Medill's Cholera Mixture

Is one of the safest and most certain remedies

ever brought before the public. It professes to

be a perfect antidote to that rapidly fatal

class of diseases known as Cholera, Cholera

Infantum, Cramps, &c. It has been known

to arrest the disease when all hope of recovery

seemed to fail, and bring about a speedy re-

covery. It is desirable for every family to

be provided with a bottle, as these come on

without warning, and soon prove fatal if not

checked in time. Medill's Cholera Mixture

does not act with magic effect as above stated,

and prove itself to be the correct treatment

for the above diseases, our agents are author-

ized to cheerfully refund the money, and if as

we are sure it will, prove itself to be an in-

valuable article, we ask you to tell your

friends about it. Crooker's Pile Pills, a certain

cure for piles of any type. For sale by all

first-class Druggists and Dealers in Patent
