HOW MANY REALIZE  
THE MARVELLOUS  
VALUE OF FRUIT

## IN CURING MANY DISEASES?

Wonderful Success of "Fruit-a-lives"  
—The Famous Fruit Medicine

Fruit juice consists of about 97% water, 8% of sweet matter, and only 1% of an intensely bitter substance. Careful experiments show that it is this bitter principle, which is the active or medicinal material of fruit juice.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine—

"Fruit-a-lives"—known in every part of Canada for their wonderful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and Skin. "Fruit-a-lives" is the only medicine in the world made of fruit juices. 50c a box, 6 for \$2.50 or trial size, 25c.

ST. JOHN WOMAN  
THROWN FROM  
THIRD STORYShocking Act of a Husband  
Crazed With Drink.

St. John, Sept. 18.—With her jaw dislocated, one rib broken and her arm broken, Mrs. Kenneth Kerr was picked up Saturday night on St. Patrick street in the yard where her husband had thrown her from a third story window. The man was crazed with drink and after the woman had been taken to the hospital the police returned and placed him under arrest; his screams alarming the neighborhood.

The body of Patrick O'Neill, of Restigouche Co., who escaped from the insane asylum and jumped from the suspension bridge into the river on June 25th last, was recovered today.

## Where Mary And Her Little

## Lamb Went To School.

"Mary Had a Little Lamb" is as familiar to school children as their A B C's, but not many of them know that it is a "really, truly" story.

It all happened in Massachusetts many years ago. Mary Sawyer lived in a pretty little house in Sterling. Her father owned a number of sheep, and when one of them died, leaving a dear little lamb motherless, Mary carried it into the house, gave it milk and made a little bed in a box by the fire for it. The lamb grew day by day and before long showed its devotion to Mary by trotting after her wherever she went. But the story of its faithfulness did not reach the world until it followed her to school one day. "No wonder the sight of a snow white lamb within the halls of learning," made the children laugh and play.

It was not long after that a friend of the teacher, who had been told the story, wrote a poem which soon known throughout the entire country, and has ever since been a favorite with the children.

Mary's care of the lamb was amply repaid. Many years later, when she was a grown woman, happily married, and a member of the Old South Church of Boston, Mary unravelled a stocking made from the wool of that lamb, wound bits of it on cards and sold each of them for twenty-five cents. The money she made in this way she gave to the fund which saved the Old South Church from being razed to the ground. Designer for January.

THE FINAL WORD ON CHAT  
HAM'S GIRLS.

There are two kinds of girls in Chatham, the girl who works and the girl who plays. Commend us to the former. Work lends dignity to a pretty girl, is an added charm to her. The girl who works, God bless her, combines the useful and ornamental. She might gad about, loiter on sofas, gossip and read story books, but she prefers to be of some account in the world, and goes out as stenographer, teacher, saleswoman or housekeeper, bravely making her own way. Such are the salt of the earth and of such is the kingdom of heaven.—World.

THE FUTURE OF THE  
INTERNATIONAL R. R.

The International Railway is practically finished and will be in full operation in a few weeks. A few weeks ago a report gained circulation that the Canadian Pacific had consummated a deal for the purchase of the road. Your correspondent investigated the report at St. John, but the General Superintendent, Mr. Wm. Downie, said he had not been advised in the matter. Mr. Downie thought the purchase was "extremely doubtful." Recently, the report has gained a wider circulation, but there is no substantiation of it. It is stated the International would be glad to acquire the new line. Deputy Minister Campbell favors the course. It is believed there will be some interesting developments.

## NEVIN—McRAE

A very quiet wedding took place at Knox Presbyterian Church, Montreal, on Tuesday, Sept. 20th, when Miss Sadie McRae of this town was united in marriage to Mr. Thomas Nevin, Manager at Montreal for Messrs. Burroughs, Wellcome & Co. The bride was attired in a travelling suit of blue broadcloth, with hat to match. She was unattended. After the ceremony the happy couple left for New York and other American cities. The popularity of the couple was evidenced by the handsome array of wedding presents, among which was a beautiful cabinet of silver from the Montreal employees of the Burroughs, Wellcome & Co. Mr. and Mrs. Nevin will reside in Montreal and the Graphic joins with Campbellton friends in wishing them much happiness.
