We do not ask you to encourage home industry—we ask you to see the quality of goods we manufacture and get our quotations. Goods manufactured by us are considered High Grade in the leading cities of Canada. Foreign woods imported direct from the south.

We solicit out-of-town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

**HOSPITAL SHIP FUND NOW GROWING**  
Collectors in Town Meet With Good Response From Many of Citizens

Last Monday evening a meeting of the Women's Institute was held at the home of the president, Mrs. A. A. Andrew, and arrangements concluded for the taking up of subscriptions. The town was divided up into districts and the following collectors were appointed to solicit funds for the Canadian Hospital Ship:—  
Mrs. M. P. Moores,  
Mrs. E. A. Legault,  
Mrs. Jasper Davidson,  
Mrs. Albert A. Andrew,  
Miss Ida Cameron,  
Miss Margaret Gallagher,  
Miss Joudry,  
Miss Lydia Duncan,  
Miss Mary E. Graham,  
Miss Muriel Hennessy.

The collectors report that a hearty response has been made to their appeals, although the final amount will not be known until Friday evening or Saturday. A full list of the contributors will be published later. Many of our towns people wondered why the collection had not been taken up before, one lady calling at the home of the president of the Women's Society and expressing her appreciation of the object, said she would send her subscription, which came later and amounted to \$5.00.

For out of town contributors the Graphic will receive subscriptions and acknowledge amounts to the Ladies' Aid Society. These amounts must be in not later than Saturday morning.

The manager of the Bank of Commerce has offered to transmit the amount of the fund free to Toronto, and this as well as other matters will be taken up by the Institute at its next meeting.

## GERMANS CLAIM NAMUR FORTS HAVE FALLEN

Despatches From Belgium Deny This and State Forts Are Still Holding Out and That Allies Have Repulsed the Enemy.

### RUSSIA FOR BERLIN IN THREE WEEKS

(Special to the Graphic)  
Paris, Aug. 27th.—An official statement has been issued by the war office here which says:—

In the engagements with the enemy in the north the Franco-British lines have been moved back a short distance, and in a general way our offensive movement against the German army between Nancy and the Vosges Mountains is making good headway.

The right wing of the allied army has been obliged to fall back slightly in the region of St. Die.

The allies in their present strongly entrenched position will act as an anvil to the Muscovite hammer. This means that the position held by the French and British will aid considerably the attack by the massive columns of the Russian army which is swiftly moving across Germany from the East.

Tokio, Aug. 24.—Japan is directing three squadrons against the German province of Kiau-Chau and the German warships in Eastern waters.

Vice-Admiral Tomassuburo Kato, was today appointed commander-in-chief of the first squadron, which will carry out the main offensive movement against Germany.

The latest news from Namur is that the forts are still holding out, and from the plan of campaign now waged by Germany, it would appear that the whole strength of the army will be thrown against the allied forces at a point near the south of Luxembourg, and may abandon Prussia for a time.

(Special to the Graphic).  
It is officially announced that the Belgian operations have been successful in relieving the pressure on the French positions. The Belgian army has stopped the advance of the Fourth German Division.

It is officially claimed that the forts at Namur are still holding out.

London, Aug. 27th.—In a despatch from Ostend received here this morning, it is stated that the Germans have occupied the towns of Lille, Soutoix and Valenciennes all in France. This is denied by the Belgian authorities.

Berlin, Aug. 27th.—A wireless despatch given out here states that all the forts at Namur have fallen and the town of Longwy, near the Luxembourg border has been captured. The despatch further states that after a resolute defence the French forces which attacked the German

army commanded by the Crown Prince were repulsed.

St. Petersburg, Aug. 27th.—The total force of the Russian army now in the field is four army corps of two million men each, a total of 8,000,000 men under arms. The campaign pursued by the Russian army has for its objective an attack on Berlin in three weeks time.

Nish, Aug. 24.—The war office announces that Austria has abandoned her aggressive campaign against Serbia, following a series of Russian Serbian victories all along the Drina River. The office issued the following list of captures by the Serbian army, which has conclusively routed the Austrians: Prisoners including officers of high rank, 1,500; field guns, 53; field howitzers, 8; caissons, 114. In addition it is stated that large quantities of field equipment and ammunition fell into the hands of the victors.

The war office also added that the Serbians are pursuing the defeated Austrians from Yoder and Shahatz, and announced the capture of Loznitz and Leignitz.

Tokio, Aug. 24.—Japan is directing three squadrons against the German province of Kiau-Chau and the German warships in Eastern waters.

Vice-Admiral Tomassuburo Kato, was today appointed commander-in-chief of the first squadron, which will carry out the main offensive movement against Germany.

Unanimous approval of the war, which is calmly and dispassionately discussed, summarizes public opinion. The newspapers express regret over the necessity of hostilities with Germany and urge the public to refrain from exhibiting resentment towards the Germans in Japan.

London, Aug. 24.—No news of Japanese or German military operations in the Far East have reached London since the declaration of war upon Germany. According to the Japanese embassy here, those looking for the occupation of Kiau-Shau almost simultaneously with the issue of the Japanese declaration of war will be disappointed. The view is expressed at the embassy that in order to avoid needless loss of life the operations against Kiau-Chau will be more prolonged than otherwise would be the case.

WAR WILL BE LONG AND HARD, THINK FRENCH  
Paris, Aug. 21.—Discussing the possible length of the war, the Temps says that it may be taken for granted that Germany will fight to the bitter end. It quotes Mr. Finchon, former minister of foreign affairs, who said: "The war will be long on land and will involve enormous losses, with victories and reverses. France will be the final victor."

The Temps also quotes General Von Bernhardi, the German military writer, who concedes success to the side which can hold out the longest.

The following expression of opinion by General Langlois is given: "The war will be long. Victory belongs to the most tenacious."

## MATEURS HAVE A GOOD SHOW AT ATHOL

Crowded House Last Monday Night Greets the Staging of "A Soldier's Sweetheart"

Last Monday evening the Opera House at Athol was crowded with an enthusiastic audience, who gave a great reception to the Athol Amateur Dramatic Club, in their presentation of the four act comedy drama, "A Soldier's Sweetheart". Long before the rise of the curtain, the house was jammed full, hundreds having to be turned away. The play which was brimful of comedy and interest, was well sustained in all the parts, the full cast being:—

Victor Belmont, S. Daley  
Joseph Sprackling, R. D. Young  
Benjamin Lovell, H. A. Daley  
Teddy O'Malley, J. Lahey  
Thomas Blake, A. Keely  
Elsie Lovell, Mrs. L. Savage  
Kate Tyson, Miss Maud Harkan  
Matilda Dobbin, Miss Onor Boulet

ACT I.—Party in Lovell's House. Teddy with his trombone defies them all.

ACT II.—Garden in front of Lovell's home. "Yes I will go, but some day I shall return and prove that man a thief and a scoundrel."

ACT III.—Parlor. "You have parted our lives, you cannot part our love." An elapse of five years between 3rd and 4th act.

ACT IV.—Parlor. "In the words of the immortal Patrick Henry. Give me liberty or give me—The Baby." All the principals did well in their parts headed by the one and only Jimmy Lahey, who kept the house in a roar all the time he was on the stage.

In the specialties between the acts, the singing and violin selections by Master Merlin, son of Chatham were well received. Homer Gaudry gave an exhibition of step-dancing, and James Lahey in songs and jokes was a whole team in himself.

The receipts of the evening were in the vicinity of \$250 which amount will go towards the building of a new Presbytery at Athol.

## RAILWAY FATALITY ON INTERCOLONIAL

On Monday morning the news of the death of Miss J. J. Ratvay, Conductor, was received in town here with feelings of horror. The deceased who had been employed on the International road for a number of years, was waiting for her own train to back up, and was standing at a switch supposedly watching the Express pull out. He failed to notice the approach of his own train, which was slowly backing up, and was struck by a car, throwing him across the track, the wheels of the car passing over him and inflicting terrible injuries. He was picked up dead and removed to the undertaker's rooms for burial. The funeral will be held this afternoon.

The deceased young man was highly respected by a large circle of friends and leaves a young widow and two small children to mourn his untimely death.

## AFFECT OF WAR

Canadian newspapers are today approaching a crisis which must be met with courage by the publishers and forbearance by patrons.

For some time the expenses incident to the publishing business have been increasing at a rapid rate. Wages are higher, paper and other supplies cost more, but the papers have not yet advanced their subscription price.

At the present time the price of newspapers as a result of the war, is steadily increasing so that drastic measures will soon be necessary.

In England many of the leading journals have reduced the size of their papers and on this continent many will follow that lead.

During the present European war the Graphic has made arrangements to provide a daily telegraphic service, which adds greatly to our expenses, but we do so that our townspeople may have accurate reports of matters in which all are vitally interested.

Can we afford to continue this service?

This is the question, and its answer is with our citizens. We only ask that our subscribers who are in arrears, pay their subscriptions at once.

The date on the yellow label on your paper is that to which your subscription is paid.

We hope for a generous response to this reasonable request.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its function properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your entire system doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

The man arose and gave his seat to a girl.

"Oh, thank you most kindly sir," she replied.

"Don't mind her being polite," explained a sad-faced woman. "I'm taking her to a sanitarium."

THE CITADEL, NAMUR

The above view shows the citadel at Namur, which bulks largely in the public eye at present. Various rumors are flying around that this town and forts have fallen, but no official news of this kind has been received.

Namur is one of the important strategic towns and unless it interferes with the Allies plan of campaign, will be held at all costs.
