If the candle is in good health and is burning well, it can be detected readily in a large room without the aid of a searchlight.

Candles are decorative and romantic and are also useful in some forms of relicious worship, but only a hopeless be knumber would attempt to illuminate anything with them. When a modern citizen is left in his cozy home with only a dozen candles between him and the velvet night, he feels his way to the telephone and tells the electric light company that unless it repairs its circuit in ten minutes he will file suit for damages.

This is interesting, because at one time in history folks used candles as a luxury. The rich mand stuck candles around his home and puffed out his chest about it, while the poor man lighted a pine knot and longed for the time when he, too, could indulge in "Shining in the gloom like a misplaced candles, forks, soap and other marvels

9517 .- A Simple Effective Model.

Women realize the importance of having a house dress that is adapted to its purpose. This one is simple in design and confortable, a model that is practical and that will prove desirable and suitable. The waist may be developed with centre front, plain clesing, or with the extension as illustrated. The skirt has the new back panel effect and closes at the centre front. This practical feature will appeal to every homeworker and laundress, as it renders the ironing of the Gress easy. The sleeves may be made in elbow length or in wrist length. Galatea, seersucker, gingham, percale, chambrey and lawn are suitable for this design. The pattern is cut in sizes: 32, 34, 36, 38, 40, 42 and inches bust measure. It requires six yards of 36-inch material for the 36inch size.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.
