After a lengthy conference with Presi-dent Wilson, of the Health Department, and President Harter, of the Department St. Petersburg Sept 15 There of Charities and Correction, on the outbreak of cholera in New York, Mayor Grant gave out the following: -

"To the Public:-

"Mayor's Office, Sent. 15th, 1892. "The dreaded cholera has appeared in this city, and the Hea th Departm int has so far shown its ability to arrest the disease promptly.

"The Health Department and the Defully equipped to arrest and care for fact that cholera victims are daily taken to every case, and stamp it out of the immedia'e locality in which it is discovered." The proclamation goes on to say that reception hospitals with doctors and nurses sonal precautions. As a result the epidemic Federal and State authorities have estab- no account is given. lished quarantine stations for those coming from abroad; that the Chamber of Commerce is taking active measures to lend assistarce; that no energy or needed expendi- from the Collector at New York contain- ing. ture will be wanting, and that exces ing a positive assurance by the agents of sive fear on the part of the public the Atlantic 35. lines that their companies ronto Exhibition, and it was one of the is not jusified. The mayor calls for will not hereafter, until the cholera epiconfidence in all these provisions to care demic abates, bring to this country any for the public weal. The record of the other but cabin passengers. past in stamping typhus and other infectious discusses, the proclamation reads, should justify faith in the ability of the health department to master the monster cholera that has come from foreign lands. Cholera, it says, is neither infectious nor contagious within the common meaning

every emergency, and with the confidence of the public and their aid in enforcing sanitary regulations the cholers will be mastered, health restored, peace, good order and happiness maintained."

The Ameer of Afghanistan has post-poned his attack on the rebellious Hazara morning caused the destruction of George tribesmen, owing to the fact that his Meyers' carriage factory, in the rear of 225 troops have become demoralized by an outbreak of cholera among them.

THE DOMINION ALERT.

Hon. Jno. Carling stated that the Dominion Government proposed issuing immediately a proclamation extending the quarantine regulations applicable to unorganized maritime ports to all inland ports.

Conditions of affairs on vessels in lower quarantine, New York harbor, is generally favorable, but Dr. Byron reports there are four cases of intestinal trouble on the
