dell. Sutherland and Leitch.

The annual choir concert of the Hyatt Avenue Methodist Church on Monday evening was pleasing and successful to a marked degree. The first part consisted of a miscellaneous proby Mr. Chris Pink, W. A. McCutcheon, and Miss Georgia Newbury. A male quartette of members of the choir, Messrs. Patterson, Tutt, Moyer and Baker, rendered "Excelsior" in a very creditable manner.

Much interest was manifested in the antata "Ruth," which was then preented by leader, N. Burleigh Adams, and his excellent choir. The princpal parts were taken by Mrs. R. H. Chowen, Miss Laura Phoenix, Miss Viola Williams, and Mr. J. Howard Moyer, all of whom took their parts

The chorus work was splendid, the sing number, "Rejoice, for Blessings ound Us Fall," being the best. The members of the choir and their iends were afterwards treated to an aviting supper by the Ladies' Aid Soety. Speeches, embodying many comliments to Mr. Adams and his exellent singers, followed. GROWING BEETS FOR BIG AMERICAN FIRM

Production Around Blackwell Will Be Worth Thousands This Season.

SARNIA BRANCH OFFICE, 209 Front Street.
Office hours, 9 a.m. to 9:30 a.m., 8:30

[Special to The Advertiser.] Sarnia, April 15 .- Many more thousnd dollars' worth of beets than have been grown in the last two years will be planted by the Michigan Sugar Comptny in the vicinity of Blackwell. This concern, which is one of, if not the largest sugar beet industry in the States, has acreage all over the Wolverine state, and some time ago skilled experts in their employ decided that land around Blackwell throughout that section was excellentadapted to the growth of beets. ince then the company has steadily een increasing its holdings in that erritory, with satisfactory results. Most of the beets are raised on a contract basis similar to that of the canning companies. An agreement is made with the farmer to turn so many of his acres into beets, seed furnished free, and also contract labor to take care of the plants from the time they sprout till they are shipped away. Estimators of acreage for the con cern have been in Sarnia and Blackwell for the last two weeks, making contracts for the year. One of these men stated to The Advertiser that this year's production would be far in excess of the proceeding seasons. The beets when pulled are shipped back to the States by way of the tunnel, where they are transferred to the

The addition to the Northern Navigation Company's freight sheds at Point Edward, on which work was started some time ago, is nearly completed, and the new extension will very likely be ready for use by the time the boats of the line start running. steady increase in the line's freight traffic created an absolute ne

essity for larger quarters. The little ferry running between Point Edward and North Port Huron was forced to discontinue service yes-terday owing to the strong north wind sweeping down the lake. Cessation of service by the little vessel causes the Canadians employed in the Grand Trunk shops in the north section of the American city no small inconvenience, as they are forced to come down town and cross on the large ferries, and then take a car to the Point.
