

SHIP'S OFFICERS HELD
ON MURDER COUNT

San Francisco, Nov. 3.—Warrants charging murder on the high seas were issued today in the United States district court against Capt. D. O. Killman of the American schooner Henry K. Hall, and his mate, Fred Hansen. Six members of the crew, including the cook, were charged with the murder of a British sailor on the schooner. The case was heard by Judge J. H. McLaughlin, who ordered the arrest of the crew members. The schooner was found off the coast of California, and the British sailor was found floating in the water. The case is being handled by the U.S. district attorney, J. H. McLaughlin.

WOMEN'S AILMENTS
Come From the Heart and Nerves.

Young girls budding into womanhood who suffer with pains and headaches, and whose face is pale and blood watery, will find Milburn's Heart and Nerve Pills build them up. Women, between the ages of 40 and 50, who are nervous, subject to hot flashes, feeling of pins and needles, smothering feeling, shortness of breath, palpitation of the heart, etc., are told that this trying time of their life by the use of this remedy.

Milburn's Heart and Nerve Pills have a wonderful effect on a woman's system, making pains and aches vanish, bringing color to the pale cheek and sparkle to the eye. The old, worn out, tired, languid feeling, gives place to strength and vitality, and life again seems like living.

Peeling the Skin Is
Better Than Bleaching

Ever since the discovery that mercurized wax would absorb and remove a discolored complexion, its use by ladies as a substitute for bleaching creams has grown rapidly. A perfect complexion can be maintained indefinitely if this remarkable substance is used. Its beneficial cleansing, clearing and preservative action is quickly apparent. Ladies who have been paying high prices for "special bleaches" from beauty specialists, soon recognize that mercurized wax out-ranks them all. It has become so popular that it can be obtained at all drug stores, who have it in original one-ounce packages. The favorite way of using it is to apply it like cream, before retiring, washing it off in the morning. The saloote lotion for wrinkles and the facial contour has also been extremely popular. One ounce powdered saloote is dissolved in one-half pint witch hazel. Evening cream has a splendid effect in erasing wrinkles and improving contour.—Advt.

WOMEN'S VOTES A FACTOR

Socialist and "Dry" Nominees
Also End Strenuous Campaign.

[Canadian Press.] New York, Nov. 4.—Candidates for the United States presidency and prominent campaign orators in general will make their last spoken appeal to the voters today. Some time around midnight, when the last cheer has died away, the last red fire has burned out, and the last parader has gone home, the national campaign will be virtually over. Charles E. Hughes ended his political travels yesterday, but the last day of his campaign is one of the hardest. He makes five speeches here this afternoon, and will deliver his final address at a rally in Madison Square Garden, which will close the greatest Republican rally of the campaign in New York City.

Wilson Winding Up. President Wilson, at Long Branch, N. J., will make his last speech before an audience from his home state. Every Democratic county organization in New Jersey will send delegations to Shadow Lawn, the president's summer residence.

Both candidates will spend the two days that intervene before election quietly, the president at Shadow Lawn and Mr. Hughes at the hotel, where he will receive the campaign headquarters since he left Washington. They will receive the returns at these places. "The Candidate." J. Frank Hamilton, prohibition presidential candidate, will reach his home in Indianapolis tonight after a final day of speech-making through Indiana. Since September 6, Mr. Hamilton has traveled nearly 20,000 miles, through thirty-four states. The Socialist candidate, Allan L. Benson, who has made campaign speeches in almost every part of the country, is today in Kansas City, Mo. Mr. Hughes, Republican candidate, holds the record for campaign journeys. When he reached New York yesterday, he had made four distinct trips which, since August, have carried him through thirty-three states, and a distance of about 28,000 miles. None of the present trips were as long as those of his rival, and most of them were made to some specific point for the purpose of delivering one principal address.

President Wilson's campaign has had the assistance of his cabinet ministers and of Vice-President Marshall, while Mr. Hughes enjoyed the unique distinction of having speeches made for him by two former occupants of the White House, William H. Taft and Theodore Roosevelt. Col. Roosevelt made his last speech here last night.

Women Vote a Factor

The increase in the number of states where women may vote for president this year has given women a greater part in this campaign than ever before. The most extensive campaign trip ever undertaken by feminine political workers ended here last night when a

London Paper Says Suggestion
of British Members
Is Inopportune.

[Canadian Press.] London, Nov. 4.—The Times, under the heading, "An Inopportune Suggestion," comments editorially upon a letter from two members of parliament which proposes "an immediate movement toward the object dear to all humane, civilized mankind."

"It is the very object for which we and our Allies have borne, and are ready still to bear, all sacrifices," says the Times. "The Allied peoples intend not merely that right shall be vindicated by the triumph of force, but that the triumph of right shall be abiding. They know that nothing but complete victory can assure this result and, therefore, they are resolved that the victory shall be overwhelming and indisputable."

WANT LEAGUE OF NATIONS.

"The members inform us that their society has been in existence for eighteen months and has been considering the difficult and complex question of constituting a league of nations. It has a right to be heard at definite times for the solution of the great problem of permanent peace. The members of the league are to be the United States, France, Great Britain, Italy, Japan, and the United States. The project is an enlargement and adaptation of the American league to force upon the world writers who use that it is warmly supported by President Wilson, and that he has gone so far as to express the belief that the United States would renounce their traditional isolation by joining the proposed league."

The writers of the letter seek support from a certain passage of Vice-President Grey's recent speech. They seem to misunderstand what Viscount Grey said. He expressly scouted the notion that while in the throes of this deadly grapple we can be expected to have time for developing ideas as to what can be done after victory has been secured. He welcomed the idea of that kind in neutral countries, but a movement here of such kind as this letter advocates would be certain to be misunderstood. "The Times" is a handful of irresponsible persons who would leave the Prussians free to renege on their promises. The liberties of nations at their own moment. Any manner of movement in the Allied countries which was aimed at the United States would be a betrayal of the kind that would be used to encourage this battle.

TO EVAPORATE TURNIPS
FOR USE AT THE FRONT

Wingham Man Will Transfer From Apple Business.

Wingham, Nov. 3.—F. T. T. is buying all the turnips he can get in this section and shipping them as far south as Alabama. Wilford of Wingham was in town Thursday, and he is figuring on starting his evaporator at Wingham, but instead of drying apples as in the past, his idea is to evaporate turnips, for which, he claims, there is a great demand from the soldiers at the front. H. Horney, who has been in the West for the last month, returned home this week. While in the West he had charge of a threshing outfit, but on account of the snow threshing had to stop.

The party was followed by the grand standard bearer, representing the London Life, Dr. Santo, Lieut. Zeigler and others. Dr. Zeigler was especially pleased with the Belmont mansion. Mr. Belmont responded to the toast, "The Empire." Masonry should be and was a force in the British Empire.

RHEUMATISM IN THE
BLOODIt Can Only Be Cured by Thoroughly
Enriching the Blood
Supply.

Not so long ago rheumatism was looked upon as a pain in the muscles or joints brought on by exposure to dampness or bad weather. Now doctors know that it is rooted in the blood, and while exposure may start the pain, nothing but the removal of the poisonous acid from the blood will cure the trouble. It is a waste of both time and money to try to cure rheumatism with liniments, poultices or anything that only goes skin deep. Rubbing lotions into the skin may give temporary relief, but it actually helps to circulate the poisonous acid more freely and thus in the end increases the trouble, and perhaps leaves the sufferer permanently crippled. The one cure, the only cure, for rheumatism is to drive the acid which causes the trouble out of the blood. To do this no other remedy can equal Dr. Williams' Pink Pills, which actually make new blood, sweep out the poisonous acid, loosen the stiffened, aching joints, and restore good health and comfort. Here is the proof. Mr. Joseph Crouse, of Nineveh, N. S., says: "For several years I was severely afflicted with rheumatism. The trouble seemed to locate in all the joints in my body, and my suffering at times was most intense, and the disease greatly interfered with my activity. I doctored steadily for a long time, but the trouble was obstinate and did not yield in the least to the doctors' treatment. One day a friend told me of the discovery of rheumatism by the use of Dr. Williams' Pink Pills, and strongly advised me to try them. I did so and to my great surprise eight boxes completely cured me of the trouble, and as ever I had been in my life. Better still, I have never felt a symptom of the trouble since."

You can cure these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

"DEATH TO AMERICANS,"
WAR CRY OF VILLA

[Canadian Press.] El Paso, Texas, Nov. 4.—"Death to Americans" was the cry of the Villa bandits who charged down from the foothills of Laguna upon the Mexican Central passenger train Monday night, Dr. S. Haffner, the German physician who was a passenger on this loaded train, declared when he arrived here last night from Chihuahua City.

Dr. Haffner was told by one of the Villa chiefs in command of the bandits that Villa troops had practiced medicine in Chihuahua City many years, recognizing some of the bandits as former patients and called them by name after he had established his identity as a German subject. "If an surgeon I would have been killed had I not been recognized as the German doctor who had lived in Chihuahua City so long," he added. "The bandits came through the train crying, 'Death to Americans!' and using the vilest oaths in reference to the 'gringos.'"

Appliance Cured Their Ruptures, Sound and Well. Sent on Trial to Prove It.

From the battle front in Europe comes a letter written by Private John Carter, whose home address is No. 3 Shaw Street, London, England, telling of his cure of rupture from wearing the Brooks Appliance.

April 18th, 1915.
C. E. Brooks.
Dear Sir:
I received your letter this morning. I beg to thank you for your Appliance, which was instrumental in the way it cured me of my rupture. I have now been in the trenches for seven months, and I have never felt anything, and not the slightest trouble. I remember the doctor he said I could not get another. I do not wear it now. I am in the best condition, and I have never felt anything, and I give my consent to use my letter as a testimony to anyone, as I have been cured. Hoping you and your firm much success.

Yours truly,
John Carter.

Cranworth, Ont.
Dear Mr. Brooks—I am pleased to write you and let you know what your Appliance has done for me. I think I am all right now, as I have not felt the first sign of it since last fall. I can now run, jump and lift all I like, and I don't make \$100 for it if I could not get another. I do not wear it now. I am in the best condition, and I have never felt anything, and I give my consent to use my letter as a testimony to anyone, as I have been cured. Hoping you and your firm much success.

Yours truly,
GEO. KENNEDY.
