Law will be Buried To-day.—Police Strike in Melbourne Leads to Rioting.—Lloyd George sailed for Home on Saturday.

ANGUS REPENTS TOO LATE.

HALIFAX, Nov. 4. On Saturday evening H. R. Silver, Chairman of the Board of Trustees of the International Fishermen's Trophy race, which two persons were killed and one hundred and fifty injured, on Saturday. Fifty-five persons were arrested during the disorders. The suburban train service has been curtailed. It is the intention to raise five thousand special constables and re-instate any of the striking policemen.

POLICE STRIKE CAUSES TROUBLE IN MELBOURNE.

MELBOURNE, Nov. 4. The Cabinet at a special session today issued an order to all fit men of military age to enroll as special constables in consequence of the rioting growing out of the police strike, during which two persons were killed and one hundred and fifty injured, on Saturday. Fifty-five persons were arrested during the disorders. The suburban train service has been curtailed. It is the intention to raise five thousand special constables and re-instate any of the striking policemen.

BODY OF BONAR LAW CREMATED.

LONDON, Nov. 3. The body of former Premier Andrew Bonar Law, who died on Tuesday was cremated at Golders Green this afternoon. Only those closely connected with the family were present for the service. After cremating the ashes were placed in an urn for burial in Westminster Abbey to-day, Monday.

ALBERTA VOTES ON LIQUOR QUESTION TO-DAY.

EDMONTON, Alta. Nov. 4. Prohibition goes on trial in Alberta to-morrow. For close to seven years the sale of liquor as a beverage has been forbidden in the Province, and during the latter part of the period importation has been against the law. The voters have four options to vote on, namely: (a) continuance and development of existing liquor legislation; (b) sale of beer in licensed hotels and other premises under a bill prepared by the Hotel Men's Association; (c) the sale of beer by or through a Government vendor for consumption on private premises; (d) sale of all liquors through Government vendors on a permit system and limited quantities of beer to be consumed on licensed premises. It is expected one hundred thousand votes will be polled. Only first choices will be counted Monday night, and if the result is close, the result may not be known for some time.

NOT WORRYING OVER CRISIS.

BERLIN, Nov. 4. Neither President Ebert nor Chancellor Stresemann appear to view the

Soldiers Bonus Bill May be Passed by Congress

Washington, Nov. 1. (By Canadian Press.)—Still battling against the soldiers bonus, Secretary of the Treasury Mellon will in all probability be flatly turned down by Congress when it meets in December. Moreover the impression is strong here that President Coolidge will not veto a bonus measure if one is passed by the two houses. Secretary Mellon was the chief Cabinet influence that induced the late President Harding to veto the bonus bill. Now, Secretary Mellon has made it clear that he is still adverse to the bonus unless a method of taxation to raise the required revenue which is satisfactory to him is appended to it.

Congress, according to canvassers, is not in a mood to delay the bonus measure much longer. It is expected to pass it without making provision for taxation. Any tax measure, say the sponsors for the bill, will have to be treated separately. In case of a veto, there are enough votes assured, according to canvassers by the world war veterans, to pass the measure by the required two-thirds vote in both houses and thus enact it into law. Secretary Mellon is expected to advise the President to veto the bill, once Congress passes it. In case President Coolidge disregards Mr. Mellon's advice and signs the bill, the question arises whether Mr. Mellon will see fit to stay in the Cabinet.

MINARD'S LIEUTENANT USED BY VETERANS.

existing parliamentary crisis, precipitated by the Socialists as demanding quick solution, and the information given out at official quarters to-day, was to the effect that the Chancellor and the Rump Cabinet was just now more deeply concerned about remedies required to combat Socialist and Economic complications.

THE HUDSON BAY QUESTION.

WINNIPEG, Nov. 4. Declaring that the question of a Hudson Bay port should be settled once and for all, D. B. Hanna, former President C.N.R., suggested the appointment of a Commission of experts to make a report on the whole problem. He considered a year's examination necessary.

A HINT TO GREECE.

ATHENS, Nov. 3. Newspapers quote British Charge d'Affairs Bentinck as saying that while Great Britain does not wish to interfere in Greek internal affairs, the British Government would view with serious uneasiness any movement aiming to overthrow the dynasty. A despatch from Athens on Oct. 31st, reported that at an important cabinet meeting, it had been agreed that the time was ripe for a change in the form of Government. The Greek newspapers drew from this inference that a Republic was to be proclaimed, but it was semi-officially stated that some thirty leaders who attended the meeting opposed the change, but that all concurred in approving the overthrow of King Constantine.

A ROYAL WEDDING.

LONDON, Nov. 3. Before the ancient altar of the chapel of St. James, Prince Gustav Adolf of Sweden took as his second bride this afternoon, Lady Louise Mountbatten, niece of the reigning British sovereign. No splendour or grandeur marked the proceedings, which were conducted in simple style. Many royal witnesses, ambassadors, and titled aristocrats, were in attendance.

ARMAMORE LANDED SUPPLIES.

CHARLOTTETOWN, Nov. 3. The Canadian Government steamer Armamore, which has been delayed nine days in making her regular trip to the Straits of Bell Isle, on account of the bad weather encountered there, reported yesterday that supplies had been landed at Belle Isle and Cape Bauld.

LOYD GEORGE SAILS FOR HOME.

NEW YORK, Nov. 3. David Lloyd George, former Premier of Great Britain, sailed for home on the Mauretania to-day, after a triumphant tour of Canada and United States cities, with his wife and daughter.

Man's Finger Goes Up as Pinch Hitter, Replacing His Nose

Sydney, N.S., Nov. 1. The successful grafting of a new nose on to the face of a human being has been made possible by the wonders and triumph of modern surgery. It was demonstrated here recently when the operation was performed on Thomas Kilgallen at Sydney hospital. Kilgallen lost his nose through an operation. Surgeons expressed the belief that they could graft a nose to his face, using the middle finger of his left hand for the missing organ. The delicate and painful operation took three weeks. The finger, still attached to Kilgallen's hand, the skin had been prepared to make the grafting possible. His left hand and arm were bandaged so that they could not be moved and in that position Kilgallen remained until the graft was completed, when the finger was severed from the hand. The surgeons said that Kilgallen will be able to breathe through the transplanted finger and will even be able to blow it. They could not guarantee that it would serve as an organ with which Kilgallen could distinguish various odors.

SILVIA SALES.—S.S. Silvia sailed for Halifax and New York at 10.45 Saturday, taking a Frigate freight. The health workers, Miss M. Hall and Mrs. McIntyre were amongst the passengers.

Canada Should Adopt the English Rugby

OTTAWA, Ont. Oct. 23.—Under the caption "International Rugby Prospects," the Ottawa Citizen continues to boost the English style of rugby for adoption in Canada. "There does not seem to be any likelihood of Canada's hold on the world's hockey championship being seriously challenged. Canadian hockey players would be the first to welcome challenges from any other country," says the editorial, which continues: "In the other nations under the British flag, however, young players have no such opportunity for learning the wonderful winter game on the ice as they have in Canada. It is probable that Canada would still hold the championship for lacrosse, too, but for the element of roughness that so detracted from the pleasure of the game that it finally deserted this country of the lead in the truly Canadian outdoor game. Rugby football, as played in Great Britain, is the game that is also played in every other British country excepting Canada. Because Canadian schools have been led to follow the American style of rugby, Canada is unable to participate on an equal footing with Australia, New Zealand or South Africa in the great international years that are made by the rugby football teams with in the league of British nations. It is stated that the New Zealanders intend to tour Great Britain again next year. In the tour they made in 1905 they were beaten only once when Wales furnished an international team that won their game against the New Zealanders. The Springboks of South Africa similarly made a victorious tour of the British Isles. Canada has the men who could win similar renown or Canadian football, but until the Canadian universities and colleges become inspired with the broader vision of playing the game as it is played elsewhere in the British Commonwealth, nobody outside of this country knows that Canada is a football players' country—as a young man's country should be. The Rugby Union game would attract a great following in Canada. Perhaps as the public interest grows in such efforts as are being made in Ottawa, Montreal and other Canadian cities to promote the game, universities like Toronto, McGill and Queens, and the R.M.C. at Kingston, may be inspired to adopt the British game, so that visiting teams from other nations in the Commonwealth, as well as from the Mother Country, would find foemen worthy of their steel in Canada. Before many years Canada promises to be in the first rank among the Association football countries. The youngsters are taking up soccer with enthusiasm. They would go in for the Rugby Union game with just as much enthusiasm, given the opportunity.

A Picture of Mystery and Surprise

IS TO-NIGHT'S FEATURE AT THE CRESCENT.

A mixture of laughs, thrills, suspense, romance and intrigue plus a brilliant characterization by Mildred Harris make "The First Woman," at the Crescent to-night, one of the fastest sure-fire screen hits of the year. A wallowing finish with a surprising twist leaves you almost gasping for breath at the end. Miss Harris appears as a bewitching beautiful star of the New York musical comedy stage. She was ambitious to do more serious work in the theatre, but couldn't get the managers to accept her. The element of mystery—of suspense—is well sustained until the end when one of the biggest surprise conclusions ever flashed on the screen gives a delightful change to the story. Mildred Harris moves brilliantly through a bewildering series of lavish scenes—amid all the glitter and glamor of the show world. Robert Shields sings to-night some of the most popular song successes, and this in itself is a feature worth hearing. The biggest of all Amateur Confessions is being prepared for Friday night, when some attractive features will be exhibited. Names are now being received at the box office.

British Squadron Coming

TO HALIFAX ON THEIR AROUND-THE-WORLD CRUISE ON AUGUST 5—WILL BE HERE FOR 10 DAYS.

London, Oct. 27 (Canadian Press).—The British Admiralty has issued the programme for the forthcoming world cruise in which the battleships Hood and Repulse and a light cruiser division will take part. The squadron will leave Davenport, Nov. 27, and will proceed some times at full strength and some times in divisions around Africa, calling at the principal ports. Thence they will go to Ceylon, Straits Settlements, Australia and Fiji. The light cruisers will arrive at Esquimaux on June 21, and will stay there twelve days, while the battleships will put in an identical period at Vancouver and Victoria. The entire squadron will then go to San Francisco, after which the light cruisers will steam around South America, calling at the chief seaports. In the meantime, the battleships will pass through the Panama Canal and after a visit to Jamaica will arrive at Halifax on August 5, remaining there ten days. A fourteen days' stay will be made at Quebec, beginning August 13, and Nova Scotia or Newfoundland will be visited from September 4 to 17. The battleships will afterwards rejoin the light cruiser division and the squadron will make home ports on September 28.

The beast unleashed!

—Cunning was of no help now to Strout, the village blacksmith, as the blacksmith meant to kill.

Parker & Monroe, Ltd., THE SHOE MEN

Nail in Boy's Brain Removed
 Philadelphia, Oct. 27.—Paul Griminger, eleven, has had a fourpenny nail removed from his brain at Jefferson Hospital here.
 Paul and his uncle, Paul Kraiser, also eleven, were playing with an air rifle when it was discharged accidentally and the nail with which it was loaded penetrated the lad's face below the left eye. Paul was hustled into an automobile and hurried to the hospital.
 It is estimated that there are now enough chances for easy money to keep our jails occupied until 1927.
 One good way to reduce to music is to listen to the musical clink of the trace chains on the plow harness.
