Barrie, Ont., Sept. 5.—Today 17 cheese factories offered 1,992 boxes colored, last half of August. Best.offer, 7 1-2c for the board, or 8c for the board and balance of the season. No sales and no contracts.

Kingston, Ont. Sept. 5 .- At the cheese board today 1,400 boxes boarded; 7 3-8c The Hog Market.

It is estimated that the receipts of hogs in Chicago the balance of the season will fall short of last year 10 or 12 per cent. Exports continue in excess of last year. The domestic demand is fair and not aggressive. Senti-ment continues bearish, with stocks large enough to enthuse the short sellers, especially so with the corn crop centinually in view. The small pig supply and large decline in prices may yet cause buyers to reap handsome gains. Packing from March 1 to July 29, 6,055,000 hogs, against 6,755,000 last season.—Clapp & Co., New York.

Peter Brandburg, a golden-haired, intelligent Dane of about 22 years, was in the Police Court this morning charged with hiring a horse and rig from Ald. Dreaney and endeavoring to dispose of them at auction. As told by the witnesses, Peter went to the livery yesterday morning, hired the outfit on the pretense that he was going to Dorchester, and drove off. He went east on Dundas street a short distance, turned around, and proceeded to the Walsh Hotel stables, where he put the horse up. Peter wanted to sell horse, rig, harness and all for \$40, but as the hostler did not have the necessary wherewithal he couldn't buy. Brand-burg said he would come back in an hour, and if a sale was made he intended to take the money and go to the States. However, when Peter re-turned he was received by Detective Nickle and taken to police headquar-

To the contrary, however, Mrs. Miller said that neither her nor any of the other neighbors could move about without being called all kind of names by Wilkes. Mrs. Wilkes, she claimed, was in too flithy condition to come to court. The children were fairly eaten up with vermin, and although complaint had been made to the city nothing was done. "I haven't opened my head to that man for over one month," concluded Mrs. Miller, "and I want him bound over to keep the peace. Wilkes and defendant were both bound over in \$50 for one year. Then Mrs. Scott told the story of the assault to the effect that Scott came to her house on Wednesday night and hit her on the right eye, while Mary Johnston struck her with an umbrella. Scott had left her three years ago and had married Mary shortly afterwards. "And after the assault he grabbed Mary in his arms, saying, 'Come to me, my dear."

GOVERNMENT SUBSIDIES. Another matter discussed was the advisibility of the Quebec labor organ Travall, receiving a Government sub-sidy. It was held to be contrary to labor principles, and would end in catering to the Government who subsidized it. In view of this no subsidy will be asked for or accepted, although many of the members favored printing Government advertisements where the Government would get a just return for the money, which was the people's, and should be expended just as much on labor papers as on party papers. The Grand Trunk President Dined on Steamer-Pleasant Things Said.

Sarnia, Sept. 6.—The civic deputation from this town met Sir Charles Rivers-Wilson, president of the G. T. R., and party on board the steamer United Empire at noon yesterday, and at the outset Mayor Proctor read a very complimentary address to the distinguished visitor, who replied gratefully; Mr. Lister, M.P., briefly alluded to the position in which the subject of concentrat ing the company's car works at Point Edward was left by the late president, and for Sir Charles' information presented him with a written memorandum of the action taken by the town and the Point to comply with

the late president's proposals. Sir Charles said when the time arrived for dealing with the question he would deal with it as would best serve the Grand Trunk's interest, having regard also for the

claims of Sarnia and Point Edward. The party then adjourned to the spacious cabin of the United Empire and there par took of an elegant luncheon provided by Mr. James H. Beatty. Toasts followed and

many pleasant things were said. The visitors were charmed with the trip up and the scenery along the river banks. The party disembarked at Point Edward about 2:45 p.m. delighted with their recep tion at Sarnia. The president's train then proceeded to

the tunnel, after inspecting which they went to Port Huron, and from there to Battle Creek, en route to Chicago.

The Canadian team is the same that defeated the Americans the beginning of the week, except that Darcy Martin, of Hamilton, takes the place of Gillespie; Bristowe, of Ottawa, also being added. Both teams play twelve men each. Hemingway, one of the Englishmen's best batters, has not arrived yet, though he is expected today. Canadians are confident of success. They won the toss and elected to defend the wickets. There is a large attendance.

BASEBALL. W. A. Reid, manager of the Alerts Baseball Club, London, was in the city yesterday. He wanted a guarantee of \$40 to bring his team here, and the game will be played on Sept. 16 or 17. The Browns will probably play the Alerts at London on Thursday, Sept. 12.-St. Thomas Times.

CONSERVATIVE-P. P. A. ALLIANCE

Why the Election of Hon. Wm. Harty Was Protested.

The Kingston Freeman says that the protest against the Hon. Wm. Harty, commissioner of Public Works for Ontario, is the outcome of a threat made by the P. P. A. brigade of Kingston, whereby they subscribed part of the petition money, handed it over to the Conservative executive committee and demanded that the remainder of the funds be put up by the association; if not, the P. P. A.s would cry quits with the local Conservatives." It asserts that some members of the Conservative committee resisted, but that they were overruled, and the result was a surrender to a party which is endeavoring to drive Mr. Harty out of public life simply because he is a Roman Catholic. Mr. Harty's majority in the bye-election was about 800.

AN ALARMING INCREASE.

The Prevalence of Female Complaints Found to Result Largely From the Kidneys.

Saginaw, Mich., Sept. 2.-Doctors are heginning to turn their attention more exclusively to the causes for the great increase of what are known as female complaints during the past ten years, and to remedies for the same. Many cases have been investigated, and among others that of Mrs. Reany, of Ashland, Wis., who was cured of this form of trouble by the use of a kidney medicine known as Dodd's Kidney Pills, which originated in Canada, but has now become widely known and used throughout the Western States. This and other similar cases go to show that these troubles are largely due to the kidneys, and that the above mentioned remedy is likely to have a great effect in lessening the number of victims to this form of complaint.
